Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Schad, **House Amendment No. 1** was adopted.

Representative Leara offered **House Amendment No. 2**.

*House Amendment No. 2*

AMEND House Committee Substitute for Senate Bill No. 284, Page 1, Section A, Line 3, by inserting after all of said line the following:

"66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group A shall include all portions of any city of the fourth classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.** For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group B shall not include any portion of any city of the fourth classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.**

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to

the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From and after January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) For purposes of administering the distribution formula of subsection 4 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for

annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

6. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

7. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of

this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof.

The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630."; and

Further amend said title, enacting clause and intersectional references accordingly.

**“338.098. 1. All prescription drug orders communicated by way of electronic transmission shall:**

**(1) Allow for the physician to review the patient's current medication list and medication history information as well as view all the medications available to the physician for the patient's condition;**

**(2) Have the ability to electronically adjudicate prior authorization and step therapy protocols. An electronic prior authorization process for allowing approval of an exception to the plan formulary or other restriction shall be available, so long as adjudication occurs within forty-eight hours from the time the prescription drug order is received; and**

**(3) Minimize interference between physician and patient through a neutral and open platform, except that information about the availability of a generic drug may be communicated. A generic drug is identical or bioequivalent to a brand name drug in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use.**

**2. Nothing in this section shall preclude the use of paper prescriptions.**

**3. The board of pharmacy shall promulgate rules regarding such an electronic prior authorization process and to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in**

section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

Further amend said bill, Page 13, Section 338.330, Line 38, by inserting after all of said section and line the following:

**“376.388. 1. A pharmacy benefit manager shall not:**

- (1) Automatically enroll or passively enroll a pharmacy in a contract or modify an existing contract without affirmation from the pharmacy or pharmacist;**
- (2) Require that a pharmacy or pharmacist participate in one pharmacy benefit manager contract in order to participate in another contract; or**
- (3) Discriminate between in-network pharmacies or pharmacists on the basis of copayments or days of supply unless such pharmacy declines to fill such prescriptions at the price allowed to other in-network pharmacies for such prescription.**

**2. When an insured presents a prescription to a pharmacy in the pharmacy benefit manager's network, the pharmacy benefit manager shall not reassign such prescription to be filled by any other pharmacy. When the pharmacy benefit manager contacts the prescribing health care practitioner to affirm or modify the original prescription, the affirmed or modified prescription shall be filled at the in-network pharmacy of the patient's choice to which the insured presented the original prescription.**

**376.1460. 1. As used in sections 376.1460 to 376.1464, the following terms shall mean:**

- (1) "Health carrier", the same meaning as such term is defined in section 376.1350, except when such health care services are provided, delivered, arranged for, paid for, or reimbursed by the department of social services or the department of mental health;**
- (2) "Pharmacy benefit manager" or "PBM", a person or entity other than a pharmacy or pharmacist acting as an administrator in connection with pharmacy benefits;**
- (3) "Switch communication", a communication to a patient or the patient's physician from a health carrier or PBM that recommends a patient's medication be switched by the original prescribing practitioner to a different medication than the medication originally prescribed by the prescribing practitioner. A switch communication shall:**
  - (a) Clearly identify the originally prescribed medication and the medication to which it has been proposed that the patient should be switched;**
  - (b) Explain any financial incentives that may be provided to, or have been offered to, the prescribing practitioner by the health carrier or PBM that could result in the switch to the different medication;**
  - (c) Explain any clinical effects that the proposed medication may have on the patient which are different than those of the originally prescribed medication;**
  - (d) Advise the patient of the right to discuss the proposed change in treatment before such a switch takes place, including a discussion with the patient's prescribing practitioner;**
  - (e) Explain any cost sharing changes for which the patient is responsible; and**
  - (f) Clearly identify the net change in cost to the health insurance payer, including employers, which will result from the use of the proposed medication in lieu of the originally prescribed medication.**

**2. Any time a patient's medication is recommended to be switched to a medication other than that originally prescribed by the prescribing practitioner, the following communication shall be sent:**

- (1) A switch communication to the patient and the patient's physician; and**
- (2) Information to the plan sponsor or health carrier using a PBM regarding the recommended medication and the cost, shown in currency form, of the originally prescribed medication. Such communication shall include notice of medication switches among plan participants, including any financial incentive the health carrier or PBM may be using to encourage or induce the switch. Information contained in the notification shall be in the aggregate and shall not contain any personally identifiable information.**

The provisions of this subsection shall not apply to any substitution made under subsection 2 of section 338.056, unless such substitute results in a higher cost to the patient or health insurance payer.

3. All health carriers and pharmacy benefit managers shall submit the format and language for any switch communication that shall be sent to a patient under this section to the department of insurance, financial institutions and professional registration for approval. The department shall examine the format and language of the switch communication to ensure it meets the criteria for a switch communication as described in this section. The department shall have sixty days to review and issue a statement to the health carrier or PBM regarding compliance with this section. If the department finds noncompliance with this section, the department shall cite specific reasons for such decision.

4. The department shall also promulgate rules governing switch communications. Such rules shall include, but not be limited to, the following:

(1) Procedures for verifying the accuracy of any switch communications from health carriers and pharmacy benefit managers to ensure that such switch communications are truthful, accurate, and not misleading based on cost to the patient and plan sponsor, the product package labeling, medical compendia recognized by the MO HealthNet program for the drug utilization review program, and peer-reviewed medical literature; and

(2) Except for a substitution due to the Food and Drug Administration's withdrawal of a drug for prescription, a requirement that all switch communications bear a prominent notification on the first page clearly indicating the switch communication is not a product safety notice.

5. (1) A PBM owes a fiduciary duty to a covered entity and shall discharge that duty in accordance with the provisions of state and federal law.

(2) A PBM shall perform its duties with care, skill, prudence, and diligence and in accordance with the standards of conduct applicable to a fiduciary in an enterprise of like character and with like aims.

(3) A PBM shall notify the covered entity in writing of any activity, policy, or practice of the PBM that directly or indirectly presents any conflict of interest with the duties imposed by this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

376.1462. 1. Issuing or delivering or causing to be issued or delivered a switch communication that has not been approved and is not in compliance with the requirements of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

2. Providing a misrepresentation or false statement in a switch communication under section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

3. Any other material violation of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

376.1464. 1. When medications for the treatment of any medical condition are restricted for use by a health carrier or PBM by a step therapy or fail first protocol, a prescriber shall have access to a clear and convenient process to request an override for such restriction from the PBM or health carrier. An override of such restriction shall be expeditiously granted by the health carrier or PBM when the prescriber can demonstrate:

(1) Based on sound clinical evidence, that the preferred treatment required under the step therapy or fail first protocol has been ineffective in the treatment of the covered person's disease or medical condition; or

(2) Based on sound clinical evidence or medical and scientific evidence, that the preferred treatment required under the step therapy or fail first protocol:

(a) Is likely to be ineffective based on the known relevant physical or mental characteristics of the covered person and known characteristics of the drug regimen; or

(b) Will likely cause an adverse reaction or other harm to the covered person.

2. The duration of any step therapy or fail first protocol shall not be longer than a period of fourteen days when such treatment is deemed clinically ineffective by the prescribing physician. However, when the health carrier or PBM can show, through sound clinical evidence, the originally prescribed medication is likely to require more than two weeks to provide any relief or amelioration to the patient the step therapy or fail first protocol may be extended up to seven additional days.

3. Nothing in this section shall require the PBM or health carrier to grant an exception to the step therapy or fail first protocol if the prescriber fails to meet the requirements in subsection 1 of this section.

**4. Nothing in this section shall be construed as requiring coverage for any condition which is specifically excluded by the insurance policy or contract and not otherwise covered by law.**

**376.1466. In order to expedite and provide a more efficient and cost effective process for the preauthorization and step therapy process, every pharmacy benefit manager and health carrier requiring preauthorization or step therapy for a specific medication shall provide a website with a list of the medications which require preauthorization and the process required to comply with the pharmacy benefit manager's or health carrier's policies.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-NINTH DAY, TUESDAY, MAY 10, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*The eternal God is thy refuge, and underneath are the everlasting arms. (Deuteronomy 33:27)*

O God, Who is the refuge and strength of all who put their trust in You, grant us a real measure of Your Holy Spirit as we lift our hearts to You in prayer this morning. You are the Father of all people, and we are Your children. Help us to love You as children ought to love their parents. Help us to love one another as we ought to love one another in all sincerity and truth. In this free land may we learn to live together in peace and good will.

Bless Missouri with Your continued presence, and may our state be Your servant for freedom, and breathe Your peace into our hearts. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Baylee Watts, Hannah Danielle Klippenstein, Mikalah Ann Klippenstein, Addie Von Drehle, Catherine Brooks, Meg Thoma and Laini Reynolds.

The Journal of the sixty-eighth day was approved as printed.

A nonexempt state employee who works on a designated state holiday shall be granted equal compensatory time off duty or shall receive, at his or her choice, the employee's straight time hourly rate in cash payment. A nonexempt state employee shall be paid in cash for overtime unless the employee requests compensatory time off at the applicable overtime rate. As used in this section, the term "state employee" means any person who is employed by the state and earns a salary or wage in a position normally requiring the actual performance by him or her of duties on behalf of the state, but shall not include any employee who is exempt under the provisions of the Fair Labor Standards Act or any employee of the general assembly.

3. Beginning on January 1, 2006, and annually thereafter each department shall pay all nonexempt state employees in full for any overtime hours accrued during the previous calendar year which have not already been paid or used in the form of compensatory leave time. All nonexempt state employees shall have the option of retaining up to a total of eighty compensatory time hours **at any time during the year**.

4. The provisions of subsection 2 of this section shall only apply to nonexempt state employees who are otherwise eligible for compensatory time under the Fair Labor Standards Act, excluding employees of the general assembly. Any nonexempt state employee requesting cash payment for overtime worked shall notify such employee's department in writing of such decision and state the number of hours, no less than twenty, for which payment is desired. The department shall pay the employee within the calendar month following the month in which a valid request is made. Nothing in this section shall be construed as creating a new compensatory benefit for state employees.

5. Each department shall, by November first of each year, notify the commissioner of administration, the house budget committee chair, and the senate appropriations committee chair of the amount of overtime paid in the previous fiscal year and an estimate of overtime to be paid in the current fiscal year. The fiscal year estimate for overtime pay to be paid by each department shall be designated as a separate line item in the appropriations bill for that department. The provisions of this subsection shall become effective July 1, 2005.

6. Each state department shall report quarterly to the house of representatives budget committee chair, the senate appropriations committee chair, and the commissioner of administration the cumulative number of accrued overtime hours for department employees, the dollar equivalent of such overtime hours, the number of authorized full-time equivalent positions and vacant positions, the amount of funds for any vacant positions which will be used to pay overtime compensation for employees with full-time equivalent positions, and the current balance in the department's personal service fund.

7. This section is applicable to overtime earned under the Fair Labor Standards Act. This section is applicable to employees who are employed in nonexempt positions providing direct client care or custody in facilities operating on a twenty-four-hour seven-day-a-week basis in the department of corrections, the department of mental health, the division of youth services of the department of social services, and the veterans commission of the department of public safety."; and

#### *House Amendment No. 3*

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 202, Page 2, Section 130.028, Line 48, by inserting after all of said line the following:

"429.010. 1. Any person who shall do or perform any work or labor upon land, rent any machinery or equipment, or use any rental machinery or equipment, or furnish any material, fixtures, engine, boiler or machinery for any building, erection or improvements upon land, or for repairing, grading, excavating, or filling of the same, or furnish and plant trees, shrubs, bushes or other plants or provides any type of landscaping goods or services or who installs outdoor irrigation systems under or by virtue of any contract with the owner or proprietor thereof, or his or her agent, trustee, contractor or subcontractor, or without a contract if ordered by a city, town, village or county having a charter form of government to abate the conditions that caused a structure on that property to be deemed a dangerous building under local ordinances pursuant to section 67.410, upon complying with the provisions of sections 429.010 to 429.340, shall have for his or her work or labor done, machinery or equipment rented or materials, fixtures, engine, boiler, machinery, trees, shrubs, bushes or other plants furnished, or any type of landscaping goods or services provided, a lien upon such building, erection or improvements, and upon the land belonging to such owner or proprietor on which the same are situated, to the extent of three acres; or if such building, erection or improvements be upon any lot of land in any town, city or village, or if such building, erection or improvements be for manufacturing, industrial or commercial purposes and not within any city, town or village, then such lien shall be upon such building, erection or improvements, and the lot, tract or parcel of land upon which the same are situated, and not limited to the extent of three acres, to secure the payment of such work or labor done, machinery or equipment rented, or materials, fixtures, engine, boiler, machinery, trees, shrubs, bushes or other plants or any type of landscaping goods or services furnished, or outdoor irrigation systems installed; except that if such building, erection or improvements be not within the limits of any city, town or village, then such lien shall be also upon the land to the extent necessary to provide a roadway for ingress to and egress from the lot, tract or parcel of land upon which such building, erection or improvements are situated, not to exceed forty feet in width, to the nearest public road or highway. Such lien shall be enforceable only against the property of the original purchaser of such plants unless the lien is filed against the property prior to the conveyance of such property to a third person. For claims involving the rental of machinery or equipment to others who use the rental machinery or equipment, the lien shall be for the reasonable rental value of the machinery or equipment during the period of actual use and any periods of nonuse taken into account in the rental contract, while the machinery or equipment is on the property in question.

2. There shall be no lien involving the rental of machinery or equipment unless:

- (1) The improvements are made on commercial property;
- (2) The amount of the claim exceeds five thousand dollars; and

(3) The party claiming the lien provides written notice within five business days of the commencement of the use of the rental machinery or equipment to the property owner that rental machinery or equipment is being used upon their property. Such notice shall identify the name of the entity that rented the machinery or equipment, the machinery or equipment being rented, and the rental rate. Nothing contained in this subsection shall apply to persons who use rented machinery or equipment in performing the work or labor described in subsection 1 of this section.

**3. (1) No lien shall be permitted on behalf of a collective bargaining unit fringe benefit fund with respect to all employee benefits, dues, and fringe costs arising out of the performance of work by a subcontractor or a lower tier subcontractor unless:**

**(a) a. The subcontractor or lower tier subcontractor is delinquent, which means being at least thirty days late, in making timely payments of employee benefits, dues, or fringe costs to the fund.**

**b. If the fund has actual knowledge that the delinquency relates to work performed on a particular project, the fund shall advise the original contractor for the project in question in writing of the fact of such delinquency, identifying the subcontractor or lower tier subcontractor at issue and an approximation of the amount of the obligation at issue within fifteen days after the subcontractor or lower tier subcontractor at issue becomes delinquent in payment.**

**c. If the fund does not have the actual knowledge described in subparagraph b. of this paragraph at a time that will permit it to comply with the timing requirements of subparagraph b. of this paragraph, the fund shall provide the written notice required by subparagraph b. of this paragraph within ten days after the fund acquires such actual knowledge.**

**d. An original contractor or subcontractor may make a request in writing for a written confirmation from the fund confirming that for a specific subcontractor or any of its specifically identified lower tier subcontractors with respect to a specifically identified project, all employee benefits, dues, and fringe costs arising out of the performance of the work on such project by the subcontractor and all of its lower tier subcontractors otherwise due to the fund have been paid. Such written requests shall be deemed effective if sent by certified mail, return receipt requested. The fund shall respond in writing by certified mail, return receipt requested, to such a request for confirmation within ten days of the fund's receipt of the request; and**

**(b) The fund has timely and accurately responded to any request for confirmation made under the terms of paragraph (a) of this subdivision.**

**(2) The obligations of this subsection shall apply with equal force and effect to like claims by a fund under a payment bond issued by an original contractor on a construction project, regardless of whether such construction project is a private project or a public works project."; and**

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SEVENTIETH DAY, WEDNESDAY, MAY 11, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*These things have I spoken unto you, that my joy may remain in you and that your joy might be full. (John 15:11)*

O God, Whose light never fades, Whose love never fails, and Whose life never dies - as we open the windows of our hearts to You in prayer this morning, may we be filled with the glory of Your presence, with the greatness of Your spirit, and with the grandeur of Your grace.

Grant unto us the royalty of an inward happiness and the serenity of mind which comes from living close to You. Daily renew in us the sense of joy and let Your eternal spirit dwell in our minds and bodies, filling every corner of our hearts with light and grace, so that we may be diffusers of life and may meet all ills and accidents with happiness giving You thanks always for all things. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-ninth day was approved as printed.

**379.1505. 1.** No vendor shall sell or solicit portable electronics insurance coverage in this state unless such vendor has obtained a portable electronics insurance license.

**2.** A vendor applying for a portable electronics insurance license shall make application to the director on the prescribed form as required. On the prescribed form, the vendor shall be required to provide the name for an employee or officer of the vendor that is designated by the vendor as the person responsible for the vendor's compliance with the requirements of this section and such designated responsible person shall not be required to hold an insurance producer license. Such license shall authorize an employee or authorized representative of a vendor to sell or offer coverage under a policy of portable electronics insurance to a customer at each location at which the vendor engages in a portable electronics transaction.

**3.** Any vendor licensed under sections 379.1500 to 379.1550 shall pay an initial license fee to the director in an amount prescribed by the director by rule, but not to exceed one thousand dollars, and shall pay a renewal fee in an amount prescribed by the director by rule, but not to exceed five hundred dollars. License fees shall be deposited in the insurance dedicated fund.

**4.** Notwithstanding any provision of sections 375.012 to 375.018, a portable electronics insurance license, if not renewed by the director by its expiration date, shall terminate on its expiration date and shall not after such date authorize its holder to sell or solicit any portable electronics insurance under sections 379.1500 to 379.1550.

**379.1510. 1.** A vendor shall have the obligation to ensure that every location that is authorized to sell, solicit, or negotiate portable electronics insurance to customers shall have specific brochures and actual policies or certificates of coverage available to prospective customers which:

- (1) Disclose that portable electronics insurance may provide a duplication of coverage already provided by a customer's homeowner's, renter's, or other source of coverage, and that the portable electronics insurance coverage is primary over any other collateral coverage;
- (2) State that the enrollment by the customer in a portable electronics insurance program is not required in order to purchase or lease portable electronics or services;
- (3) Summarize the material terms of the insurance coverage, including:
  - (a) The identity of the insurer;
  - (b) The identity of the supervising business entity;
  - (c) The amount of any applicable deductible and how it is to be paid;
  - (d) Benefits of the coverage; and
  - (e) Key terms and conditions of coverage, such as whether portable electronics may be repaired or replaced with similar make and model reconditioned or nonoriginal manufacturer parts or equipment;
- (4) Summarize the process for filing a claim, including any requirement to return portable electronics and the maximum fee applicable in the event the customer fails to comply with any equipment return requirements; and
- (5) State that the customer may cancel enrollment for coverage under a portable electronics insurance policy at any time and receive a refund of any unearned premium on a pro rata basis.

2. Eligibility and underwriting standards for customers electing to enroll in coverage shall be established for each portable electronics insurance program. Each insurer shall maintain all eligibility and underwriting records for a period of five years. Portable electronics insurance issued under sections 379.1500 to 379.1550 shall be deemed primary coverage over any other collateral coverage.

3. Insurers offering portable electronics insurance coverage through vendors shall appoint a supervising business entity to supervise the administration of the program. The supervising business entity shall be responsible for the development of a training program for employees and authorized representatives of a vendor, and shall include basic instruction about the portable electronics insurance offered to customers and the disclosures required under this section.

4. Insurers and applicable supervising business entities offering portable electronics insurance shall share all complaint, grievance, or inquiries regarding any conduct that is specific to a vendor and that may not comply with applicable state laws and regulations.

5. A supervising business entity shall maintain a registry of vendor locations which are authorized to sell or solicit portable electronics insurance coverage in this state. Upon request by the director and with ten days' notice to the supervising business entity, the registry shall be open to inspection and examination by the director during regular business hours of the supervising business entity.

6. Within thirty days of a supervising business entity terminating a vendor location's appointment to sell or solicit portable electronics insurance, the supervising business entity shall update the registry with the effective date of termination. If a supervising business entity has possession of information relating to any cause for discipline under section 375.141, the supervising business entity shall notify the director of such information in writing. The privileges and immunities applicable to insurers under section 375.022 shall apply to supervising business entities for any information reported under this subsection.

7. The supervising business entity shall not charge a fee for adding or removing a vendor location from the registry.

8. No employee or authorized representative of a vendor shall advertise, represent, or otherwise hold himself or herself out as an insurance producer, unless such employee or authorized representative is otherwise licensed as an insurance producer.

9. The training required in subsection 3 of this section shall be delivered to all employees and authorized representatives of the vendors who are directly engaged in the activity of selling portable electronics insurance in this state. The training may be provided in electronic form. However, if conducted in an electronic form, the supervising business entity shall implement a supplemental education program regarding the portable electronics insurance product that is conducted and overseen by licensed employees of the supervising business entity.

10. The charges for portable electronics insurance coverage may be billed and collected by the vendor. Any charge to the customer that is not included in the cost associated with the purchase or lease of portable electronics or related services shall be separately itemized on the customer's bill. If the portable electronics insurance is included in the purchase or lease of portable electronics or related services, the vendor shall clearly and conspicuously disclose to the customer that the portable electronics insurance coverage is included with the portable electronics or related services. Vendors billing and collecting such charges shall not be required to maintain such funds in a segregated account, provided that the insurer authorized the vendor to hold such funds in an alternative manner and remits such amounts to the supervising business entity within forty-five days of receipt. All funds received by a vendor from a customer for the sale of portable electronics insurance shall be considered funds held in trust by the vendor in a fiduciary capacity for the benefit of the insurer. Vendors shall maintain all records related to the purchase of portable electronics insurance for a period of three years from the date of purchase.

379.1515. Persons licensed as vendors shall be subject to the provisions of sections 375.012 to 375.014, 375.018, 375.031, 375.046, 375.051, 375.052, 375.071, 375.106, 375.116, 375.141, and 375.144 of the insurance producers act.

379.1520. 1. The director may suspend, revoke, refuse to issue, or refuse to issue any license or renew any license required by the provisions of sections 379.1500 to 379.1550 for any reason listed in section 375.141 or for any one or more of the following causes:

- (1) Use of any advertisement or solicitation that is false, misleading, or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;
- (2) Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud, deception, or misrepresentation;

(3) Violation of any professional trust or confidence.

2. The director may impose other penalties that the director deems necessary and reasonable to carry out the purposes of sections 379.1500 to 379.1550, including:

(1) Suspending the privilege of transacting portable electronics insurance under sections 379.1500 to 379.1550 at specific locations where violations have occurred; and

(2) Suspending or revoking the ability of individual employees or authorized representatives to act under the license.

379.1525. Vendors shall be subject to the investigation and examination provisions of section 374.190.

379.1530. Premiums received by a vendor or supervising business entity shall be deemed received by the insurer. Insurers may require consumers to provide proof of purchase.

379.1535. If the director determines that a person has engaged, is engaging in, or has taken a substantial step toward engaging in an act, practice, or course of business constituting a violation of sections 379.1500 to 379.1550 or rule adopted or order issued thereunder, or that a person has materially aided or is materially aiding an act, practice, omission, or course of business constituting a violation of sections 379.1500 to 379.1550, or a rule adopted or order issued thereunder, the director may:

(1) Issue such administrative orders as authorized under section 374.046; or

(2) Maintain a civil action for relief authorized under section 374.048.

A violation of sections 379.1500 to 379.1550 or rule adopted or order issued thereunder is a level two violation under section 374.049.

379.1540. The license of a supervising business entity may be suspended, revoked, renewal refused, or an application refused if the director finds that a violation by a portable electronics insurance vendor was known or should have been known by the supervising business entity and the violation was neither reported to the director nor correction action taken. A violation of this section is a level three violation under section 374.049.

379.1545. Notwithstanding any other provision of law:

(1) An insurer may terminate or otherwise change the terms and conditions of a policy of portable electronics insurance only upon providing the policyholder and enrolled customers with at least thirty days' notice;

(2) If the insurer changes the terms and conditions of a policy of portable electronics insurance, the insurer shall provide the vendor and any policyholders with a revised policy or endorsement and each enrolled customer with a revised certificate, endorsement, updated brochure, or other evidence indicating a change in the terms and conditions has occurred and a summary of material changes;

(3) Notwithstanding subdivision (1) of this section, an insurer may terminate an enrolled customer's enrollment under a portable electronics insurance policy upon fifteen days' notice for discovery of fraud or material misrepresentation in obtaining coverage or in the presentation of a claim thereunder;

(4) Notwithstanding subdivision (1) of this section, an insurer may immediately terminate an enrolled customer's enrollment under a portable electronics insurance policy:

(a) For nonpayment of premium;

(b) If the enrolled customer ceases to have an active service with the vendor of portable electronics; or

(c) If an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the customer within thirty calendar days after exhaustion of the limit. However, if the notice is not timely sent, enrollment and coverage shall continue notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer;

(5) Where a portable electronics insurance policy is terminated by a policyholder, the policyholder shall mail or deliver written notice to each enrolled customer advising the customer of the termination of the policy and the effective date of termination. The written notice shall be mailed or delivered to the customer at least thirty days prior to the termination;

Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Upon proof of disposition of charges and payment of fine and court costs, if applicable, and payment of the reinstatement fee as set forth in section 302.304, the director shall return the license and remove the suspension from the individual's driving record. [The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue.]

3. **The governing body of each fourth class city or village with over one hundred thousand dollars in traffic revenues in the previous year in this state shall cause to be prepared an annual report of the fines and court costs collected for cited moving violations whether finally adjudicated as a moving or nonmoving violation occurring on state highways, along with the entity's annual general operating revenue for the year, in such summary form as the state courts administrator's office shall prescribe by rule. In the event the fines and court costs exceed thirty-five percent of the entity's general revenue for the year, the entity shall include with the annual report payment of the excess revenues to the director of the department of revenue. [Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.]

4. **The department of revenue may promulgate rules necessary to implement the provisions of this section. date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

5. In the event a city, town, or village fails to comply with subsections 2 and 3 of this section, such entity shall be subject to a civil penalty in an amount of ten percent of excess revenues required to be submitted that were not submitted, with such penalty to be distributed to the local schools where the moving violation occurred.”; and

(2) Establish one-way streets and provide for the regulation of vehicles thereon;

(3) Require vehicles to stop before crossing certain designated streets and boulevards;

Any actions by a court in this state to enjoin the use of a public street or highway in violation of this section and any damages awarded or imposed by a court, or assessed by a jury, against an individual or business entity for public or private nuisance in violation of this section shall be null and void.**

### Representative Klippenstein offered **House Amendment No. 3.**

#### *House Amendment No. 3*

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 162, Page 16, Section 144.070, Line 80, by inserting after all of said section and line the following:

**“262.815. 1. This section shall be known and may be cited as the "Missouri Farmland Trust Act". The purpose of this section is to allow individuals and entities to donate, gift, or otherwise convey farmland to the state department of agriculture for the purpose of preserving the land as farmland and to further provide beginning farmers with an opportunity to farm by allowing long-term low and variable cost leases, thereby making it affordable for the next generation of farmers to continue to produce food, fiber, and fuel.**

**2. There is hereby created the "Missouri Farmland Trust" which shall be implemented in a manner to accomplish the following objectives:**

- (1) Protect and preserve Missouri's farmland;**
- (2) Link new generations of prospective farmers with present farmers; and**
- (3) Promote best practices in environmental, livestock, and land stewardship.**

**3. (1) There is hereby created within the department of agriculture the "Missouri Farmland Trust Advisory Board" which shall be comprised of five members appointed by the director of the department of agriculture. Members shall serve without compensation but, subject to appropriations, may be reimbursed for actual and necessary expenses.**

**(2) The board shall make recommendations to the director on the appropriate uses of farmland in the trust, criteria to be used to select applicants for the program, and review and make recommendations regarding applications to lease farmland in the trust.**

**(3) Members shall serve five-year terms, with each term beginning July first and ending June thirtieth; except that, of the members initially appointed two shall be appointed for a term of three years, two shall be appointed for a term of four years, and one shall be appointed for a term of five years. Each member shall serve until his or her successor is appointed. Any vacancies occurring prior to the expiration of a term shall be filled by appointment for the remainder of such term. No member shall serve more than two consecutive terms.**

**4. The department of agriculture is authorized to accept or acquire by purchase, lease, donation, or agreement any agricultural lands, easements, real and personal property, or rights in lands, easements, or real and personal property, including but not limited to buildings, structures, improvements, equipment, or facilities subject to preservation and improvement. Such lands shall be properties of the Missouri farmland trust for purposes of this section and shall be governed by the provisions of this section and rules promulgated thereunder.**

**5. (1) There is hereby created in the state treasury the "Missouri Farmland Trust Fund", which shall consist of all gifts, bequests, donations, transfers, and moneys appropriated by the general assembly under this**

section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Upon appropriation, money in the fund shall be used for the administration of this section and may be used to make payments to counties for the value of land as payment in lieu of real and personal property taxes for privately owned land acquired after the effective date of this section in such amounts as determined by the department; except that, the amount determined shall not be less than the real property tax paid at the time of acquisition. The department of agriculture may require applicants who are awarded leases to pay the property taxes owed under this section for such property.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The department of agriculture is authorized to accept all moneys, appropriations, gifts, bequests, donations, or other contributions of moneys or other real or personal property to be expended or used for any of the purposes of this section. The department may improve, maintain, operate, and regulate any such lands, easements, or real or personal property to promote agriculture and the general welfare using moneys in the fund. Property acquired by the department under this section shall be used for agricultural purposes. The director shall establish by rule guidelines for leasing farmland to the trust to beginning farmers for a period not to exceed twenty years. All property acquired by the department under this section shall be farmed and maintained using the best environmental, conservation, and stewardship practices as outlined by the department. The department may charge an administrative fee for lease application processing under this section.

7. The department, in consultation with the Missouri farmland advisory board, shall promulgate rules to implement the provisions of this section, including but not limited to requirements for lessees, selection process for granting leases, and the terms of the lease, including requirements for applicants, renewal process, requirements for the maintenance of real and personal property by the lessee, and conditions for the termination of leases.

8. Any person or entity donating land to or leasing land from the department shall forever release the state of Missouri, the Missouri department of agriculture, the department's director, officers, employees, volunteers, agents, contractors, servants, heirs, successors, assigns, persons, firms, corporations, representatives, and other entities who are or who will be acting in concert or privity with or on behalf of the state from any and all actions, claims, or demands that he or she, family members, heirs, successors, assigns, agents, servants, employees, distributees, guardians, next-of-kin, spouse, and legal representatives now have or may have in the future for any injury, death, property damage related to:

(1) Participation in such activities;

(2) The negligence, intentional acts, or other acts, whether directly connected to such activities or not, and however caused; and

(3) The condition of the premises where such activities occur.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“60.510. The functions, duties and responsibilities of the department of [natural resources] **agriculture** shall be as follows:

(1) To restore, maintain, and preserve the land survey monuments, section corners, and quarter section corners established by the United States public land survey within Missouri, together with all pertinent field notes, plats and documents; and also to restore, establish, maintain, and preserve other boundary markers considered by the department of [natural resources] **agriculture** to be of importance, or otherwise established by law;

(2) To design and cause to be placed at established public land survey corner sites, where practical, substantial monuments permanently indicating, with words and figures, the exact location involved, but if such monuments cannot be placed at the exact corner point, then witness corners of similar design shall be placed as near by as possible, with words and figures indicating the bearing and distance to the true corner;

(3) To establish, maintain, and provide safe storage facilities for a comprehensive system of recordation of information respecting all monuments established by the United States public land survey within this state, and such records as may be pertinent to the department of [natural resources] **agricultures'** establishment or maintenance of other land corners, Missouri state coordinate system stations and accessories, and monuments in general;

(4) To extend throughout this state a triangulation and leveling net of precision, whereby the Missouri state coordinate system, as established by section 60.400, may be made to cover to the necessary extent those areas of the state which do not now have enough geodetic control stations to permit the general use of the system by land surveyors and others;

(5) To collect and preserve information obtained from surveys made by those authorized to establish land monuments or land boundaries, and to assist in the proper recording of the same by the duly constituted county officials, or otherwise;

(6) To furnish, upon reasonable request and tender of the required fees therefor, certified copies of records created or maintained by the department of [natural resources] **agriculture** which, when certified by the state land surveyor or a designated assistant, shall be admissible in evidence in any court in this state, as the original record;

(7) To prescribe, and disseminate to those engaged in the business of land surveying, advisory regulations designed to assist in uniform and professional surveying methods and standards in this state; and

(8) To select and appoint a state land surveyor, who shall be the chief administrative officer of the [authority] **land survey program**, and who shall hold office at the pleasure of the [authority] **director of the department of agriculture**.

60.530. The state land surveyor shall, under guidance of the department of [natural resources] **agriculture**, carry out the routine functions and duties of the department of [natural resources] **agriculture**, as prescribed in sections [60.500] **60.510** to 60.610. He shall, whenever practical, cause all land surveys, except geodetic surveys, to be executed, under his direction by the registered county surveyor or a local registered land surveyor when no registered county surveyor exists. He shall perform such other work and acts as shall, in the judgment of the department of [natural resources] **agriculture**, be necessary and proper to carry out the objectives of sections [60.500] **60.510** to 60.610 and, within the limits of appropriations made therefor and subject to the approval of the department of [natural resources] **agriculture**, employ and fix the compensation of such additional employees as may be necessary to carry out the provisions of sections [60.500] **60.510** to 60.610.

60.540. The department of [natural resources] **agriculture** may acquire, in the name of the state of Missouri, lands or interests therein, where necessary, to establish permanent control stations; and may lease or purchase or acquire by negotiation or condemnation, where necessary, land for the establishment of an office of the department of [natural resources] **agriculture**. If condemnation is necessary, the attorney general shall bring the suit in the name of the state in the same manner as authorized by law for the acquisition of lands by the state transportation department.

60.550. The custody and ownership of the original United States public land survey corners and accessories, including all restoration and replacements thereof and all accessories, belonging to the state of Missouri is hereby transferred to the department of [natural resources] **agriculture**. The department of [natural resources] **agriculture** shall see that the markers are maintained, and the alteration, removal, disfiguration or destruction of any of the corners or accessories, without specific permission of the department of [natural resources] **agriculture**, is an act of destruction

of state property and is a misdemeanor. Any person convicted thereof shall be punished as provided by law. Each of the several prosecuting attorneys is specifically directed to prosecute for the violation of this section for any act of destruction which occurs in his **or her** county.

60.560. Upon request, the state attorney general shall advise the department of [natural resources] **agriculture** or the state land surveyor with respect to any legal matter, and shall represent the department of [natural resources] **agriculture or state land surveyor** in any proceeding in any court of the state in which the [authority] **department or state land surveyor** shall be a party.

60.580. The state land surveyor or any and all employees of the department of [natural resources] **agriculture** have the right to enter upon private property for the purpose of making surveys, or for searching for, locating, relocating, or remonumenting land monuments, leveling stations, or section corners. Should any of these persons necessarily damage property of the owner in making the surveys or searches or remonumentations, the department of [natural resources] **agriculture** may make reasonable payment for the damage from funds available for that purpose. However, department of [natural resources] **agriculture** employees are personally liable for any damage caused by their wantonness, willfulness, or negligence. All department of [natural resources] **agriculture** employees are immune from arrest for trespass in performing their legal duties as stated in sections [60.500] **60.510** to 60.610.

60.590. 1. This service shall be free of cost when possible; otherwise, it shall be at actual cost of reproduction of the records. On the same basis of cost, the department of [natural resources] **agriculture** shall furnish records within its custody to other agencies or departments of state, county or city, certifying them.

2. The department of [natural resources] **agriculture** may produce, reproduce and sell maps, plats, reports, studies, and records, and shall fix the charge therefor. All income received shall be promptly deposited in the state treasury to the credit of the department of [natural resources document] **agriculture revolving** services fund.

60.595. 1. The "Department of [Natural Resources] **Agriculture Revolving Services Fund**" is hereby created. All funds received by the department of [natural resources] **agriculture** from the delivery of services and the sale or resale of maps, plats, reports, studies, records and other publications and documents by the department shall be credited to the fund. The director of the department shall administer the fund. The state treasurer is the custodian of the fund and [shall] **may** approve disbursements from the fund requested by the director of the department. When appropriated, moneys in the fund shall be used to purchase goods or services that will ultimately be used to reprint maps, publications or other documents requested by governmental agencies or members of the general public; to publish the maps, publications or other documents or to purchase maps, publications or other documents for resale; and to pay shipping charges, laboratory services, core library fees, workshops, conferences, interdivisional cooperative agreements, but for no other purpose.

2. An unencumbered balance in the fund at the end of the fiscal year not exceeding one million dollars is exempt from the provisions of section 33.080 relating to the transfer of unexpended balances to the general revenue fund.

3. The department of [natural resources] **agriculture** shall report all income to and expenditures from such fund on a quarterly basis to the house budget committee and the senate appropriations committee.

60.600. Every employee of the department of [natural resources] **agriculture** who is engaged in work required by law to be done by a registered land surveyor [will] **shall** be so registered. No employee of the department of [natural resources] **agriculture** shall engage in private land surveying or consultation while employed by the department of [natural resources] **agriculture**.

60.610. Whenever the department of [natural resources] **agriculture** deems it expedient, and when funds appropriated permit, the department of [natural resources] **agriculture** may enter into any contract with agencies of the United States, with agencies of other states, or with private persons, registered land surveyors or professional engineers, in order to plan and execute desired land surveys or geodetic surveys, or to plan and execute other projects which are within the scope and purpose of sections [60.500] **60.510** to 60.610.

60.620. 1. There is hereby created the "Land Survey Advisory Committee", within the department of [natural resources] **agriculture**. The committee shall consist of five members appointed by the director of the department of

[natural resources] **agriculture**. Members of the committee shall hold office for terms of three years, but of the original appointments, two members shall serve for one year, two members shall serve for two years, and one member shall serve for three years.

2. The advisory committee shall consist of persons who reside in this state and are not employed by the department of [natural resources] **agriculture**. Three members shall be registered land surveyors, one of which shall be a county surveyor. One member shall represent the real estate or land title industry.

3. The advisory committee shall elect a chairman annually. The committee shall meet semiannually and at other such times as called by the chairman of the committee and shall have a quorum when at least three members are present.

4. The advisory committee members shall serve without compensation but shall be reimbursed for actual and necessary expenses incurred in the performance of their official duties.

5. The advisory committee shall provide the director of the department of [natural resources] **agriculture** with advice and counsel on the planning and prioritization of the program and the design of regulations needed to carry out the functions, duties, and responsibilities of the department of [natural resources] **agriculture**.

6. The committee shall, at least annually, prepare a report, which shall be available to the general public, of the review by the committee of the land survey program, stating its findings, conclusions, and recommendations to the director.

60.653. 1. It shall be the duty of the recorder of deeds to maintain a copy of all survey plats delivered to his custody in an appropriate file medium capable of reproduction.

2. Survey plats shall be placed in the plat books or such other record books as have been previously established.

3. A duplicate of the recorded survey plat shall be provided to the land survey [division] **program** of the department of [natural resources] **agriculture** at an amount not to exceed the actual cost of the duplicate.

4. The recorder shall maintain an index of all survey plats, subdivision plats, and condominium plats by section, township, and range and by subdivision or condominium name.

5. Copies of survey plats shall be evidence in all courts of justice when properly certified under the hand and official seal of the recorder.

60.670. 1. As used in this section, the following terms shall mean:

2. The office of the state land surveyor established within the department of [natural resources] **agriculture** shall promulgate rules and regulations establishing minimum standards for digital cadastral parcel mapping. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

3. Any map designed and used to reflect legal property descriptions or boundaries for use in a digital cadastral mapping system shall comply with the rules promulgated under this section, unless the party requesting the map specifies otherwise in writing, the map was designed and in use prior to the promulgation of the rules, or the parties requesting and designing the map have already agreed to the terms of their contract on the effective date of the rules promulgation."; and

On motion of Representative Korman, **House Amendment No. 5** was adopted.

Representative Jones (117) offered **House Amendment No. 6**.

*House Amendment No. 6*

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 162, Page 24, Section 276.441, Line 12, by inserting immediately after said line the following:

“338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including **any legend drugs under 21 U.S.C. Section 353**; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles and meningitis vaccines by written protocol authorized by a physician for persons twelve years of age or older as authorized by rule or the administration of pneumonia, shingles, and meningitis vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, **and veterinarians and their clients about legend drugs**, about the safe and effective use of drugs and devices; and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his **or her** duties. This assistance in no way is intended to relieve the pharmacist from his **or her** responsibilities for compliance with this chapter and he **or she** will be responsible for the actions of the auxiliary personnel acting in his **or her** assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered

practitioner of medicine, dentistry, **or** podiatry, or veterinary medicine **only for use in animals**, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, **administering, prescribing,** or dispensing of his **or her** own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

**11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).**

338.140. 1. The board of pharmacy shall have a common seal, and shall have power to adopt such rules and bylaws not inconsistent with law as may be necessary for the regulation of its proceedings and for the discharge of the duties imposed pursuant to sections 338.010 to 338.198, and shall have power to employ an attorney to conduct prosecutions or to assist in the conduct of prosecutions pursuant to sections 338.010 to 338.198.

2. The board shall keep a record of its proceedings.

3. The board of pharmacy shall make annually to the governor and, upon written request, to persons licensed pursuant to the provisions of this chapter a written report of its proceedings.

4. The board of pharmacy shall appoint an advisory committee composed of [five] **six** members, one of whom shall be a representative of pharmacy but who shall not be a member of the pharmacy board, three of whom shall be representatives of wholesale drug distributors as defined in section 338.330, [and] one of whom shall be a representative

of drug manufacturers, **and one of whom shall be a licensed veterinarian recommended to the board of pharmacy by the board of veterinary medicine.** The committee shall review and make recommendations to the board on the merit of all rules and regulations dealing with pharmacy distributors, wholesale drug distributors [and], drug manufacturers, **and veterinary legend drugs** which are proposed by the board.

5. A majority of the board shall constitute a quorum for the transaction of business.

6. Notwithstanding any other provisions of law to the contrary, the board may issue letters of reprimand, censure or warning to any holder of a license or registration required pursuant to this chapter for any violations that could result in disciplinary action as defined in section 338.055.

338.150. Any person authorized by the board of pharmacy is hereby given the right of entry and inspection upon all open premises purporting or appearing to be drug or chemical stores, apothecary shops, pharmacies or places of business for exposing for sale, or the dispensing or selling of drugs, pharmaceuticals, medicines, chemicals or poisons or for the compounding of physicians' **or veterinarians'** prescriptions.

338.210. 1. Pharmacy refers to any location where the practice of pharmacy occurs or such activities are offered or provided by a pharmacist or another acting under the supervision and authority of a pharmacist, including every premises or other place:

2. All activity or conduct involving the practice of pharmacy as it relates to an identifiable prescription or drug order shall occur at the pharmacy location where such identifiable prescription or drug order is first presented by the patient or the patient's authorized agent for preparation or dispensing, unless otherwise expressly authorized by the board.

3. The requirements set forth in subsection 2 of this section shall not be construed to bar the complete transfer of an identifiable prescription or drug order pursuant to a verbal request by or the written consent of the patient or the patient's authorized agent.

4. The board is hereby authorized to enact rules waiving the requirements of subsection 2 of this section and establishing such terms and conditions as it deems necessary, whereby any activities related to the preparation, dispensing or recording of an identifiable prescription or drug order may be shared between separately licensed facilities.

5. If a violation of this chapter or other relevant law occurs in connection with or adjunct to the preparation or dispensing of a prescription or drug order, any permit holder or pharmacist-in-charge at any facility participating in the preparation, dispensing, or distribution of a prescription or drug order may be deemed liable for such violation.

6. Nothing in this section shall be construed to supersede the provisions of section 197.100.

338.220. 1. It shall be unlawful for any person, copartnership, association, corporation or any other business entity to open, establish, operate, or maintain any pharmacy as defined by statute without first obtaining a permit or license to do so from the Missouri board of pharmacy. A permit shall not be required for an individual licensed pharmacist to perform nondispensing activities outside of a pharmacy, as provided by the rules of the board. Separate applications shall be made and separate permits or licenses required for each pharmacy opened, established, operated, or maintained by the same owner.

3. All permits, licenses or renewal fees collected pursuant to the provisions of sections 338.210 to 338.370 shall be deposited in the state treasury to the credit of the Missouri board of pharmacy fund, to be used by the Missouri board of pharmacy in the enforcement of the provisions of sections 338.210 to 338.370, when appropriated for that purpose by the general assembly.

4. Class L: veterinary permit shall not be construed to prohibit or interfere with any legally registered practitioner of veterinary medicine in the compounding, **administering, prescribing,** or dispensing of their own prescriptions, **or medicine, drug, or pharmaceutical product to be used for animals.** 5. [Notwithstanding any other law to the contrary] **Except for any legend drugs under 21 U.S.C. **2. In lieu of a registered pharmacist as required by subdivision (4) of subsection 1 of this section, a pharmacy permit holder that only holds a class L veterinary permit and no other pharmacy permit, may designate a supervising registered pharmacist who shall be responsible for reviewing the activities and records of the class L pharmacy permit holder as established by the board by rule. The supervising registered pharmacist shall not be required to be physically present on site during the business operations of a class L pharmacy permit holder identified in subdivision (5) of subsection 1 of this section when noncontrolled legend drugs under 21 U.S.C. The benefits and conditions of the plan shall be interpreted and the system shall be operated to ensure that the system meets the federal qualification requirements.**

87.205. 1. Upon retirement for accidental disability **before August 28, 2011**, a member shall receive seventy-five percent of the pay then provided by law for the highest step in the range of salary for the title or rank held by such member at the time of such retirement unless the member is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever and is continuously confined to the member's home except for visits to obtain medical treatment, in which event the member may receive, in the discretion of the board of trustees, a retirement allowance in an amount not exceeding the member's rate of compensation as a firefighter in effect as of the date the allowance begins.

2. Anyone who has retired pursuant to the provisions of section 87.170 and has been reinstated pursuant to subsection 2 of section 87.130 who subsequently becomes disabled, as provided in section 87.200, shall receive a total benefit which is the higher of either the disability pension or the service pension.

**3. Upon retirement for accidental disability on or after August 28, 2011, based on conditions of the heart, lungs, or cancer or based on permanent and total disability which will prevent the member from obtaining employment elsewhere, as determined by the board of trustees based on medical evidence presented by the**

retirement system's physicians, a member shall receive, regardless of his or her number of years of credible service, seventy-five percent of the earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement.

4. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, a member shall receive a base pension equal to twenty-five percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement.

5. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, the member may elect to receive an education allowance in an amount not to exceed the tuition for a state resident at the University of Missouri-St. Louis. The accidentally disabled member shall enroll in a college, university, community college, or vocational or technical school at the first opportunity after the accidentally disabled member was retired and shall receive such educational allowance in the form of reimbursement upon proof of payment to such institution. The education allowance described in this subsection shall cease when the accidentally disabled member ceases to be a full-time student or if the accidentally disabled member is restored to active service as a firefighter, but in no event shall such education allowance be available for more than five years after the member is retired under section 87.200.

6. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, in addition to the base pension provided for in subsection 4 of this section and the education allowance provided for in subsection 5 of this section, members with twenty-five years or less of creditable service shall receive an additional accidental retirement pension equal to two and three-fourths percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of retirement for each year of credible service equal to or greater than ten years but not more than twenty-five years.

7. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, in addition to the base pension provided for in subsection 4 of this section and the additional accidental retirement pension provided for in subsection 6 of this section, for members with twenty-five years or less of creditable service, then during such time that the disabled member is a full-time student in a college, university, community college, or vocational or technical school and is receiving the educational allowance provided for in subsection 5 of this section, such member shall also receive a supplemental disability retirement pension in the amount necessary so that his or her total accidental disability retirement pension, excluding the education allowance, shall be equal to one hundred percent of the earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement. In no event shall such supplemental accidental disability pension be paid for a period more than five years after the member is retired under section 87.200.

8. Except as provided in subsection 3 of this section, upon retirement for accidental disability on or after August 28, 2011, in addition to the base pension provided for in subsection 4 of this section and the education allowance provided for in subsection 5 of this section, for members with more than twenty-five years of credible service, such member shall also receive an additional pension equal to fifty percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement.

9. Notwithstanding any other provisions in this section, upon retirement for accidental disability, other than as provided in subsection 3 of this section, on or after August 28, 2011, a member with more than twenty years of credible service but not more than twenty-five years of creditable service may waive the right to receive the education allowance provided for in subsection 5 of this section, the right to additional pension retirement allowance provided for in subsection 6 of this section, and the right to receive the supplemental disability retirement pension provided for in subsection 7 of this section and may elect to receive instead in addition to the accidental disability retirement base pension as provided for in subsection 4 of this section an additional pension from the date of such member's retirement equal to forty percent of the member's earnable compensation then provided for the step in the range of salary for the title or rank held by such member at the time of such retirement. Any such election shall be made prior to such member's receipt of his or her first accidental disability pension payment.

87.207. The following allowances due under the provisions of sections 87.120 to 87.371 of any member who retired from service shall be increased annually, as approved by the board of trustees beginning with the first increase in the October following his or her retirement and subsequent increases in each October thereafter, at the rates designated:

- (1) With a retirement service allowance or ordinary disability allowance:
- (a) One and one-half percent per year, compounded each year, up to age sixty for those retiring with twenty to twenty-four years of service,
  - (b) Two and one-fourth percent per year, compounded each year, up to age sixty for those retiring with twenty-five to twenty-nine years of service,
  - (c) Three percent per year, compounded each year, up to age sixty for those retiring with thirty or more years of service,
  - (d) After age sixty, five percent per year for five years;
- (2) With an accidental disability allowance, three percent per year, compounded each year, up to age sixty, then five percent per year for five years. **Provided, however, for accidental disability on or after August 28, 2011, for reasons other than provided in subsection 3 of section 87.205, unless a member has more than twenty-five years of creditable service, the accidental disability allowance shall only increase at a rate of one percent per year, compounded each year, up to age sixty, then five percent per year for five years. For accidental disability on or after August 28, 2011, for reasons other than provided in subsection 3 of section 87.205, if a member has more than twenty-five years of creditable service, the accidental disability allowance shall only increase at a rate of two and one-fourth percent per year, compounded each year, up to age sixty, then five percent per year for five years.”; and**

2. The board shall set the amount of the fees which this chapter authorizes and requires by rules and regulations. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering this chapter.

3. All fees received by the board pursuant to the provisions of sections 335.011 to 335.096 shall be deposited in the state treasury and be placed to the credit of the state board of nursing fund. Representative Klippenstein offered **House Amendment No. 4**.

*House Amendment No. 4*

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 356, Page 20, Section 262.005, Line 12, by inserting after all of said section and line the following:

**“262.815. 1. This section shall be known and may be cited as the "Missouri Farmland Trust Act". The purpose of this section is to allow individuals and entities to donate, gift, or otherwise convey farmland to the state department of agriculture for the purpose of preserving the land as farmland and to further provide beginning farmers with an opportunity to farm by allowing long-term low and variable cost leases, thereby making it affordable for the next generation of farmers to continue to produce food, fiber, and fuel.**

**2. There is hereby created the "Missouri Farmland Trust" which shall be implemented in a manner to accomplish the following objectives:**

- (1) Protect and preserve Missouri's farmland;**
- (2) Link new generations of prospective farmers with present farmers; and**
- (3) Promote best practices in environmental, livestock, and land stewardship.**

**3. (1) There is hereby created within the department of agriculture the "Missouri Farmland Trust Advisory Board" which shall be comprised of five members appointed by the director of the department of agriculture. Members shall serve without compensation but, subject to appropriations, may be reimbursed for actual and necessary expenses.**

**(2) The board shall make recommendations to the director on the appropriate uses of farmland in the trust, criteria to be used to select applicants for the program, and review and make recommendations regarding applications to lease farmland in the trust.**

**(3) Members shall serve five-year terms, with each term beginning July first and ending June thirtieth; except that, of the members initially appointed two shall be appointed for a term of three years, two shall be appointed for a term of four years, and one shall be appointed for a term of five years. Each member shall serve until his or her successor is appointed. Any vacancies occurring prior to the expiration of a term shall be filled by appointment for the remainder of such term. No member shall serve more than two consecutive terms.**

**4. The department of agriculture is authorized to accept or acquire by purchase, lease, donation, or agreement any agricultural lands, easements, real and personal property, or rights in lands, easements, or real and personal property, including but not limited to buildings, structures, improvements, equipment, or facilities subject to preservation and improvement. Such lands shall be properties of the Missouri farmland trust for purposes of this section and shall be governed by the provisions of this section and rules promulgated thereunder.**

**5. (1) There is hereby created in the state treasury the "Missouri Farmland Trust Fund", which shall consist of all gifts, bequests, donations, transfers, and moneys appropriated by the general assembly under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Upon appropriation, money in the fund shall be used for the administration of this section and may be used to make payments to counties for the value of land as payment in lieu of real and personal property taxes for privately owned land acquired after the effective date of this section in such amounts as determined by the department; except that, the amount determined shall not be less than the real property tax paid at the time of acquisition. The department of agriculture may require applicants who are awarded leases to pay the property taxes owed under this section for such property.**

**(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.**

**(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

**6. The department of agriculture is authorized to accept all moneys, appropriations, gifts, bequests, donations, or other contributions of moneys or other real or personal property to be expended or used for any of the purposes of this section. The department may improve, maintain, operate, and regulate any such lands, easements, or real or personal property to promote agriculture and the general welfare using moneys in the fund. Property acquired by the department under this section shall be used for agricultural purposes. The director shall establish by rule guidelines for leasing farmland to the trust to beginning farmers for a period not to exceed twenty years. All property acquired by the department under this section shall be farmed and maintained using the best environmental, conservation, and stewardship practices as outlined by the department. The department may charge an administrative fee for lease application processing under this section.**

**7. The department, in consultation with the Missouri farmland advisory board, shall promulgate rules to implement the provisions of this section, including but not limited to requirements for lessees, selection process**

for granting leases, and the terms of the lease, including requirements for applicants, renewal process, requirements for the maintenance of real and personal property by the lessee, and conditions for the termination of leases.

8. If less than four-sevenths of the votes cast on the question by the registered voters voting thereon are in favor of the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the registered voters and such question is approved by the requisite four-sevenths of the registered voters voting on the question. In no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal submitted under this section.**

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he or she shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

67.1886. In addition to all other powers granted by sections 67.1860 to [67.1898] **67.1894** the district shall have the following general powers:

The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers and its employees from any potential liability and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.

3. **The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources. However,** the district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. [The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.]

67.1894. [1. The authority of the district to levy any property tax levied pursuant to section 67.1880 may be terminated by a petition of the voters in the district in the manner prescribed in this section.

2. The petition for termination of authority to tax may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district may file with the board a petition in writing praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116; or

(2) All of the owners of real estate in the district may file a petition with the board praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted.

4. If the board deems it for the best interest of the district, it shall grant the petition. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the authority to tax shall be terminated upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district pursuant to subdivision (1) of subsection 2 of this section, the authority to tax shall be terminated subject to the election provided in section 67.1896. The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board] **Whenever the district board receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district, calling for an election to repeal the tax imposed under section 67.1880, the board shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the registered voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax authorized in section 67.1880 shall remain effective until the question is resubmitted under this section to the registered voters and the repeal is approved by a majority of the registered voters voting on the question.**

[67.1890. 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 67.1892. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.]

[67.1892. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1890, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the ..... Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

☐ YES

☐ NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. In the event, however, that the court finds that a majority of the voters voting thereon voted against the proposition to extend or retract the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of boundaries to be void and of no effect.]

[67.1896. 1. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least ten percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

9. No sales tax imposed under this section shall be terminated until all of any bonds issued under this section have been retired.

10. The sales tax imposed under this section shall be imposed for a period of twenty-five years, and may be extended upon the approval of the voters of the city in the same manner in which the sales tax was adopted.

11. The city shall establish a board consisting of seven members, one of which shall be the mayor of the city, to administer the provisions of this section with such powers and duties which shall be delegated by the governing body of the city.

12. No bonds issued under this section shall be refinanced for a term longer than the number of years remaining on the original terms of the bonds being refinanced without the approval of the voters of the city. Any proposal to refinance such bonds submitted to the voters shall include the number of years the bonds will be refinanced and the number of years the sales tax will be extended to repay such refinanced bonds.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Cookson, **House Amendment No. 10** was adopted.

Representative Schneider offered **House Amendment No. 11**.

*House Amendment No. 11*

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 360, Page 16, Section 137.016, Line 82, by inserting after all of said line the following:

"137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the

assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

Further amend said title, enacting clause and intersectional references accordingly.

“32.057. 1. Except as otherwise specifically provided by law, it shall be unlawful for the director of revenue, any officer, employee, agent or deputy or former director, officer, employee, agent or deputy of the department of revenue, any person engaged or retained by the department of revenue on an independent contract basis, any person to whom authorized or unauthorized disclosure is made by the department of revenue, or any person who lawfully or unlawfully inspects any report or return filed with the department of revenue or to whom a copy, an abstract or a portion of any report or return is furnished by the department of revenue to make known in any manner, to permit the inspection or use of or to divulge to anyone any information relative to any such report or return, any information obtained by an investigation conducted by the department in the discharge of official duty, or any information received by the director in cooperation with the United States or other states in the enforcement of the revenue laws of this state. Such confidential information is limited to information received by the department in connection with the administration of the tax laws of this state.

2. Nothing in this section shall be construed to prohibit:

(1) The disclosure of information, returns, reports, or facts shown thereby, as described in subsection 1 of this section, by any officer, clerk or other employee of the department of revenue charged with the custody of such information:

(a) To a taxpayer or the taxpayer's duly authorized representative under regulations which the director of revenue may prescribe;

(c) To the state auditor or the auditor's duly authorized employees as required by subsection 4 of this section;

(d) To any city officer designated by ordinance of a city within this state to collect a city earnings tax, upon written request of such officer, which request states that the request is made for the purpose of determining or enforcing compliance with such city earnings tax ordinance and provided that such information disclosed shall be limited to that sufficient to identify the taxpayer, and further provided that in no event shall any information be disclosed that will result in the department of revenue being denied such information by the United States or any other state. The city officer requesting the identity of taxpayers filing state returns but not paying city earnings tax shall furnish to the director of revenue a list of taxpayers paying such earnings tax, and the director shall compare the list submitted with the director's records and return to such city official the name and address of any taxpayer who is a resident of such city who has filed a state tax return but who does not appear on the list furnished by such city. The director of revenue may set a fee to reimburse the department for the costs reasonably incurred in providing this information;

(e) To any employee of any county or other political subdivision imposing a sales tax which is administered by the state department of revenue whose office is authorized by the governing body of the county or other political subdivision to receive any and all records of the state director of revenue pertaining to the administration, collection and enforcement of its sales tax. The request for sales tax records and reports shall include a description of the type of report requested, the media form including electronic transfer, computer tape or disk, or printed form, and the frequency desired. The request shall be made by annual written application and shall be filed with the director of revenue. The director of revenue may charge a fee to reimburse the department for costs reasonably incurred in providing such information;

(3) The director of revenue from permitting the Secretary of the Treasury of the United States or the Secretary's delegates, the proper officer of any state of the United States imposing a tax equivalent to any of the taxes administered by the department of revenue of the state of Missouri or the appropriate representative of the multistate tax commission to inspect any return or report required by the respective tax provision of this state, or may furnish to such officer an abstract of the return or report or supply the officer with information contained in the return or disclosed by the report of any authorized investigation. Such permission, however, shall be granted on condition that the corresponding revenue statute of the United States or of such other state, as the case may be, grants substantially similar privileges to the director of revenue and on further condition that such corresponding statute gives confidential status to the material with which it is concerned;

(4) The disclosure of information, returns, reports, or facts shown thereby, by any person on behalf of the director of revenue, in any action or proceeding to which the director is a party or on behalf of any party to any action or proceeding pursuant to the revenue laws of this state when such information is directly involved in the action or proceeding, in either of which events the court may require the production of, and may admit in evidence, so much of such information as is pertinent to the action or proceeding and no more;

(8) The disclosure to the commissioner of administration pursuant to section 34.040 of a list of vendors and their affiliates who meet the conditions of section 144.635, but refuse to collect the use tax levied pursuant to chapter 144 on their sales delivered to this state;

(9) The disclosure to the public of any information, or facts shown thereby regarding the claiming of a state tax credit by a member of the Missouri general assembly or any statewide elected public official.

3. Any person violating any provision of subsection 1 or 2 of this section shall, upon conviction, be guilty of a class D felony.

4. The state auditor or the auditor's duly authorized employees who have taken the oath of confidentiality required by section 29.070 shall have the right to inspect any report or return filed with the department of revenue if such inspection is related to and for the purpose of auditing the department of revenue; except that, the state auditor or the auditor's duly authorized employees shall have no greater right of access to, use and publication of information, audit and related activities with respect to income tax information obtained by the department of revenue pursuant to chapter 143 or federal statute than specifically exists pursuant to the laws of the United States and of the income tax laws of the state of Missouri.”; and

*House Amendment No. 10*

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 117, Section 70.730, Page 20, Line 52, by inserting the following after all of said line:

**“94.585. 1. The governing body of any city of the third classification with more than ten thousand eight hundred but fewer than ten thousand nine hundred inhabitants and located in more than one county may impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one percent, and shall be imposed solely for the purpose of funding the construction, maintenance, operation, and equipping of a community center and retiring any bonds issued for such purposes. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.**

**2. No such order or ordinance adopted under this section shall become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax and issue bonds under this section. Such a proposal may include only the proposal to impose a sales tax or a proposal to issue bonds and to impose a sales tax to retire such bonds.**

**3. The ballot of submission shall contain, but need not be limited to the following language:**

**(1) If the proposal submitted involves only authorization to impose the tax authorized by this section, the following language:**

**Shall the municipality of ..... (municipality's name) impose a sales tax of ..... (insert amount) for a period of twenty-five years for the purpose of funding the construction, maintenance, operation, and equipping of a community center which may include the retirement of debt under previously authorized bonded indebtedness?**

**(2) If the proposal submitted involves authorization to issue bonds and repay such bonds with revenues from the tax authorized by this section, the following language:**

**Shall the municipality of ..... (municipality's name) issue bonds in the amount ..... of ..... (insert amount) for a period of twenty-five years to fund construction, maintenance, operation, and equipping of a community center and impose a sales tax of ..... (insert amount) to repay bonds?**

**If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax, except that any proposal submitted to issue bonds shall be approved by the constitutionally required percentage of the voters voting thereon to become effective. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by the requisite majority of the qualified voters voting on the question. In no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.**

**4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.**

5. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created and shall be known as the "City Community Center Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special fund which are not needed for meeting current obligations under any bond issued under this section or for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least ten percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

9. No sales tax imposed under this section shall be terminated until all of any bonds issued under this section have been retired.

10. The sales tax imposed under this section shall be imposed for a period of twenty-five years, and may be extended upon the approval of the voters of the city in the same manner in which the sales tax was adopted.

11. The city shall establish a board consisting of seven members, one of which shall be the mayor of the city, to administer the provisions of this section with such powers and duties which shall be delegated by the governing body of the city.

12. No bonds issued under this section shall be refinanced for a term longer than the number of years remaining on the original terms of the bonds being refinanced without the approval of the voters of the city. Any proposal to refinance such bonds submitted to the voters shall include the number of years the bonds will be refinanced and the number of years the sales tax will be extended to repay such refinanced bonds.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Nance, **House Amendment No. 10** was adopted.

Representative Nolte offered **House Amendment No. 11**.

*House Amendment No. 11*

AMEND House Committee Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 117, Page 24, Section 137.082, Line 86, by inserting after all of said section and line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;
- (5) Poultry, twelve percent; and
- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection

11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

(25) **"Renewable energy generation zone", an area which has been found, by a resolution or ordinance adopted by the governing authority having jurisdiction of such area, to be a blighted area and which contains land, improvements, or a lock and dam site which is unutilized or underutilized for the production, generation, conversion, and conveyance of electrical energy from a renewable energy resource;**

(26) **"Renewable energy resource", shall include:**

(a) **Wind;**  
(b) **Solar thermal sources or photovoltaic cells and panels;**  
(c) **Dedicated crops grown for energy production;**  
(d) **Cellulosic agricultural residues;**  
(e) **Plant residues;**  
(f) **Methane from landfills, agricultural operations, or wastewater treatment;**  
(g) **Thermal depolymerization or pyrolysis for converting waste material to energy;**  
(h) **Clean and untreated wood such as pallets;**

(j) **Fuel cells using hydrogen produced by one or more of the renewable resources provided in paragraphs (a) to (i) of this subdivision; or**  
(k) **Any other sources of energy, not including nuclear energy, that are certified as renewable by rule by the department of natural resources;**

(27) "Replacement business facility", a facility otherwise described in subdivision (17) of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first taxable year for which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of an enhanced business enterprise and the taxpayer continues the operation of the same or substantially similar enhanced business enterprise at the new facility. Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subdivision (19) of this section, in the new facility during the tax period for which the credits allowed in section 135.967 are claimed exceed one million dollars and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two;

[(26)] (28) "Same or substantially similar enhanced business enterprise", an enhanced business enterprise in which the nature of the products produced or sold, or activities conducted, are similar in character and use or are produced, sold, performed, or conducted in the same or similar manner as in another enhanced business enterprise.

135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

- (1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and
- (2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

- (a) Within the state of Missouri, according to the last decennial census or other appropriate source as approved by the director; or

- (b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

- (3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

- (4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

- (a) The state of Missouri over the previous twelve months; or

- (b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100 due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

- (1) The potential to create sustainable jobs in a targeted industry; or

- (2) A demonstrated impact on local industry cluster development.

**5. Notwithstanding the requirements of subsections 1 and 4 of this section to the contrary, a renewable energy generation zone may be designated as an enhanced enterprise zone if the renewable energy generation zone meets the criteria set forth in subdivision (25) of section 135.950.**

135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution **or ordinance** by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. **Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions.** In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027.

137.010. The following words, terms and phrases when used in laws governing taxation and revenue in the state of Missouri shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

(1) "Grain and other agricultural crops in an unmanufactured condition" shall mean grains and feeds including, but not limited to, soybeans, cow peas, wheat, corn, oats, barley, kafir, rye, flax, grain sorghums, cotton, and such other products as are usually stored in grain and other elevators and on farms; but excluding such grains and other agricultural crops after being processed into products of such processing, when packaged or sacked. The term "processing" shall not include hulling, cleaning, drying, grating, or polishing;

(2) **"Hydroelectric power generating equipment", very-low-head turbine generators with a nameplate generating capacity of at least four hundred kilowatts but not more than six hundred kilowatts and machinery and equipment used directly in the production, generation, conversion, storage, or conveyance of hydroelectric power to land-based devices and appurtenances used in the transmission of electrical energy;**

(3) "Intangible personal property", for the purpose of taxation, shall include all property other than real property and tangible personal property, as defined by this section;

[(3)] (4) "Real property" includes land itself, whether laid out in town lots or otherwise, and all growing crops, buildings, structures, improvements and fixtures of whatever kind thereon, **hydroelectric power generating equipment**, the installed poles used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes, provided the owner of such installed poles is also an owner of a fee simple interest, possessor of an easement, holder of a license or franchise, or is the beneficiary of a right-of-way dedicated for public utility purposes for the underlying land; attached wires, transformers, amplifiers, substations, and other such devices and appurtenances used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes when owned by the owner of the installed poles, otherwise such items are considered personal property; and stationary property used for transportation of liquid and gaseous products, including, but not limited to, petroleum products, natural gas, water, and sewage;

[(4)] (5) "Tangible personal property" includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place.

137.016. 1. As used in section 4(b) of article X of the Missouri Constitution, the following terms mean:

(1) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the Nation Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution. **Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;**

(2) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, and manufactured home parks, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly, for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of section 4(b) of article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

- (1) Immediate prior use, if any, of such property;
- (2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution.

**7. No property tax classification changes resulting from this section shall have the effect of eliminating employer obligations under chapter 287.”; and**

Further amend said bill, Page 40, Section 205.205, Line 67, by inserting after all of said section and line the following:

**“226.224. Notwithstanding any provision of the law to the contrary, the state highways and transportation commission may enter into binding highway infrastructure improvement agreements to reimburse or repay, in an amount and in such terms agreed upon by the parties, any funds advanced by or for the benefit of a county, political subdivision, or private entity to expedite state road construction or improvement. Such highway infrastructure improvement agreements may provide for the assignment of the state highways and transportation commission’s reimbursement or repayment obligations in order to facilitate the funding of such improvements. The funds advanced by or for the benefit of the county, political subdivision, or private entity for the construction or improvement of state highway infrastructure shall be repaid by the state highways and transportation commission from funds from the state road fund in a manner, time period, and interest rate agreed to upon by the respective parties. The state highways and transportation commission may condition the reimbursement or repayment of such advanced funds upon projected highway revenues only if terms of the contract explicitly state such a condition. The contract shall further provide for a date or dates certain for repayment of funds and the commission may delay repayment of the advanced funds if highway revenues fall below the projections used to determine the repayment schedule, or if repayment would jeopardize the receipt of federal highway moneys, only if terms of the contract state such a condition and the contract provides for a date or dates certain for repayment of funds.”; and**

Further amend said bill, Page 49, Section 447.708, Line 224, by inserting after all of said section and line the following:

**“620.2300. 1. As used in this section, the following terms shall mean;**

**(1) "Department", the Missouri department of economic development;**

**(3) "Commission", the Missouri public service commission;**

**(4) "County average wage", the average wages in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;**

**(5) "Full-time employee", an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;**

**(6) "Major source", the same meaning as is provided under 40 CFR 70.2;**

(7) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee's work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;

(8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:

- (a) The area consists of at least fifty contiguous acres;
- (b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States environmental protection agency;

(10) "Project application", an application submitted to the department, by an owner of all or a portion of a park, on a form provided by the department, requesting benefits provided under this section;

(11) "Project facility", a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;

(12) "Project facility base employment", the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in operation prior to the date of the project application.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:

- (1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;
- (2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or
- (3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier.”; and

Further amend said bill, Page 51, Section B, Line 2, by inserting immediately after the word “revenue” the following:

“and because of the need to ensure the creation of jobs through the utilization of alternative energy sources”; and

All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April each year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of each year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, owners of fleet vehicles may apply for fleet license plates bearing a company name or logo. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab **or window sticker**. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390, if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words

"SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) **Beginning January 1, 2012**, the director of revenue shall issue annually or biennially a [tab or set of tabs] **window sticker, to be placed on the front windshield of the motor vehicle**, as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. **Notwithstanding the provisions of this section, motorcycles and trailers shall be issued license plate tabs in lieu of window stickers.** Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs **or window sticker** to ensure that the tab or tabs **or the window sticker** positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs **or window stickers** shall be produced in each license bureau office.

(2) [The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate] **The window sticker shall be placed on the inside front window in an area prescribed by the director of revenue. Tabs issued to motorcycles and trailers shall be affixed and displayed in the designated area of the license plate.**

(3) A tab or [set of tabs] **window sticker** issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs **or window sticker** shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways

and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. [No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.] **Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.**

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates **and window sticker** shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. **A window sticker shall not be required during the thirty-day time frame.** As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

301.160. Upon approval of the application for registration of a motor vehicle or trailer and when the required fee has been paid to the department of revenue, the department shall forward or deliver to the applicant the registration receipt and the number of license plates prescribed for the vehicle or trailer by section 301.130, or renewal tabs **or window stickers** if appropriate. The attachment to the motor vehicle or trailer specified in the application of current license plates shall be prima facie evidence that the fees have been paid for such license.

301.290. 1. Correctional enterprises of the department of corrections shall purchase, erect and maintain all of the machinery and equipment necessary for the manufacture of the license plates [and], tabs, **and window stickers** issued by the director of revenue, and of signs used by the state transportation department. [Beginning on January 1, 2011, correctional enterprises shall no longer erect and maintain tabs for the department of revenue.]

2. The director of revenue shall procure all plates issued by [him] **the director**, and the state transportation department shall procure all signs used by it from correctional enterprises, unless an emergency arises and correctional enterprises cannot furnish the plates, tabs, **window stickers**, or signs.

3. Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the price at which such plates and signs may be obtained upon the open market, but in no event shall such price be less than the cost of manufacture, including labor and materials.

4. All moneys derived from the sale of the plates, tabs, **window stickers**, and signs shall be paid into the state treasury to the credit of the working capital revolving fund as provided in section 217.595.

301.300. 1. In event of the loss, theft, mutilation or destruction of any certificate of ownership, number plate, tab [or set of tabs] **or window sticker** issued by the director of revenue, the lawful holder thereof shall, within five days, file with the director of revenue, an affidavit showing such fact, and shall, on the payment of a fee of eight dollars and fifty cents, obtain a duplicate or replacement of such plate, certificate, tab [or set of tabs] **or window sticker**. Any duplicate certificate issued for any "motor vehicle primarily for business use", as defined in section 301.010, shall be issued only to the owner of record.

2. Upon filing affidavit of lost, stolen, mutilated or destroyed certificate of registration, the director of revenue shall issue to the lawful owner a duplicate or replacement thereof upon payment of a fee of eight dollars and fifty cents.

3. Vehicle owners who elect not to transfer or renew multiyear plates shall be charged a fee equal to that charged for a lost plate in addition to the registration fee prescribed by law at the time the new plate or plates are issued.

4. Notwithstanding subsection 1 of this section, a new or used motor vehicle dealer may obtain a duplicate or replacement title in the owner's name if the owner's title has been lost, stolen, mutilated, or destroyed and is not available for assignment. In order to obtain the duplicate or replacement title from the department of revenue, the licensed dealer shall procure a power of attorney from the owner authorizing the dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf. The application to the department of revenue for the duplicate or replacement title shall be accompanied by the executed power of attorney, or a copy thereof, and the application shall contain the appropriate mailing address of the dealer. The director of the department of revenue is authorized to make all necessary rules and regulations for the administration of this subsection, and shall design all necessary forms required by this subsection. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

301.301. 1. Any person replacing a stolen license plate tab **or window sticker** issued on or after January 1, 2009, may receive at no cost up to two [sets of two] license plate tabs **or window stickers** per year when the application for the replacement tab **or sticker** is accompanied with a police report that is corresponding with the stolen license plate tab **or window sticker**.

2. Any person replacing a stolen license plate tab issued prior to January 1, 2009, may receive at no cost up to two sets of two license plate tabs per year when the application for the replacement tab is accompanied with a notarized affidavit verifying that such license plate tab or tabs were stolen.

301.302. A citation shall not be issued to any person stopped by law enforcement for a missing license plate tab or [tabs] **window sticker** if such person indicates that the tab or [tabs have] **window sticker has** been stolen and a check on such person's vehicle registration reveals that the vehicle is properly registered. A law enforcement officer may issue a warning under these circumstances. In the event a citation is improperly issued to a person for a missing [tabs] **tab or window sticker** when the requirements of this section are met, any court costs shall be waived."; and

Further amend said bill, Page 4, Section 301.4006, Line 54, by inserting after all of said section and line the following:

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SEVENTY-FIRST DAY, THURSDAY, MAY 12, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*The Lord is my shepherd. (Psalm 23:1)*

O God, Whose strength sustains us in our work, Whose hand supports us in our weariness, and Whose presence gives us security in the time of trouble, grant unto us the renewing power of Your Holy Spirit as we wait upon You in prayer. Lead us into green pastures, beside still waters, and along paths of righteousness in which our souls are restored. When we walk through the valley of the shadow of death, may we feel Your presence near and in the assurance of Your wisdom find deliverance in the midst of our distresses.

Fill our hearts with such a faith in You that, by night and by day, at all times, and in all seasons we may commit ourselves and those near and dear to us to Your never-failing compassion and to Your never-faltering mercy. Thus, may Your goodness and Your mercy follow us all the days of our lives, and in spirit may we dwell in Your house forevermore. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ryan Summa.

The Journal of the seventieth day was approved as printed.

2. In any county with a charter form of government where fifty or more cities, towns and villages have been established, if the governing body of such county has by ordinance established a boundary commission, as provided in sections 72.400 to 72.423, then boundary changes in such county shall proceed only as provided in sections 72.400 to 72.423.

3. The commission shall be composed of eleven members as provided in this subsection. (5) The county executive of the county, who shall name four members of the commission, three of whom shall be from the unincorporated area of the county and one of whom shall be from the incorporated area of the county. The seat of a commissioner shall be automatically vacated when the commissioner changes his or her residence so as to no longer conform to the terms of the requirements of the commissioner's appointment. The commission shall promptly notify the appointing authority of such change of residence.

4. Upon the passage of an ordinance by the governing body of the county establishing a boundary commission, the governing body of the county shall, within ten days, send by United States mail written notice of the passage of the ordinance to the chief elected official of each municipality wholly or partly in the county.

5. Each list shall be delivered to the county executive within forty-one days of the passage of such ordinance. The county executive shall appoint members within forty-five days of the passage of the ordinance. If a list is not submitted by the time specified, the county executive shall appoint the members using the criteria of subsection 3 of this section before the sixtieth day from the passage of the ordinance. At the first meeting of the commission appointed after the effective date of the ordinance, the commissioners shall choose by lot the length of their terms. Terms shall end on December thirty-first of the respective year. No commissioner shall serve more than two consecutive full terms. Full terms shall include any term longer than two years.

6. When a member's term expires, or if a member is for any reason unable to complete his term, the respective appointing authority shall appoint such member's successor. Each appointing authority shall act to ensure that each appointee is secured accurately and in a timely manner, when a member's term expires or as soon as possible when a

member is unable to complete his term. A member whose term has expired shall continue to serve until his successor is appointed and qualified.

7. The commission, its employees and subcontractors shall be subject to the regulation of conflicts of interest as defined in sections 105.450 to [105.498] **105.496** and to the requirements for open meetings and records under chapter 610.

8. Notwithstanding any provisions of law to the contrary, any boundary adjustment approved by the residential property owners and the governing bodies of the affected municipalities or the county, if involved, shall not be subject to commission review. Such a boundary adjustment is not prohibited by the existence of an established unincorporated area.

**9. Notwithstanding any provisions of law to the contrary, any voluntary annexation approved by ordinance of any municipality that is a service provider for both water and sewer service within the municipality shall be effective as provided in such annexation ordinance and shall not be subject to boundary commission review. *House Amendment No. 2*

AMEND House Amendment No. 2 to Senate Committee Substitute for Senate Bill No. 81, Page 1, Line 2, by inserting after all of said line the following:

“165.011. 1. The following funds are created for the accounting of all school moneys: teachers' fund, incidental fund, capital projects fund and debt service fund. The treasurer of the school district shall open an account for each fund specified in this section, and all moneys received from the county school fund and all moneys derived from taxation for teachers' wages shall be placed to the credit of the teachers' fund. All tuition fees, state moneys received under section 163.031, and all other moneys received from the state except as herein provided shall be placed to the credit of the teachers' and incidental funds at the discretion of the district board of education, except as provided in subsection 6 of section 163.031. Money received from other districts for transportation and money derived from taxation for incidental expenses shall be credited to the incidental fund. All money derived from taxation or received from any other source for the erection of buildings or additions thereto and the remodeling or reconstruction of buildings and the furnishing thereof, for the payment of lease-purchase obligations, for the purchase of real estate, or from sale of real estate, schoolhouses or other buildings of any kind, or school furniture, from insurance, from sale of bonds other than refunding bonds shall be placed to the credit of the capital projects fund. All moneys derived from the sale or lease of sites, buildings, facilities, furnishings, and equipment by a school district as authorized under section 177.088 shall be credited to the capital projects fund. Money derived from taxation for the retirement of bonds and the payment of interest thereon shall be credited to the debt service fund, which shall be maintained as a separate bank account. Receipts from delinquent taxes shall be allocated to the several funds on the same basis as receipts from current taxes, except that where the previous years' obligations of the district would be affected by such distribution, the delinquent taxes shall be distributed according to the tax levies made for the years in which the obligations were incurred. All refunds received shall be placed to the credit of the fund from which the original expenditures were made. Money donated to the school districts shall be placed to the credit of the fund where it can be expended to meet the purpose for which it was donated and accepted. Money received from any other source whatsoever shall be placed to the credit of the fund or funds designated by the board.

2. The school board may transfer any portion of the unrestricted balance remaining in the incidental fund to the teachers' fund. Any district that uses an incidental fund transfer to pay for more than twenty-five percent of the annual certificated compensation obligation of the district and has an incidental fund balance on June thirtieth in any year in excess of fifty percent of the combined incidental teachers' fund expenditures for the fiscal year just ended shall be required to transfer the excess from the incidental fund to the teachers' fund. If a balance remains in the debt service fund, after the total outstanding indebtedness for which the fund was levied is paid, the board may transfer the unexpended balance to the capital projects fund. If a balance remains in the bond proceeds after completion of the project for which the bonds were issued, the balance shall be transferred from the incidental or capital projects fund to the debt service fund. After making all placements of interest otherwise provided by law, a school district may transfer from the capital projects fund to the incidental fund the interest earned from undesignated balances in the capital projects fund. A school district may borrow from one of the following funds: teachers' fund, incidental fund, or capital projects fund, as necessary to meet obligations in another of those funds; provided that the full amount is repaid to the lending fund within the same fiscal year.

3. Tuition shall be paid from either the teachers' or incidental funds. Employee benefits for certificated staff shall be paid from the teachers' fund.

4. Other provisions of law to the contrary notwithstanding, the school board of a school district that meets the provisions of subsection 6 of section 163.031 may transfer from the incidental fund to the capital projects fund the sum of:

(1) The amount to be expended for transportation equipment that is considered an allowable cost under state board of education rules for transportation reimbursements during the current year; plus

(2) Any amount necessary to satisfy obligations of the capital projects fund for state-approved area vocational-technical schools; plus

(3) Current year obligations for lease-purchase obligations entered into prior to January 1, 1997; plus

(4) The amount necessary to repay costs of one or more guaranteed energy savings performance contracts to renovate buildings in the school district, provided that the contract is only for energy conservation measures as defined in section 640.651 and provided that the contract specifies that no payment or total of payments shall be required from

the school district until at least an equal total amount of energy and energy-related operating savings and payments from the vendor pursuant to the contract have been realized by the school district; plus

(5) An amount not to exceed the greater of:

(a) One hundred sixty-two thousand three hundred twenty- six dollars; or

(b) Seven percent of the state adequacy target multiplied by the district's weighted average daily attendance, provided that transfer amounts in excess of current year obligations of the capital projects fund authorized under this subdivision may be transferred only by a resolution of the school board approved by a majority of the board members in office when the resolution is voted on and identifying the specific capital projects to be funded directly by the district by the transferred funds and an estimated expenditure date.

5. Beginning in the 2006-07 school year, a district meeting the provisions of subsection 6 of section 163.031 and not making the transfer under subdivision (5) of subsection 4 of this section, nor making payments or expenditures related to obligations made under section 177.088 may transfer from the incidental fund to the debt service fund or the capital projects fund the greater of:

(1) The state aid received in the 2005-06 school year as a result of no more than eighteen cents of the sum of the debt service and capital projects levy used in the foundation formula and placed in the respective debt service or capital projects fund, whichever fund had the designated tax levy; or

(2) Five percent of the state adequacy target multiplied by the district's weighted average daily attendance.

6. Beginning in the 2006-07 school year, the department of elementary and secondary education shall deduct from a school district's state aid calculated pursuant to section 163.031 an amount equal to the amount of any transfer of funds from the incidental fund to the capital projects fund or debt service fund performed during the previous year in violation of this section; except that the state aid shall be deducted over no more than five school years following the school year of an unlawful transfer based on a plan from the district approved by the commissioner of elementary and secondary education.

7. A school district may transfer unrestricted funds from the capital projects fund to the incidental fund in any year [in which that year's June thirtieth combined incidental and teachers' funds unrestricted balance compared to the combined incidental and teachers' funds expenditures would be less than ten percent without such transfer] **to avoid becoming financially stressed as defined in subsection 1 of section 161.520. If on June thirtieth of any fiscal year the sum of unrestricted balances in a school district's incidental fund and teacher's fund is less than twenty percent of the sum of the school district's expenditures from those funds for the fiscal year ending on that June thirtieth, the school district may, during the next succeeding fiscal year, transfer to its incidental fund an amount up to and including the amount of the unrestricted balance in its capital projects fund on that June thirtieth. For purposes of this subsection, in addition to any other restrictions that may apply to funds in the school district's capital projects fund, any funds that are derived from the proceeds of one or more general obligation bond issues shall be considered restricted funds and shall not be transferred to the school district's incidental fund.**"; and

#### *House Amendment No. 1*

“197.071. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person under the provisions of sections 197.010 to [197.120] **197.162**, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services.

**2. The department shall review and revise its regulations governing hospital licensure and enforcement as to promote hospital and regulatory efficiencies and eliminate duplicative regulation and inspections by or on behalf of state and federal agencies. The hospital licensure regulations adopted under this section shall incorporate standards which shall include, but not be limited to, the following:**

**(1) Each citation or finding of a regulatory deficiency shall refer to the specific written and publicly available standard and associated written interpretative guidance that are the basis of the citation or finding;**

**(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the federal Centers for Medicare and Medicaid Services' Conditions of Participation for hospitals and associated interpretive guidance;**

**(3) The department shall establish and publish a process and standards for complaint investigation, including but not limited to:**

**(a) A process and standards for determining which complaints warrant an onsite investigation based on a preliminary review of available information from the complainant and the hospital. The process and standards shall, at a minimum, provide for a departmental determination independent of any recommendation for investigation by or in consultation with the federal Centers for Medicare and Medicaid Services (CMS). For purposes of evaluating such process and standards, the number and nature of complaints filed and the recommended actions by the department and, as appropriate, CMS shall be disclosed upon request to hospitals, so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;**

**(b) The scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a threat of immediate jeopardy of safety is observed or identified during such investigation;**

**(c) A hospital shall be provided with a report of all complaints made against the hospital. Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;**

**(4) Subject to appropriations, the department shall designate adequate and sufficient resources to the annual inspection of hospitals necessary for licensure, including but not limited to resources for consultation services and collaboration with hospital personnel to facilitate improvements;**

(5) Hospitals and hospital personnel shall have the opportunity to participate in:

(a) Training sessions provided to state licensure surveyors, which shall be provided at least annually subject to appropriations. Hospitals and hospital personnel shall assume all costs associated with their participation in training sessions and use of curriculum materials; and

(b) Training of surveyors assigned to inspection of hospitals to the fullest extent possible, including the training of surveyors previously designated as a surveyor specific, which resulted in the exclusion of all hospital personnel from such training sessions;

(6) The regulations shall establish specific time lines for state hospital officials to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations. Such time lines shall be identical to, to the extent practicable, to the time lines established for the federal hospital certification and enforcement system in CMS's State Operations Manual, as amended.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

197.080. The department of health and senior services, with the advice of the state advisory council and pursuant to the provisions of this section and chapter 536, shall adopt, amend, promulgate and enforce such rules, regulations and standards with respect to all hospitals or different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the purposes of this law in promoting safe and adequate treatment of individuals in hospitals in the interest of public health, safety and welfare. No rule or portion of a rule promulgated under the authority of sections 197.010 to 197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.”; and

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the mentally retarded, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the mentally retarded on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Mentally Retarded Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. 13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the mentally retarded granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. **210.105. 1. The general assembly finds and declares:**

**(1) Premature or preterm birth is the leading cause of infant death in Missouri. Premature infants are more than fifteen times as likely as other infants to die in the first year of life;**

**(2) Infants born preterm are more than twice as likely as full-term infants to have major birth defects;**

**(3) Birth defects are the second leading cause of infant death in Missouri;**

**(4) Missouri ranks thirty-third in the nation in the rate of infant mortality, with a statewide rate of seven and four-tenths deaths per one thousand live births;**

**(5) Between 2004 and 2008, prematurity conditions accounted for six and one-half deaths per one thousand live births in Missouri;**

**(6) Approximately eight babies, twelve and three-tenths percent born in Missouri, are born prematurely, or more than ten thousand babies born prior to thirty-seven weeks gestation annually;**

**(7) In 2006, the Institute of Medicine's Preterm Birth report found that annual United States costs associated with prematurity totaled twenty-six and one-half billion dollars or an average of fifty-one thousand six hundred dollars per premature infant, more than tenfold greater than the three thousand three hundred twenty-five dollar average medical costs of a full-term infant;**

**(8) The average length of hospital stay in 2005 was nearly nine times as long for a preterm infant, or thirteen days, compared with an average one and one-half day stay for an infant born at term;**

**(9) Preterm babies have an increased risk of short-term and long-term medical and developmental problems, such as intellectual disabilities, blindness, chronic lung disease and cerebral palsy, in comparison to full-term infants. Children born prematurely are also more likely to be enrolled in special education classes compared to children born at term;**

**(10) Approximately seventy percent of premature births occur in the late preterm period between thirty-four weeks and thirty-six weeks gestation;**

**(11) Standard practices of clinicians during the late preterm period vary across the state;**

**(12) Smoking, a modifiable risk factor, is the leading behavioral contributor to prematurity and in 2006, seventeen and six-tenths percent of Missouri pregnant women smoked. Smoking-attributable neonatal health care costs for Medicaid are approximately seven hundred thirty-eight dollars per pregnant smoker;**

**(13) Smoking during pregnancy is linked to some birth defects and the sudden infant death syndrome, the third leading cause of infant mortality;**

- (14) Women who receive prenatal care are more likely to have access to:
  - (a) Health services that identify problems early;
  - (b) Managements for developing and existing problems; and
  - (c) Education, counseling, and referral to reduce risky behaviors, including but not limited to substance abuse and poor nutrition; and

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 177, Section 144.030, Page 9, Line 279, by inserting after all of said section and line the following:

“144.032. The provisions of section 144.030 to the contrary notwithstanding, any city imposing a sales tax under the provisions of sections 94.500 to 94.570, or any county imposing a sales tax under the provisions of sections 66.600 to 66.635, or any county imposing a sales tax under the provisions of sections 67.500 to 67.729 **or 205.205, or any hospital district imposing a sales tax under the provisions of section 206.165,** may by ordinance impose a sales tax upon all sales of metered water services, electricity, electrical current and natural, artificial or propane gas, wood, coal, or home heating oil for domestic use only. Such tax shall be administered by the department of revenue and assessed by the retailer in the same manner as any other city [or], county, **or hospital district** sales tax. Domestic use shall be determined in the same manner as the determination of domestic use for exemption of such sales from the state sales tax under the provisions of section 144.030.”; and

Further amend said bill, Section 192.300, Page 14, Line 30, by inserting after all of said section and line the following:

**“205.205. 1. The governing body of any county of the third classification without a township form of government and with more than eleven thousand seven hundred fifty but fewer than eleven thousand eight hundred fifty inhabitants, and operates a hospital established under this chapter may, by resolution, abolish the property tax authorized to fund the county hospital under this chapter and impose a sales tax on all retail sales made within the county which are subject to sales tax under chapter 144 and all sales of metered water services, electricity, electrical current and natural, artificial or propane gas, wood, coal, or home heating oil for domestic use only as provided under section 144.032. The tax authorized in this section shall be not more than one percent,**

and shall be imposed solely for the purpose of funding the county hospital. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the county submits to the voters residing within the county at a state general, primary, or special election a proposal to authorize the governing body of the county to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the county hospital, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "County Hospital Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any county that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the county. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any county that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the county equal to at least ten percent of the number of registered voters of the county voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director shall remit the balance in the account to the county and close the account of that county. The director shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

206.165. 1. The governing body of any hospital district established under sections 206.010 to 206.160 in any county of the third classification without a township form of government and with more than ten thousand six hundred but fewer than ten thousand seven hundred inhabitants may, by resolution, abolish the property tax authorized in such district under this chapter and impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144 and all sales of metered water services, electricity, electrical current and natural, artificial or propane gas, wood, coal, or home heating oil for domestic use only as provided under section 144.032. The tax authorized in this section shall be not more than one percent, and shall be imposed

solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.”; and

Further amend said bill, Page 19, Section 630.167, Line 110, by inserting after all of said section and line the following:

“Section B. Because immediate action is necessary to adequately fund certain hospital districts in this state, the repeal and reenactment of section 144.032 and the enactment of section 206.165 of section A of this act are deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 144.032 and the enactment of section 206.165 of section A of this act shall be in full force and effect upon its passage and approval.”; and

2. All other information pertaining to a licensee or applicant not specifically denominated an open record in subsection 1 of this section is a closed record and confidential.

3. The board shall disclose confidential information without charge or fee upon written request of the licensee or applicant if the information is less than five years old. If the information requested is more than five years old, the board may charge a fee equivalent to the fee specified by regulation.

4. At its discretion, the board may disclose confidential information, without the consent of the licensee or applicant, to a licensee or applicant for a license in order to further a board investigation or to facilitate settlement negotiations with the board, in the course of voluntary exchange of information with another state's licensing authority, pursuant to a court order, or to other administrative or law enforcement agencies acting within the scope of their statutory authority.

5. Information obtained from a federal administrative or law enforcement agency shall be disclosed only after the board has obtained written consent to the disclosure from the federal administrative or law enforcement agency.

6. The board is entitled to the attorney/client privilege and work product privilege to the same extent as any other person.

334.040. 1. Except as provided in section 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. All persons applying for examination shall file a completed application with the board [at least eighty days before the date set for examination upon blanks] **upon forms** furnished by the board.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five [percent] is required to pass. **Scores from one test administration of the FLEX shall not be combined or averaged with scores from other test administrations to achieve a passing score.** The passing score of the United States Medical Licensing Examination shall be determined by the board through rule and regulation. The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada. The steps one, two and three of the United States Medical Licensing Examination shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, the board may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the [liaison committee on medical education] **Liaison Committee on Medical Education (LCME)** and a regional university accrediting body or a DO/PhD degree accredited by the **American Osteopathic Association and a regional university accrediting body**. The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia. Prior to waiving the provisions of this section, the board may require the applicant to achieve a passing score on one of the following:

(1) The American Specialty Board's certifying examination in the physician's field of specialization;

(2) Part II of the FLEX; or

(3) The Federation portion of the State Medical Board's Special Purpose Examination (SPEX)] **and the applicant is certified in the applicant's area of specialty by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule.**

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. [Scores from one test administration shall not be combined or averaged with scores from other test administrations to achieve a passing score.] The board shall not be permitted to favor any particular school or system of healing.

4. **If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three year**

period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training.

334.070. 1. Upon due application therefor and upon submission by such person of evidence satisfactory to the board that he **or she** is licensed to practice in this state, and upon the payment of fees required to be paid by this chapter, the board shall issue to [him] **such person** a certificate of registration. The certificate of registration shall contain the name of the person to whom it is issued and his **or her** office address [and residence address], the expiration date, and the date and number of the license to practice.

2. [Every person shall, upon receiving such certificate, cause it to be conspicuously displayed at all times in every office maintained by him in the state. If he maintains more than one office in this state, the board shall without additional fee issue to him duplicate certificates of registration for each office so maintained.] If any registrant shall change the location of his **or her** office during the period for which any certificate of registration has been issued, [he] **the registrant** shall, within fifteen days thereafter, notify the board of such change [and it shall issue to him without additional fee a new registration certificate showing the new location].

334.090. 1. Each applicant for registration under this chapter shall accompany the application for registration with a registration fee to be paid to the [director of revenue] **board**. If the application is filed and the fee paid after the registration renewal date, a delinquent fee shall be paid; but whenever in the opinion of the board the applicant's failure to register is caused by extenuating circumstances including illness of the applicant, as defined by rule and regulation, the delinquent fee may be waived by the board. Whenever any new license is granted to any person under the provisions of this chapter, the board shall, upon application therefor, issue to such licensee a certificate of registration covering a period from the date of the issuance of the license to the next renewal date without the payment of any registration fee.

2. The board shall set the amount of the fees which this chapter authorizes and requires by rules and regulations promulgated pursuant to section 536.021. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering this chapter.

**334.099. 1. The board may initiate a contested hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances:**

**(1) The board shall serve notice pursuant to section 536.067 of the contested hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances;**

**(2) For purposes of this section and prior to any contested hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section;**

**(3) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances the board may require a licensee or applicant to submit to an examination. The board shall maintain a list of facilities approved to perform such examinations. The licensee or applicant may propose a facility not previously approved to the board and the board may accept such facility as an approved facility for such licensee or applicant by a majority vote;**

**(4) For purposes of this subsection, every licensee or applicant is deemed to have consented to an examination upon a showing of reasonable cause. The applicant or licensee shall be deemed to have waived all objections to the admissibility of testimony by the provider of the examination and to the admissibility of examination reports on the grounds that the provider of the examination's testimony or the examination is confidential or privileged;**

**(5) Written notice of the order for an examination shall be sent to the applicant or licensee by registered mail, addressed to the licensee or applicant at the licensee's or applicant's last known address on file with the**

board, or shall be personally served on the applicant or licensee. The order shall state the cause for the examination, how to obtain information about approved facilities, and a time limit for obtaining the examination. The licensee or applicant shall cause a report of the examination to be sent to the board;

(6) The licensee or applicant shall sign all necessary releases for the board to obtain and use the examination during a hearing and to disclose the recommendations of the examination as part of a disciplinary order;

(7) After receiving the report of the examination ordered in subdivision (3) of this subsection, the board may hold a contested hearing to determine if by clear and convincing evidence the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. If the board finds that the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or excessive use or abuse of controlled substances, the board shall, after a hearing, enter an order imposing one or more of the disciplinary measures set forth in subsection 4 of section 334.100; and

(8) The provisions of chapter 536 for a contested case, except those provisions or amendments which are in conflict with this section, shall apply to and govern the proceedings contained in this subsection and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence under chapter 536 relevant to the allegations.

2. Failure to submit to the examination when directed shall be cause for the revocation of the license of the licensee or denial of the application. No license may be reinstated or application granted until such time as the examination is completed and delivered to the board or the board withdraws its order.

3. Neither the record of proceedings nor the orders entered by the board shall be used against a licensee or applicant in any other proceeding, except for a proceeding in which the board or its members are a party or in a proceeding involving any state or federal agency.

4. A licensee or applicant whose right to practice has been affected under this section shall, at reasonable intervals not to exceed twelve months, be afforded an opportunity to demonstrate that he or she can resume the competent practice of his or her profession or should be granted a license. The board may hear such motion more often upon good cause shown.

5. The board shall promulgate rules and regulations to carry out the provisions of this section.

6. For purposes of this section, "examination" means a skills, multidisciplinary, or substance abuse evaluation.

334.100. 1. The board may refuse to issue or renew any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided by chapter 621. As an alternative to a refusal to issue or renew any certificate, registration or authority, the board may, at its discretion, issue a license which is subject to probation, restriction or limitation to an applicant for licensure for any one or any combination of causes stated in subsection 2 of this section. The board's order of probation, limitation or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered as waived.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered the person's certificate of registration or authority, permit or license for any one or any combination of the following causes:

(a) In enforcing this subdivision the board shall, after a hearing by the board, upon a finding of probable cause, require a physician to submit to a reexamination for the purpose of establishing his or her competency to practice as a physician or surgeon or with a specialty conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the pattern and practice of such physician's or surgeon's professional conduct, or to submit to a mental or physical examination or combination thereof by at least three physicians, one selected by the physician compelled to take the examination, one selected by the board, and one selected by the two physicians so selected who are graduates of a professional school approved and accredited as reputable by the association which has approved and accredited as reputable the professional school from which the licensee graduated. (d) Written notice of the reexamination or the physical or mental examination shall be sent to the physician, by registered mail, addressed to the physician at the physician's last known address. Failure of a physician to designate an examining physician to the board or failure to submit to the examination when directed shall constitute an admission of the allegations against the physician, in which case the board may enter a final order without the presentation of evidence, unless the failure was due to circumstances beyond the physician's control. A physician whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that the physician can resume the competent practice as a physician and surgeon with reasonable skill and safety to patients;

(e) In any proceeding pursuant to this subdivision neither the record of proceedings nor the orders entered by the board shall be used against a physician in any other proceeding. Proceedings under this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

5. In any order of revocation, the board may provide that the person may not apply for reinstatement of the person's license for a period of time ranging from two to seven years following the date of the order of revocation. All stay orders shall toll this time period.

6. Before restoring to good standing a license, certificate or permit issued pursuant to this chapter which has been in a revoked, suspended or inactive state for any cause for more than two years, the board may require the applicant to attend such continuing medical education courses and pass such examinations as the board may direct.

7. In any investigation, hearing or other proceeding to determine a licensee's or applicant's fitness to practice, any record relating to any patient of the licensee or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian or patient might otherwise invoke. In addition, no such licensee, applicant, or record custodian may withhold records or testimony bearing upon a licensee's or applicant's fitness to practice on the ground of privilege between such licensee, applicant or record custodian and a patient.

(2) A licensee is practicing, attempting or intending to practice in Missouri; and

(3) Either a licensee is unable by reason of any physical or mental condition to receive and evaluate information or to communicate decisions to the extent that the licensee's condition or actions significantly affect the licensee's ability to practice, or another state, territory, federal agency or country has issued an order suspending or restricting the holder of a license or other right to practice a profession regulated by this chapter, or the licensee has engaged in repeated acts of life-threatening negligence as defined in subsection 2 of section 334.100; and

(4) The acts, conduct or condition of the licensee constitute a clear and present danger to the public health and safety.

3. (1) The order of suspension or restriction:

(a) Shall be based on the sworn testimony or affidavits presented to the board;

(b) May be issued without notice and hearing to the licensee;

(c) Shall include the facts which lead the board to conclude that the acts, conduct or condition of the licensee constitute a clear and present danger to the public health and safety; and

(2) The board or the administrative hearing commission shall serve the licensee, in person or by certified mail, with a copy of the order of suspension or restriction and all sworn testimony or affidavits presented to the board, a copy of the complaint and the request for expedited hearing, and a notice of the place of and the date upon which the preliminary hearing will be held.

(3) The order of restriction shall be effective upon service of the documents required in subdivision (2) of this subsection.

(4) The order of suspension shall become effective upon the entry of the preliminary order of the administrative hearing commission.

(5) The licensee may seek a stay order from the circuit court of Cole County from the preliminary order of suspension, pending the issuance of a final order by the administrative hearing commission.

4. The board shall file a complaint in the administrative hearing commission with a request for expedited preliminary hearing and shall certify the order of suspension or restriction and all sworn testimony or affidavits presented to the board. Immediately upon receipt of a complaint filed pursuant to this section, the administrative hearing commission shall set the place and date of the expedited preliminary hearing which shall be conducted as soon as possible, but not later than five days after the date of service upon the licensee. The administrative hearing commission shall grant a licensee's request for a continuance of the preliminary hearing; however, the board's order shall remain in full force and effect until the preliminary hearing, which shall be held not later than forty-five days after service of the documents required in subdivision (2) of subsection 3.

5. At the preliminary hearing, the administrative hearing commission shall receive into evidence all information certified by the board and shall only hear evidence on the issue of whether the board's order of suspension or restriction should be terminated or modified. Within one hour after the preliminary hearing, the administrative hearing commission shall issue its oral or written preliminary order, with or without findings of fact and conclusions of law, that either adopts, terminates or modifies the board's order. The administrative hearing commission shall reduce to writing any oral preliminary order within five business days, but the effective date of the order shall be the date orally issued.

6. The preliminary order of the administrative hearing commission shall become a final order and shall remain in effect for three years unless either party files a request for a full hearing on the merits of the complaint filed by the board within thirty days from the date of the issuance of the preliminary order of the administrative hearing commission.

7. Upon receipt of a request for full hearing, the administrative hearing commission shall set a date for hearing and notify the parties in writing of the time and place of the hearing. If a request for full hearing is timely filed, the preliminary order of the administrative hearing commission shall remain in effect until the administrative hearing commission enters an order terminating, modifying, or dismissing its preliminary order or until the board issues an order of discipline following its consideration of the decision of the administrative hearing commission pursuant to section 621.110 and subsection 3 of section 334.100.

8. In cases where the board initiates summary suspension or restriction proceedings against a physician licensed pursuant to this chapter, and said petition is subsequently denied by the administrative hearing commission, in addition to any award made pursuant to sections 536.085 and 536.087, the board, but not individual members of the board, shall pay actual damages incurred during any period of suspension or restriction.

9. Notwithstanding the provisions of this chapter or chapter 610 or chapter 621 to the contrary, the proceedings under this section shall be closed and no order shall be made public until it is final, for purposes of appeal.

10. The burden of proving the elements listed in subsection 2 of this section shall be upon the state board of registration for the healing arts.] **The board may apply to the administrative hearing commission for an emergency suspension or restriction of a licensee for the following causes:**

(1) **Engaging in sexual conduct, as defined in section 566.010, with a patient who is not the licensee's spouse, regardless of whether the patient consented;**

(2) **Engaging in sexual misconduct with a minor or person the licensee believes to be a minor. "Sexual misconduct" means any conduct of a sexual nature which would be illegal under state or federal law;**

(3) **Possession of a controlled substance in violation of chapter 195 or any state or federal law, rule, or regulation, excluding record keeping violations;**

(4) **Use of a controlled substance without a valid prescription;**

(5) **The licensee is adjudicated incapacitated or disabled by a court of competent jurisdiction;**

(6) **Habitual intoxication or dependence upon alcohol or controlled substances or failure to comply with a treatment or aftercare program entered into pursuant to a board order, settlement agreement, or as part of the licensee's professional health program;**

(7) **A report from a board approved facility or a professional health program stating the licensee is not fit to practice. For purposes of this section, a licensee is deemed to have waived all objections to the admissibility of testimony from the provider of the examination and admissibility of the examination reports. The licensee shall sign all necessary releases for the board to obtain and use the examination during a hearing; or**

(8) **Any conduct for which the board may discipline that constitutes a serious danger to the health, safety, or welfare of a patient or the public.**

2. The board shall submit existing affidavits and existing certified court records together with a complaint alleging the facts in support of the board's request for an emergency suspension or restriction to the administrative hearing commission and shall supply the administrative hearing commission with the last home or business addresses on file with the board for the licensee. Within one business day of the filing of the complaint, the administrative hearing commission shall return a service packet to the board. The service packet shall include the board's complaint and any affidavits or records the board intends to rely on that have been filed with the administrative hearing commission. The service packet may contain other information in the discretion

of the administrative hearing commission. Within twenty-four hours of receiving the packet, the board shall either personally serve the licensee or leave a copy of the service packet at all of the licensee's current addresses on file with the board. Prior to the hearing, the licensee may file affidavits and certified court records for consideration by the administrative hearing commission.

3. Within five days of the board's filing of the complaint, the administrative hearing commission shall review the information submitted by the board and the licensee and shall determine based on that information if probable cause exists pursuant to subsection 1 of this section and shall issue its findings of fact and conclusions of law. If the administrative hearing commission finds that there is probable cause, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee's current addresses on file with the board.

4. The administrative hearing commission shall hold a hearing within forty-five days of the board's filing of the complaint to determine if cause for discipline exists. The administrative hearing commission may grant a request for a continuance, but shall in any event, hold the hearing within one hundred twenty days of the board's initial filing. The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing. If less than thirty days, the board may be granted leave to amend if public safety requires.

(1) If no cause for discipline exists, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the emergency suspension or restriction.

(2) If cause for discipline exists, the administrative hearing commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose any discipline otherwise authorized by state law.

6. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.

7. If the administrative hearing commission does not find probable cause and does not grant the emergency suspension or restriction, the board shall remove all reference to such emergency suspension or restriction from its public records. Records relating to the suspension or restriction shall be maintained in the board's files. The board or licensee may use such records in the course of any litigation to which they are both parties. Additionally, such records may be released upon a specific, written request of the licensee.

8. (1) The board may initiate a hearing before the board, for discipline of any licensee's license or certificate upon receipt of one of the following:

(a) Certified court records of a finding of guilt or plea of guilty or nolo contendere in a criminal prosecution under the laws of any state or of the United States for any offense involving the qualifications, functions, or duties of any profession licensed or regulated under this chapter, for any offense involving fraud, dishonesty, or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(2) The board shall provide the licensee not less than ten days notice of any hearing held pursuant to chapter 536.

(3) Upon a finding that cause exists to discipline a licensee's license the board may impose any discipline otherwise available when disciplining licensees of that same profession.

9. A final decision of the administrative hearing commission or the board shall be subject to judicial review pursuant to chapter 536.

334.103. 1. A license issued under this chapter by the Missouri State Board of Registration for the Healing Arts shall be automatically revoked at such time as the final trial proceedings are concluded whereby a licensee has been adjudicated and found guilty, or has entered a plea of guilty or nolo contendere, in a felony criminal prosecution under the laws of the state of Missouri, the laws of any other state, or the laws of the United States of America for any offense reasonably related to the qualifications, functions or duties of their profession, or for any felony offense[, an essential element of which is] **involving** fraud, dishonesty or an act of violence, or for any felony offense involving moral turpitude, whether or not sentence is imposed, or, upon the final and unconditional revocation of the license to practice their profession in another state or territory upon grounds for which revocation is authorized in this state following a review of the record of the proceedings and upon a formal motion of the state board of registration for the healing arts.

The license of any such licensee shall be automatically reinstated if the conviction or the revocation is ultimately set aside upon final appeal in any court of competent jurisdiction.

2. Anyone who has been denied a license, permit or certificate to practice in another state shall automatically be denied a license to practice in this state. However, the board of healing arts may set up other qualifications by which such person may ultimately be qualified and licensed to practice in Missouri.

**(3) If appropriate, following up with the patient to assess the therapeutic outcome;**

**(5) Including the electronic prescription information as part of the patient's medical record.**

**2. The requirements of subsection 1 of this section may be satisfied by the prescribing physician's designee when treatment is provided in:**

**(1) A hospital as defined in section 197.020;**

**(7) On-call or cross-coverage situations.**

**334.715. 1. The board may refuse to issue or renew any license [any applicant or may suspend, revoke, or refuse to renew the license of any licensee for any one or any combination of the causes provided in section 334.100, or if the applicant or licensee] required under sections 334.700 to 334.725 for one or any combination of causes listed in subsection 2 of this section or any cause listed in section 334.100. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided in chapter 621. As an alternative to a refusal to issue or renew any certificate, registration, or authority, the board may, in its discretion, issue a license which is subject to reprimand, probation, restriction, or limitation to an applicant for licensure for any one or any combination of causes listed in subsection 2 of this section or section 334.100. The board's order of reprimand, probation, limitation, or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited, or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited, or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered waived.**

**2. The board may cause a complaint to be filed with the administrative hearing commission as provided in chapter 621 against any holder of a certificate of registration or authority, permit, or license required by sections 334.700 to 334.725 or any person who has failed to renew or has surrendered the person's certification of registration or license for any one or any combination of the following causes:**

[2. Upon receipt of a written application made in the form and manner prescribed by the board, the board may reinstate any license which has expired, been suspended or been revoked or may issue any license which has been denied; provided, that no application for reinstatement or issuance of license or licensure shall be considered until at least six months have elapsed from the date of denial, expiration, suspension, or revocation when the license to be reinstated or issued was denied issuance or renewal or was suspended or revoked for one of the causes listed in subsection 1 of this section.]

**3. After the filing of such complaint before the administrative hearing commission, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds provided in subsection 2 of this section for disciplinary action are met, the board may, singly or in combination:**

"536.063. In any contested case:

(1) The contested case shall be commenced by the filing of a writing by which the party or agency instituting the proceeding seeks such action as by law can be taken by the agency only after opportunity for hearing, or seeks a hearing for the purpose of obtaining a decision reviewable upon the record of the proceedings and evidence at such hearing, or upon such record and additional evidence, either by a court or by another agency. Answering, intervening and amendatory writings and motions may be filed in any case and shall be filed where required by rule of the agency, except that no answering instrument shall be required unless the notice of institution of the case states such requirement. Entries of appearance shall be permitted[.];

(2) Any writing filed whereby affirmative relief is sought shall state what relief is sought or proposed and the reason for granting it, and shall not consist merely of statements or charges phrased in the language of a statute or rule; provided, however, that this subdivision shall not apply when the writing is a notice of appeal as authorized by law[.];

(3) Reasonable opportunity shall be given for the preparation and presentation of evidence bearing on any issue raised or decided or relief sought or granted. Where issues are tried without objection or by consent, such issues shall be deemed to have been properly before the agency. Any formality of procedure may be waived by mutual consent[.];

(4) Every writing seeking relief or answering any other writing, and any motion shall state the name and address of the attorney, if any, filing it; otherwise the name and address of the party filing it[.];

(5) By rule the agency may require any party filing such a writing to furnish, in addition to the original of such writing, the number of copies required for the agency's own use and the number of copies necessary to enable the agency to comply with the provisions of this subdivision hereinafter set forth. The agency shall, without charge therefor, mail one copy of each such writing, as promptly as possible after it is filed, to every party or his **or her** attorney who has filed a writing or who has entered his **or her** appearance in the case, and who has not theretofore been furnished with a copy of such writing and shall have requested copies of the writings; provided that in any case where the parties are so numerous that the requirements of this subdivision would be unduly onerous, the agency may in lieu thereof (a) notify all parties of the fact of the filing of such writing, and (b) permit any party to copy such writing[.];

**(6) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under section 536.067 upon a properly pled writing filed to initiate the contested**

case under this chapter, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.

536.067. In any contested case:

(1) The agency shall promptly mail a notice of institution of the case to all necessary parties, if any, and to all persons designated by the moving party and to any other persons to whom the agency may determine that notice should be given. The agency or its clerk or secretary shall keep a permanent record of the persons to whom such notice was sent and of the addresses to which sent and the time when sent. Where a contested case would affect the rights, privileges or duties of a large number of persons whose interests are sufficiently similar that they may be considered as a class, notice may in a proper case be given to a reasonable number thereof as representatives of such class. In any case where the name or address of any proper or designated party or person is not known to the agency, and where notice by publication is permitted by law, then notice by publication may be given in accordance with any rule or regulation of the agency or if there is no such rule or regulation, then, in a proper case, the agency may by a special order fix the time and manner of such publication[.];

(2) The notice of institution of the case to be mailed as provided in this section shall state in substance:

(a) The caption and number of the case;

(b) That a writing seeking relief has been filed in such case, the date it was filed, and the name of the party filing the same;

(c) A brief statement of the matter involved in the case unless a copy of the writing accompanies said notice;

(d) Whether an answer to the writing is required, and if so the date when it must be filed;

(e) That a copy of the writing may be obtained from the agency, giving the address to which application for such a copy may be made. This may be omitted if the notice is accompanied by a copy of such writing;

(f) The location in the Code of State Regulations of any rules of the agency regarding discovery or a statement that the agency shall send a copy of such rules on request;

(3) Unless the notice of hearing hereinafter provided for shall have been included in the notice of institution of the case, the agency shall, as promptly as possible after the time and place of hearing have been determined, mail a notice of hearing to the moving party and to all persons and parties to whom a notice of institution of the case was required to be or was mailed, and also to any other persons who may thereafter have become or have been made parties to the proceeding. The notice of hearing shall state:

(a) The caption and number of the case;

(b) The time and place of hearing;

(4) No hearing in a contested case shall be had, except by consent, until a notice of hearing shall have been given substantially as provided in this section, and such notice shall in every case be given a reasonable time before the hearing. Such reasonable time shall be at least ten days except in cases where the public morals, health, safety or interest may make a shorter time reasonable; provided that when a longer time than ten days is prescribed by statute, no time shorter than that so prescribed shall be deemed reasonable;

**(5) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under this section upon a properly pled writing filed to initiate the contested case under this chapter, a default decision shall be entered against the holder of a license, registration, permit, or certificate of authority without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.**

536.070. In any contested case:

(1) Oral evidence shall be taken only on oath or affirmation[.];

(2) Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not the subject of the direct

examination, to impeach any witness regardless of which party first called him **or her** to testify, and to rebut the evidence against him[.] **or her**;

(3) A party who does not testify in his **or her** own behalf may be called and examined as if under cross-examination[.];

(4) Each agency shall cause all proceedings in hearings before it to be suitably recorded and preserved. A copy of the transcript of such a proceeding shall be made available to any interested person upon the payment of a fee which shall in no case exceed the reasonable cost of preparation and supply[.];

(5) Records and documents of the agency which are to be considered in the case shall be offered in evidence so as to become a part of the record, the same as any other evidence, but the records and documents may be considered as a part of the record by reference thereto when so offered[.];

(6) Agencies shall take official notice of all matters of which the courts take judicial notice. They may also take official notice of technical or scientific facts, not judicially cognizable, within their competence, if they notify the parties, either during a hearing or in writing before a hearing, or before findings are made after hearing, of the facts of which they propose to take such notice and give the parties reasonable opportunity to contest such facts or otherwise show that it would not be proper for the agency to take such notice of them[.];

(7) Evidence to which an objection is sustained shall, at the request of the party seeking to introduce the same, or at the instance of the agency, nevertheless be heard and preserved in the record, together with any cross-examination with respect thereto and any rebuttal thereof, unless it is wholly irrelevant, repetitious, privileged, or unduly long[.];

(8) Any evidence received without objection which has probative value shall be considered by the agency along with the other evidence in the case. The rules of privilege shall be effective to the same extent that they are now or may hereafter be in civil actions. Irrelevant and unduly repetitious evidence shall be excluded[.];

(9) Copies of writings, documents and records shall be admissible without proof that the originals thereof cannot be produced, if it shall appear by testimony or otherwise that the copy offered is a true copy of the original, but the agency may, nevertheless, if it believes the interests of justice so require, sustain any objection to such evidence which would be sustained were the proffered evidence offered in a civil action in the circuit court, but if it does sustain such an objection, it shall give the party offering such evidence reasonable opportunity and, if necessary, opportunity at a later date, to establish by evidence the facts sought to be proved by the evidence to which such objection is sustained[.];

(10) Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of an act, transaction, occurrence or event, shall be admissible as evidence of the act, transaction, occurrence or event, if it shall appear that it was made in the regular course of any business, and that it was the regular course of such business to make such memorandum or record at the time of such act, transaction, occurrence, or event or within a reasonable time thereafter. All other circumstances of the making of such writing or record, including lack of personal knowledge by the entrant or maker, may be shown to affect the weight of such evidence, but such showing shall not affect its admissibility. The term "business" shall include business, profession, occupation and calling of every kind[.];

(11) The results of statistical examinations or studies, or of audits, compilations of figures, or surveys, involving interviews with many persons, or examination of many records, or of long or complicated accounts, or of a large number of figures, or involving the ascertainment of many related facts, shall be admissible as evidence of such results, if it shall appear that such examination, study, audit, compilation of figures, or survey was made by or under the supervision of a witness, who is present at the hearing, who testifies to the accuracy of such results, and who is subject to cross-examination, and if it shall further appear by evidence adduced that the witness making or under whose supervision such examination, study, audit, compilation of figures, or survey was made was basically qualified to make it. All the circumstances relating to the making of such an examination, study, audit, compilation of figures or survey, including the nature and extent of the qualifications of the maker, may be shown to affect the weight of such evidence but such showing shall not affect its admissibility[.];

(12) Any party or the agency desiring to introduce an affidavit in evidence at a hearing in a contested case may serve on all other parties (including, in a proper case, the agency) copies of such affidavit in the manner hereinafter provided, at any time before the hearing, or at such later time as may be stipulated. Not later than seven days after such service, or at such later time as may be stipulated, any other party (or, in a proper case, the agency) may serve on the party or the agency who served such affidavit an objection to the use of the affidavit or some designated portion or portions thereof on the ground that it is in the form of an affidavit; provided, however, that if such affidavit shall have been served less than eight days before the hearing such objection may be served at any time before the hearing or may be made orally at the hearing. If such objection is so served, the affidavit or the part thereof to which objection was made, may not be used except in ways that would have been permissible in the absence of this subdivision; provided, however, that such objection may be waived by the party or the agency making the same. Failure to serve an objection as aforesaid, based on the ground aforesaid, shall constitute a waiver of all objections to the introduction of such

affidavit, or of the parts thereof with respect to which no such objection was so served, on the ground that it is in the form of an affidavit, or that it constitutes or contains hearsay evidence, or that it is not, or contains matters which are not, the best evidence, but any and all other objections may be made at the hearing. Nothing herein contained shall prevent the cross-examination of the affiant if he **or she** is present in obedience to a subpoena or otherwise and if he **or she** is present, he **or she** may be called for cross-examination during the case of the party who introduced the affidavit in evidence. If the affidavit is admissible in part only it shall be admitted as to such part, without the necessity of preparing a new affidavit. The manner of service of such affidavit and of such objection shall be by delivering or mailing copies thereof to the attorneys of record of the parties being served, if any, otherwise, to such parties, and service shall be deemed complete upon mailing; provided, however, that when the parties are so numerous as to make service of copies of the affidavit on all of them unduly onerous, the agency may make an order specifying on what parties service of copies of such affidavit shall be made, and in that case a copy of such affidavit shall be filed with the agency and kept available for inspection and copying. Nothing in this subdivision shall prevent any use of affidavits that would be proper in the absence of this subdivision.

621.045. 1. The administrative hearing commission shall conduct hearings and make findings of fact and conclusions of law in those cases when, under the law, a license issued by any of the following agencies may be revoked or suspended or when the licensee may be placed on probation or when an agency refuses to permit an applicant to be examined upon his **or her** qualifications or refuses to issue or renew a license of an applicant who has passed an examination for licensure or who possesses the qualifications for licensure without examination:

2. If in the future there are created by law any new or additional administrative agencies which have the power to issue, revoke, suspend, or place on probation any license, then those agencies are under the provisions of this law.

3. The administrative hearing commission is authorized to conduct hearings and make findings of fact and conclusions of law in those cases brought by the Missouri state board for architects, professional engineers, professional land surveyors and landscape architects against unlicensed persons under section 327.076.

4. Notwithstanding any other provision of this section to the contrary, after August 28, 1995, in order to encourage settlement of disputes between any agency described in subsection 1 or 2 of this section and its licensees, any such agency shall:

(1) Provide the licensee with a written description of the specific conduct for which discipline is sought and a citation to the law and rules allegedly violated, together with copies of any documents which are the basis thereof and the agency's initial settlement offer, or file a contested case against the licensee;

(2) If no contested case has been filed against the licensee, allow the licensee at least sixty days, from the date of mailing, to consider the agency's initial settlement offer and to contact the agency to discuss the terms of such settlement offer;

(3) If no contested case has been filed against the licensee, advise the licensee that the licensee may, either at the time the settlement agreement is signed by all parties, or within fifteen days thereafter, submit the agreement to the

administrative hearing commission for determination that the facts agreed to by the parties to the settlement constitute grounds for denying or disciplining the license of the licensee; and

(4) In any contact under this subsection by the agency or its counsel with a licensee who is not represented by counsel, advise the licensee that the licensee has the right to consult an attorney at the licensee's own expense.

5. If the licensee desires review by the administrative hearing commission under subdivision (3) of subsection 4 of this section at any time prior to the settlement becoming final, the licensee may rescind and withdraw from the settlement and any admissions of fact or law in the agreement shall be deemed withdrawn and not admissible for any purposes under the law against the licensee. Any settlement submitted to the administrative hearing commission shall not be effective and final unless and until findings of fact and conclusions of law are entered by the administrative hearing commission that the facts agreed to by the parties to the settlement constitute grounds for denying or disciplining the license of the licensee.

**6. When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under sections 536.067 and 621.100 upon a properly pled writing filed to initiate the contested case under this chapter or chapter 536, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.**

621.100. 1. Upon receipt of a written complaint from an agency named in section 621.045 in a case relating to a holder of a license granted by such agency, or upon receipt of such complaint from the attorney general, the administrative hearing commission shall cause a copy of said complaint to be served upon such licensee in person, **or by leaving a copy of the complaint at the licensee's dwelling house or usual place of abode or last address given to the agency by the licensee with some person residing or present therein over the age of fifteen**, or by certified mail, together with a notice of the place of and the date upon which the hearing on said complaint will be held. 2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 238.200 to 238.275, the following terms shall have the meanings given:

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115."; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 2*

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 506, Page 12, Section 137.073, Line 380, by inserting after all of said line the following:

"137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty- two thousand inhabitants, but less than eighty-two thousand one hundred

inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 412, Page 1, Section A, Line 3, by inserting immediately after said line the following:

"338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including **any legend drugs under 21 U.S.C. Section 353**; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles and meningitis vaccines by written protocol authorized by a physician for persons twelve years of age or older as authorized by rule or the administration of pneumonia, shingles, and meningitis vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, **and veterinarians and their clients about legend drugs**, about the safe and effective use of drugs and devices; and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his **or her** duties. This assistance in no way is intended to relieve the pharmacist from his **or her** responsibilities for compliance with this chapter and he **or she** will be responsible for the actions of the auxiliary personnel acting in his **or her** assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, **or** podiatry, or veterinary medicine **only for use in animals**, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, **administering, prescribing**, or dispensing of his **or her** own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order."; and

Further amend said bill, Page 4, Section 338.055, Line 115, by inserting immediately after said line the following:

"338.140. 1. 2. The board shall keep a record of its proceedings.

3. The board of pharmacy shall make annually to the governor and, upon written request, to persons licensed pursuant to the provisions of this chapter a written report of its proceedings.

3. The requirements set forth in subsection 2 of this section shall not be construed to bar the complete transfer of an identifiable prescription or drug order pursuant to a verbal request by or the written consent of the patient or the patient's authorized agent.

4. The board is hereby authorized to enact rules waiving the requirements of subsection 2 of this section and establishing such terms and conditions as it deems necessary, whereby any activities related to the preparation, dispensing or recording of an identifiable prescription or drug order may be shared between separately licensed facilities.

5. If a violation of this chapter or other relevant law occurs in connection with or adjunct to the preparation or dispensing of a prescription or drug order, any permit holder or pharmacist-in-charge at any facility participating in the preparation, dispensing, or distribution of a prescription or drug order may be deemed liable for such violation.

6. Nothing in this section shall be construed to supersede the provisions of section 197.100.

338.220. 1. # JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SEVENTY-SECOND DAY, FRIDAY, MAY 13, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Let us come before His presence with thanksgiving. (Psalm 95:2)*

Let Your presence be revealed to us, our Father, as in this quiet moment of prayer we wait upon You.

Strengthen us by Your spirit that no trouble may overcome us, no difficulty may overwhelm us, and no duty may overtax us, but may we now and always be equal to every experience, ready for every responsibility, and adequate for every activity. Help us to be more positive in our thinking, to look increasingly on the bright side of life, to be awake to the good everywhere present, and to be ever grateful for Your gifts to us and for the love which surrounds us all our lives.

On this last day of session, help us to live our faith, to rejoice in Your presence, to maintain an attitude of good will toward all Your children, to learn to forget ourselves, and serve our state and our people faithfully and well. Take Your rightful place in our hearts - for in You alone is peace and joy and life. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Margaux Harris.

The Journal of the seventy-first day was approved as corrected.

**2. A referring agency may refer the debt to the department for collection at any time after a debt becomes delinquent and uncontested and the debtor has no further administrative appeal of the amount of the debt. Methods and procedures for referral must follow internal guidelines prepared by the department.**

**3. The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the state agency's applicable state or federal law requires the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure governs the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.**

**4. The state agency shall send notice to the debtor by United States regular mail at the debtor's last known address at least twenty days before the debt is referred to the department. The notice shall state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter or the state agency's own procedures.**

**32.430. 1. Debtors shall have all rights afforded under sections 32.410 to 32.470 to notice and to challenge the department's collection. The department shall not have authority to prosecute or defend civil actions on behalf of any other state agency, except as necessary to defend any challenges made to actions pursuant to section 143.902 or 143.910 for a debt refereed by a state agency or to prosecute an action pursuant to subsection 10 of section 104.910.**

**2. Venue for any suit filed in aid of collection of a state debt referred to the department shall be in Cole County. If a judgment or a lien was filed with a circuit clerk prior to the date the debt was referred to the department, the venue shall be the county in which the judgment or lien was filed.**

**3. The department is authorized to employ department staff and attorneys, and at the department's discretion, the attorney general and prosecuting attorneys and private collection agencies as authorized in sections 136.150 and 140.850 in seeking collection of debts referred to the department by a state agency.**

**32.440. 1. The department shall add to the amount of debt referred to the department by a state agency the cost of collection which shall be ten percent of the total debt referred by the state agency. The department shall have the same authority to collect the cost of collection as the department has in collecting the debt referred by the state agency.**

**2. The cost of collection shall only be waived when:**

**(1) Within thirty days after the initial notice to the debtor by the department, the debtor establishes to the department reasonable cause for the failure to pay the debt prior to referral of the debt to the department, enters into an agreement satisfactory to the department to pay the debt in full, and fully abides by the terms of that agreement;**

**(2) A good faith dispute as to the legitimacy or the amount of the debt exists, and payment is remitted or an agreement satisfactory to the department to pay the debt in full is entered into within thirty days after resolution of the dispute, and the debtor fully abides by the terms of that agreement; or**

Further amend said bill, Pages 18-19, Sections 105.716, by deleting all of said section and inserting in lieu thereof the following:

“105.716. 1. Any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by the attorney general; provided, that in the case of any claim against the department of conservation, the department of transportation or a public institution which awards baccalaureate degrees, or any officer or employee of such department or such institution, any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by legal counsel provided by the respective entity against which the claim is made or which employs the person against whom the claim is made.

In the case of any payment from the state legal expense fund based upon a claim or judgment against the department of conservation, the department of transportation or any officer or employee thereof, the department so affected shall immediately transfer to the state legal expense fund from the department funds a sum equal to the amount expended from the state legal expense fund on its behalf.

2. All persons and entities protected by the state legal expense fund shall cooperate with the attorneys conducting any investigation and preparing any defense under the provisions of sections 105.711 to 105.726 by assisting such attorneys in all respects, including the making of settlements, the securing and giving of evidence, and the attending and obtaining witness to attend hearings and trials. Funds in the state legal expense fund shall not be used to pay claims and judgments against those persons and entities who do not cooperate as required by this subsection.

3. The provisions of sections 105.711 to 105.726 notwithstanding, the attorney general may investigate, defend, negotiate, or compromise any claim covered by sections 105.711 to 105.726 against any public institution which awards baccalaureate degrees whose governing body has declared a state of financial exigency.

4. Notwithstanding the provisions of subsection 2 of section 105.711, funds in the state legal expense fund may be expended prior to the payment of any claim or any final judgment to pay costs of defense, including reasonable attorney's fees for retention of legal counsel, when the attorney general determines that a conflict exists or particular expertise is required, and also to pay for related legal expenses including medical examination fees, expert witness fees, court reporter expenses, travel costs and ancillary legal expenses incurred prior to the payment of a claim or any final judgment.

**5. Payments of no less than ten thousand dollars from the fund for property damage claims shall not require a no tax due statement from the department. If the party is found by the director of revenue to owe a delinquent tax debt to the state of Missouri under the revenue laws of this state, any funds to be paid to the party from the state legal expense fund shall be offset to satisfy such tax debt before payment is made to the party making claim or having judgment.”; and**

Further amend said bill, Pages 40-41, Section 144.083, by striking all of said sections from the bill and inserting in lieu thereof the following:

“144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections

143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.”; and

Further amend said bill, Pages 46 through 49, Section 168.071, by deleting all of said section and inserting in lieu thereof the following:

“168.071. 1. The state board of education may refuse to issue or renew a certificate, or may, upon hearing, discipline the holder of a certificate of license to teach for the following causes:

(2) The certification was obtained through use of fraud, deception, misrepresentation or bribery;

(3) There is evidence of incompetence, immorality, or neglect of duty by the certificate holder;

(4) A certificate holder has been subject to disciplinary action relating to certification issued by another state, territory, federal agency, or country upon grounds for which discipline is authorized in this section; [or]

(6) **Beginning January 1, 2012, the government entity issuing a valid certificate of license to teach in Missouri under section 168.011 shall at least one time each year provide the name and Social Security number of each certificate holder or applicant for certificate of a license to teach in Missouri to the director of revenue. The director of revenue shall at least one time each year check the status of each certificate holder or applicant for certificate of a license to teach in Missouri against a database developed by the director to determine if all state income tax returns have been filed and all state income taxes owed have been paid. If such certificate holder or applicant for certificate of a license to teach in Missouri is delinquent on any state taxes, or has failed to file state income tax returns in the last three years, the director shall then send notice to the certificate holder or applicant for certificate of a license to teach in Missouri and the department of elementary and secondary education. In the case of such delinquency or failure to file, the certificate holder's license shall be suspended within ninety days after notice of such delinquency or failure to file, and the applicant for certificate's license shall not be issued unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have**

**been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the government entity issuing the certificate of license to teach that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the certificate holder or applicant for certificate that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.**

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. The board of education may also petition the office of the attorney general to file charges on behalf of the school district for any cause other than annulment of contract, with acceptance of the petition at the discretion of the attorney general.

3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

5. The certificate holder shall be given not less than thirty days' notice of any hearing held pursuant to this section.

6. Other provisions of this section notwithstanding, the certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

- (1) Any dangerous felony as defined in section 556.061 or murder in the first degree;
- (2) Any of the following sexual offenses: rape; statutory rape in the first degree; statutory rape in the second degree; sexual assault; forcible sodomy; statutory sodomy in the first degree; statutory sodomy in the second degree; child molestation in the first degree; child molestation in the second degree; deviate sexual assault; sexual misconduct involving a child; sexual misconduct in the first degree; sexual abuse; enticement of a child; or attempting to entice a child;

- (4) Any of the following offenses involving child pornography and related offenses: promoting obscenity in the first degree; promoting obscenity in the second degree when the penalty is enhanced to a class D felony; promoting child pornography in the first degree; promoting child pornography in the second degree; possession of child pornography in the first degree; possession of child pornography in the second degree; furnishing child pornography to a minor; furnishing pornographic materials to minors; or coercing acceptance of obscene material.

7. When a certificate holder pleads guilty or is found guilty of any offense that would authorize the state board of education to seek discipline against that holder's certificate of license to teach, the local board of education or the department of elementary and secondary education shall immediately provide written notice to the state board of education and the attorney general regarding the plea of guilty or finding of guilty.

8. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.

9. In the case of any certificate holder who has surrendered or failed to renew his or her certificate of license to teach, the state board of education may refuse to issue or renew, or may suspend or revoke, such certificate for any of the reasons contained in this section.

10. In those cases where the charges filed pursuant to this section are based upon an allegation of misconduct involving a minor child, the hearing officer may accept into the record the sworn testimony of the minor child relating to the misconduct received in any court or administrative hearing.

11. Hearings, appeals or other matters involving certificate holders, licensees or applicants pursuant to this section may be informally resolved by consent agreement or agreed settlement or voluntary surrender of the certificate of license pursuant to the rules promulgated by the state board of education.

12. The final decision of the state board of education is subject to judicial review pursuant to sections 536.100 to 536.140.

13. A certificate of license to teach to an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, shall be issued only upon motion of the state board of education adopted by a unanimous affirmative vote of those members present and voting.”; and

“lieu thereof sixty-two new sections relating to the collection and distribution of state money,”; and

Further amend said bill, Section 32.115, Pages 6-9, Lines 1-118, by striking all of said section from the bill and inserting in lieu thereof the following:

“32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
- (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal

income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

**6. Notwithstanding any provision of law to the contrary, no new projects shall be approved under the development tax credit program created pursuant to sections 32.100 to 32.125 after August 28, 2011. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to issue tax credits for any project approved prior to August 28, 2011, or the ability of any taxpayer to redeem any such tax credits.”; and**

Further amend said bill, Section 32.460, Page 14, Line 7, by inserting the following after all of said line:

3. The governing body of the municipality may enter into loan agreements, sell, lease, or mortgage to private persons, partnerships, or corporations any one or more of the components of a facility received, purchased, constructed, or extended by the municipality for development of a technology business facility project. (1) Issue tax credits to the applicant in the amount of [twenty million dollars,] **the applicable annual dollar limitation**, if there is only one applicant entitled to receive tax credits in that year; or

(2) Issue the tax credits on a pro rata basis to all applicants entitled to receive tax credits in that year. Any amount of tax credits, which an applicant is, or applicants are, entitled to receive on an annual basis and are not issued due to the [twenty million dollar] **the applicable annual dollar** limitation, shall be carried forward for the benefit of the applicant or applicants to subsequent years. Further amend said bill, Section 105.716, Page 19, Line 40, by inserting the following after all of said line:

“135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) ["Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4)] "Homestead", the dwelling in Missouri owned [or rented] by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

[(5)] (4) "Income", Missouri adjusted gross income as defined in section 143.121 less two thousand dollars, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less four thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

[(6)] (5) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part[;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year]."; and

Further amend said bill, Sections 135.025, 135.030, 135.352, 135.484, 135.630, and 135.647, Pages 19-26, by striking all of said sections from the bill and inserting in lieu thereof the following:

"135.025. 1. The property taxes accrued [and rent constituting property taxes accrued] on each return shall be totaled. This total, up to [seven hundred fifty dollars in rent constituting property taxes actually paid or] eleven hundred dollars in actual property tax paid, shall be used in determining the property tax credit. The director of revenue shall prescribe regulations providing for allocations where part of a claimant's homestead is rented to another or used for nondwelling purposes or where a homestead is owned [or rented] or used as a dwelling for part of a year.

2. (1) **The director of the department of revenue shall calculate the amount of property tax credit that was attributable to renters in fiscal year 2011. Beginning with the budget request for fiscal year 2013, the director shall annually request that amount be transferred from the general revenue fund to the Missouri senior services protection fund. The money in such fund shall be appropriated for the Missouri Rx plan under section 208.782, services for seniors through the area agencies on aging, and other programs for low-income seniors.**

(2) **There is hereby created in the state treasury the "Missouri Senior Services Protection Fund", which shall consist of all gifts, donations, transfers, moneys appropriated to the fund by the general assembly, and bequests to the fund. The amount of any exemption provided under this subsection shall not exceed the projected net fiscal benefit to the state over a period of ten years, as determined by the department of economic development using the Regional Economic Modeling, Inc. dataset or comparable data.

3. Any data storage center project seeking a tax exemption under subsection 2 of this section shall submit a project plan to the department of economic development, which shall identify each known constructing taxpayer and known operating taxpayer for the project and include any additional information the department of economic development may require to determine eligibility for the exemption. Upon verification of such proof, the department of economic development shall certify the new facility to the department of revenue as being eligible for the

exemption dating retroactively to the first day of the thirty-six month period. Existing facilities or replaced facilities in existence for less than three years shall have the average expenditures calculated based upon the applicable time of existence; and

(3) All sales at retail of tangible personal property and materials for the purpose of constructing, repairing, or remodeling any expanding data storage center.

The amount of any exemption provided under this subsection shall not exceed the projected net fiscal benefit to the state over a period of ten years, as determined by the department of economic development.

5. Any data storage center project seeking a tax exemption under subsection 4 of this section shall submit a project plan to the department of economic development, which shall identify each known constructing taxpayer and each known operating taxpayer for the project and include any additional information the department of economic development may reasonably require to determine eligibility for the exemption. The department of economic development shall review the project plan and determine whether the project is eligible for the exemption under subsection 4 of this section, conditional upon subsequent verification by the department that the project meets the requirements in subsection 1 of this section for an expanding facility project and the execution of the agreement specified in subsection 6 of this section. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditional approved facility has met the requirements in subsection 1 of this section, the project taxpayers shall provide proof of the same to the department of economic development. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, shall issue a refund of taxes paid but eligible for exemption under subsection 4 of this section to any applicable project taxpayer and issue a certificate of exemption to any applicable project taxpayer for ongoing exemptions under subsection 4 of this section.

6. (1) The exemptions in subsections 2 and 4 of this section shall be tied to the new or expanding facility project. A certificate of exemption in the hands of a taxpayer that is no longer an operating or constructing taxpayer of the new or expanding facility project shall be invalid as of the date the taxpayer was no longer an operating or constructing taxpayer of the new or expanding facility project. New certificates of exemption shall be issued to successor constructing taxpayers and operating taxpayers at such new or expanding facility projects. The right to the exemption by successor taxpayers shall exist without regard to subsequent levels of investment in the new or expanding facility by successor taxpayers.

(2) As a condition of receiving an exemption under subsection 2 or 4 of this section, the project taxpayers shall enter into an agreement with the department of economic development providing for repayment penalties in the event the data storage center project fails to comply with any of the requirements of this section.

(3) The department of revenue shall credit any amounts remitted by the project taxpayers under this subsection to the fund to which the sales and use taxes exempted would have otherwise been credited.

7. The department of economic development and the department of revenue shall cooperate in conducting random audits to ensure that the intent of this section is followed.

8. The department of economic development and the department of revenue shall jointly prescribe such rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

(2) Enhance technology transfer and technology commercialization derived from research at public and private not-for-profit institutions within the centers for excellence. For purposes of sections 196.1100 to 196.1130, "technology transfer and technology commercialization" includes stages of the regular business cycle occurring after research and development of a life science technology, including but not limited to reduction to practice, proof of concept, and achieving federal Food and Drug Administration, United States Department of Agriculture, or other regulatory requirements in addition to the definition in section 348.251. Funds received by the board may be used for purposes authorized in sections 196.1100 to 196.1130 and shall be subject to the restrictions of sections 196.1100 to 196.1130, including but not limited to the costs of personnel, supplies, equipment, and renovation or construction of physical facilities; provided that in any single fiscal year no more than [ten] **thirty** percent of the moneys appropriated shall be used for the construction of physical facilities and further provided that in any fiscal year **up to** eighty percent of the moneys shall be appropriated to build research capacity at public and private not-for-profit institutions and **at least** twenty percent **and no more than fifty percent** of the moneys shall be appropriated for grants to public or private not-for-profit institutions to promote life science technology transfer and technology commercialization. Of the moneys appropriated to build research capacity, twenty percent of the moneys shall be appropriated to promote the development of research of tobacco-related illnesses.

196.1115. 1. The moneys appropriated to the life sciences research board that are not distributed by the board in any fiscal year to a center for excellence or a center for excellence endorsed program pursuant to section 196.1112, if any, shall be held in reserve by the board or shall be awarded on the basis of peer review panel recommendations for capacity building initiatives proposed by public and private not-for-profit academic, research, or health care institutions or organizations, or individuals engaged in competitive research in targeted fields consistent with the provisions of sections 196.1100 to 196.1130.

2. The life sciences research board may, in view of the limitations expressed in section 196.1130:

(1) Award and enter into grants or contracts relating to increasing Missouri's research capacity at public or private not-for-profit institutions;

(2) Make provision for peer review panels to recommend and review research projects;

(3) Contract for [administrative and] support services;

(4) Lease or acquire facilities and equipment;

(5) Employ administrative staff; and

(6) Receive, retain, hold, invest, disburse or administer any moneys that it receives from appropriations or from any other source.

3. **The Missouri technology corporation, established under section 348.251, shall serve as the administrative agent for the life sciences research board.**

4. The life sciences research board shall utilize as much of the moneys as reasonably possible for building capacity at public and private not-for-profit institutions to do research rather than for administrative expenses. The board shall not in any fiscal year expend more than two percent of the total moneys appropriated to it and of the moneys that it has in reserve or has received from other sources for its own administrative expenses **for appropriations over twenty million dollars; three percent for appropriations less than twenty million dollars but more than fifteen million dollars; four percent for appropriations less than fifteen million dollars but more than ten million dollars; five percent for appropriations less than ten million dollars;** provided, however, that the general assembly by appropriation from the life sciences research trust fund may authorize a limited amount of additional moneys to be expended for administrative costs.”; and

Further amend said bill, Sections 253.545, 253.550, 253.557, 253.559, 348.250, 348.251, 348.256, Pages 52-66, by striking all of said sections from the bill and inserting in lieu thereof the following:

“253.545. As used in sections 253.545 to 253.559, the following terms mean, unless the context requires otherwise:

(1) "Certified historic structure", a property located in Missouri and listed individually on the National Register of Historic Places;

(2) "Deed in lieu of foreclosure or voluntary conveyance", a transfer of title from a borrower to the lender to satisfy the mortgage debt and avoid foreclosure;

(3) **"Department", the department of economic development;**

(4) "Eligible property", property located in Missouri and offered or used for residential or business purposes;

[(4)] (5) "Leasehold interest", a lease in an eligible property for a term of not less than thirty years;

[(5)] (6) "Principal", a managing partner, general partner, or president of a taxpayer;

[(6)] (7) "Structure in a certified historic district", a structure located in Missouri which is certified by the department of natural resources as contributing to the historic significance of a certified historic district listed on the National Register of Historic Places, or a local district that has been certified by the United States Department of the Interior;

[(7)] (8) "Taxpayer", any person, firm, partnership, trust, estate, limited liability company, or corporation;

(9) **"Total basis in the property", the cost, or fair market value, of the property at the time of acquisition, or as otherwise defined in the Internal Revenue Code of 1986, as amended. Cost includes the cash paid, the fair market value of services rendered, and the fair market value of property traded in exchange for the property. Certain closing costs may also be added to the basis of property. Such closing costs include commissions paid by the purchaser, legal fees, recording fees, and state transfer taxes on real estate;**

(10) **"Total costs and expenses of rehabilitation", all reasonable costs and expenses related to the rehabilitation of eligible property that is a certified historic structure or a structure in a certified historic district, including but not limited to qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and any related regulations promulgated under such section. Taxpayers may incur qualifying expenses included in the total costs and expenses of rehabilitation at their own risk up to one year before the date of submission of a preliminary application under section 253.559. Such reasonable costs and expenses shall include, but not be limited to, rehabilitation work in progress and accrued developer fees if an agreement or other contractual document provides for payment of such accrued developer fees within twelve years of project completion. If a taxpayer defaults on the payments of the developer fees, the applicant will be liable to the state for the portion of tax credits attributable to the amount of the unpaid developer fees over the twelve year period. In determining the total costs and expenses of rehabilitation the department shall accept such costs and expenses as certified by a licensed certified public accountant that is not an affiliate of the applicant, so long as such cost and expense certification is the same as being used to determine qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, or, if not eligible for federal historic preservation tax credits, then same as would be used if the project were eligible and using such certification to determine qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended; provided that the cost and expense certification will be subject to an audit by the department after the issuance of the tax credits. If there is a final disallowance of more than 10%, the applicant will be subject to a civil penalty equal to 110% of the tax credits attributable to the amount of the cost and expenses in excess of the final disallowance.**

253.550. 1. Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or structure in a certified historic district[, may,] **shall**, subject to the provisions of this section

and section 253.559, receive a credit against the taxes imposed pursuant to chapters 143 and 148, except for sections 143.191 to 143.265, on such taxpayer in an amount equal to twenty-five percent of the total costs and expenses of rehabilitation incurred [after January 1, 1998, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder,] provided the rehabilitation costs associated with rehabilitation and the expenses exceed fifty percent of the total basis in the property and the rehabilitation meets standards consistent with the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources.

2. During the period beginning on January 1, 2010, but ending on or after June 30, 2010, the department of economic development shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed seventy million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. The limitations provided under this subsection shall not apply to applications approved under the provisions of [subsection 3 of] section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

3. For all applications for tax credits approved on or after January 1, 2010, **but before June 30, 2011**, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of this section shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to January 1, 2010; or

(2) Any taxpayer applying for tax credits, provided under this section, which, on or before January 1, 2010, has filed an application with the department evidencing that such taxpayer:

(a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

5. **For each fiscal year beginning on or after July 1, 2011, the department shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed eighty-five million dollars, increased by any amount of tax credits for which approval shall be rescinded or carried forward under the provisions of section 253.559. The limitations provided under this subsection shall not apply to applications approved under the provisions of section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits or for projects under subsection 7 (1) provided that no more than ten million dollars shall be authorized in any fiscal year for such projects.**

6. For all applications for tax credits approved on or after July 1, 2011, no more than two hundred fifty thousand dollars in tax credits may be issued for the total costs and expenses of rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district. For purposes of this subsection, "eligible property" shall not include any property with a purchase price in excess of four hundred thousand dollars.

7. For each fiscal year beginning on or after July 1, 2011, in addition to applications for tax credits authorized by the department subject to the limitations on tax credit authorization provided under the provisions of subsections 5 and 6 of this section, the department shall also approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 for the following projects which, in the aggregate, shall not exceed the difference between one hundred forty million dollars and the maximum amount of tax credits for which applications may be approved under subsection 5 of this section:

(1) Any preliminary application for tax credits for a project which is authorized to receive federal low-income housing tax credits;

(2) Any preliminary application for tax credits for a project which:

(a) On or before July 1, 2011, has received an approved Part I from the Secretary of the United States Department of the Interior or is a certified historic structure; and

(b) Has had costs and expenses incurred by a taxpayer for an eligible property on or before July 1, 2011, including but not limited to acquisition costs, exceeding the lesser of fifteen percent of the total project costs or three million dollars, and for which such taxpayer's interest, including all rehabilitation work in progress, was acquired by any bank, financial institution, or political subdivision by deed or foreclosure or any subsequent transferee;

(3) Any preliminary application for tax credits for a project which, on or before July 1, 2011, has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation would, upon completion, be expected to exceed fifty percent of the total basis in the property.

253.557. 1. If the amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to any of the three preceding years and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding ten years, or until the full credit is used, whichever occurs first. **Notwithstanding the foregoing, for all tax credits authorized under the provisions of sections 253.545 to 253.559 on or after July 1, 2011, if the total amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to the preceding year and carried forward for credit against the taxes imposed under chapters 143 and 148, except for sections 143.191 to 143.265 for the succeeding five years, or until the full credit is used, whichever occurs first.** Not-for-profit entities, including but not limited to corporations organized as not-for-profit corporations pursuant to chapter 355 shall be ineligible for the tax credits authorized under sections 253.545 [through 253.561] **to 253.559.** Taxpayers eligible for such tax credits may transfer, sell or assign the credits **to any other taxpayer, including but not limited to a not-for-profit entity.** Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners, **including but not limited to any not-for-profit entity that is a partner, member, or owner,** respectively pro rata or pursuant to an executed agreement among [the] **such** partners, members or owners documenting an alternate distribution method.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265. The assignor shall perfect such transfer by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department [of economic development]. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each **preliminary** application shall be reviewed by the department [of economic development] for approval. In order to receive approval, [an] **a preliminary** application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated **or actual** project start date, and the estimated project completion date; **and**

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district[; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval].

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department [of economic development] shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department [of economic development] deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the applicant identified in such application shall notify the department of such change within ninety days of such change.**

5. In the event that the department [of economic development] grants approval for tax credits equal to the total amount available under [subsection] **subsections 2 to 7** of section 253.550, or sufficient that when totaled with all other approvals, the amount available under [subsection] **subsections 2 to 7** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department [of economic development] that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department [of economic development] and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation, **if rehabilitation has not previously begun**, within two years of the date of issuance of the letter from the department [of economic development] granting the approval for tax credits. "[Commencement of] **Commence** rehabilitation" shall mean that [as of the date in which] actual physical work, **as** contemplated by the architectural plans submitted with the application, has begun, **and that** the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. **Taxpayers may commence rehabilitation and incur qualifying expenses at their own risk before the property qualifies as a certified historic structure. Upon final review by the department under this section, including the necessary determination of the total costs and expenses of rehabilitation, the taxpayer shall receive tax credits for all qualifying expenses.** If the department [of economic development] determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under [subsection] **subsections 2 to 7** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department [of economic development] and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final [approval] **review** and issuance of tax credits from the department [of economic development] which, in consultation with the department of natural resources, shall determine **(I)** the final amount of [eligible rehabilitation costs and expenses] **the total costs and expenses of rehabilitation based solely on a certification of such total costs and expenses of rehabilitation prepared in a manner prescribed by the department and submitted with the final**

**application submitted under this section** and (ii) whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The [approval] **review** of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department [of economic development]. The department [of economic development] shall inform a taxpayer of final [approval] **determination** by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that **total** costs and expenses of rehabilitation [of] **for** the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the [amount of eligible rehabilitation] **total** costs and expenses **of rehabilitation** incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be **automatically approved**, subject **only to availability of tax credits and** all provisions regarding priority provided under subsection 1 of this section.

9. The department [of economic development] shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

10. (1) Taxpayers or duly authorized representatives may appeal any official decision, including all preliminary or final approvals and denials of approvals, made by the department or the department of natural resources with regard to an application submitted under sections 253.550 to 253.559 to an independent third-party appeals officer designated by the department. Such appeals under this section shall constitute an administrative review of the decision appealed from and shall not be conducted as an adjudicative proceeding.

(2) Appeals shall be submitted to the designated appeals officer in writing within thirty days of receipt by the taxpayer or the taxpayer's duly authorized representative of the decision that is the subject of the appeal, and shall include all information the appellant wishes the appeals officer to consider in deciding the appeal.

(3) Upon receipt of an appeal, the appeals officer shall notify the department or the department of natural resources that an appeal is pending, identify the decision being appealed, and forward a copy of the information submitted by the appellant. The department or the department of natural resources may submit a written response to the appeal.

(4) The appellant shall be entitled to one meeting with the appeals officer to discuss the appeal, but the appeals officer may schedule additional meetings at the officer's discretion. The department or the department of natural resources may appear at all meetings.

(5) The appeals officer shall consider the record of the decision in question, any further written submissions by the appellant and the department or the department of natural resources, and other available information, and shall deliver a written decision to all parties as promptly as circumstances permit.

11. Notwithstanding any provision of law to the contrary, no tax credits provided under sections 253.545 to 253.559 shall be authorized on or after August 28, 2021. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to such date, or a taxpayer's ability to redeem such tax credits.

Further amend said bill, Sections 447.708, 620.1878, 620.1881, 620.1900, and 620.2300, Pages 75-98, by striking all of said sections and inserting in lieu thereof the following:

“447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month

period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality

which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to [6] 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

No more than a total of ten million dollars in tax credits authorized under the provisions of sections 447.700 to 447.718 shall be authorized in any fiscal year for projects which receive benefits under the provisions of section 99.1205.**

The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any qualified company that in conjunction with their project is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

After its bankruptcy petition has been filed, it produces proof, in a form and at times satisfactory to the department, that it is not delinquent in filing any tax returns or making any payment due to the state of Missouri, including but not limited to all tax payments due after the filing of the bankruptcy petition and under the terms of the plan of reorganization. Any taxpayer who is awarded benefits under this subsection and who files for bankruptcy under Chapter 7 of the United States Bankruptcy Code, Title 11 U.S.C., shall immediately notify the department and shall forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained;

[(31)] (33) "Tax credits", tax credits issued by the department to offset the state income taxes imposed by chapters 143 and 148, or which may be sold or refunded as provided for in this program;

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under [subdivision (19) of] section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level

applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this [subdivision] **subsection**. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision [(33)] **(35)** of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

**(5) (a) Job retention projects: In lieu of the benefits provided under subdivision (4) of this subsection and in exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this subdivision if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this subdivision.**

**(b) A qualified company meeting the requirements of this subdivision may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this subdivision, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this subdivision and subdivision (6) of this subsection shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.**

**(c) In order to be eligible to receive benefits under this subdivision, the qualified company shall meet each of the following conditions:**

**a. The qualified company shall agree to retain, for a period of ten years from the date of approval, at least one hundred and twenty-five retained jobs; and**

**b. The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount at least three times the amount of the benefits, available under this subdivision, which are offered to the qualified company by the department.**

**(d) In awarding benefits under this subdivision, the department shall consider the following factors:**

**a. The significance of the qualified company's need for program benefits;**

b. The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

c. The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

d. The financial stability and creditworthiness of the qualified company;

e. The level of economic distress in the area;

f. An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

g. The percent of local incentives committed;

(e) Upon approval of a notice of intent to request benefits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

b. Clawback provisions, as may be required by the department; and

c. Any other provisions the department may require.

(f) In no event shall the total amount of benefits available to all qualified companies under this subdivision exceed:

a. Three million dollars for the fiscal year beginning on or after July 1, 2011, and ending on or before June 30, 2012;

b. Four million dollars for the fiscal year beginning on or after July 1, 2012, and ending on or before June 30, 2013;

c. Five million dollars for the fiscal year beginning on or after July 1, 2013, and ending on or before June 30, 2014; and

d. Six million dollars for all fiscal years beginning on or after July 1, 2014.

(6) (a) The department may award a qualified company meeting the requirements of subdivision (5) of this subsection tax credits in an amount not to exceed eighty percent of the amount the qualified company may otherwise be eligible to retain for a period of five years under subdivision (5) of this subsection.

(b) In addition to satisfying each of the requirements of subdivision (5) of this subsection, a qualified company requesting tax credits under this subdivision shall provide to the department, prior to approval, evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within two years of the date of approval.

(c) Upon approval of a notice of intent to request tax credits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of jobs, payroll, and new capital investment for each year during the project period;

b. The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval;

c. Penalties, including the recapture of tax credits awarded under this subdivision, for failure to satisfy the requirements provided under this subdivision and subdivision (5) of this subsection; and

d. Any other provisions the department may require.

(d) No later than October 1, 2011, and the first day of October each year thereafter, the department shall provide to the budget committee of the house of representatives and the appropriations committee of the senate a request for an appropriation for the tax credits authorized under this subdivision. Appropriations made under the provisions of this subdivision shall provide the amount of tax credits which may be authorized during the fiscal year immediately following the fiscal year in which such appropriation is made. Appropriations provided under this subdivision shall only be made in the annual appropriation bill relating to public debt.

(e) No tax credits shall be authorized under the provisions of this subdivision, unless an appropriation is made under the provisions of paragraph (d) of this subdivision. In any fiscal year for which an appropriation is made under the provisions of paragraph (d) of this subdivision, no more than the amount of tax credits so appropriated shall be authorized. There is hereby created in the state treasury the "Missouri Quality Jobs Retention Tax Credit Program Fund", which shall consist of money appropriated under this subsection. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this subdivision. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in

**the fund for tax credits which have been authorized but not yet redeemed at the end of the fiscal year shall not revert to the credit of the general revenue fund. Any moneys remaining in the fund at the end of the fiscal year for any tax credits which remain unauthorized at the end of the fiscal year shall revert to the credit of the general revenue fund. Provisions of section 32.057 to the contrary notwithstanding, the department of revenue shall notify the director of the department upon redemption of each tax credit authorized under the provisions of this subdivision. Upon such notification, an amount equal to the tax credits redeemed shall be transferred from the fund created in this subdivision to the general revenue fund. In the event the department determines that any tax credit authorized under this subsection is precluded from being redeemed due to contractual agreement entered into by the department and the tax credit applicant or is otherwise precluded by law from being redeemed, an amount equal to such tax credit shall be transferred from the fund created in this subdivision to the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the general revenue fund at the end of each fiscal year.**

(7) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially

filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

**620.2300. 1. As used in this section, the following terms shall mean:**

However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;**
- (5) "Full-time employee", an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;**
- (6) "Major source", the same meaning as is provided under 40 CFR 70.2;**
- (7) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee's work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;**
- (8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:**
  - (a) The area consists of at least fifty contiguous acres;**
  - (b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States Environmental Protection Agency;**
  - (c) The area contains a manufacturing facility that is closed, undergoing closure, idle, underutilized, or curtailed and that at one time employed at least two hundred employees;**

- (10) "Project application", an application submitted to the department, by an owner of all or a portion of a park, on a form provided by the department, requesting benefits provided under this section;**
- (11) "Project facility", a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;**
- (12) "Project facility base employment", the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in operation prior to the date of the project application.**

**2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.**

**3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:**

- (1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;**

(2) **Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or**

(3) **Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier.”; and**

Further amend said bill, Section 1, Page 98, Line 3, by inserting the following after all of said line:

“[348.253. 1. The Missouri technology corporation may contract with not-for-profit organizations to carry out the provisions of sections 348.251 to 348.275. By entering into such contracts, the corporation shall attempt to achieve the following objectives:

Further amend said bill, Section B, Page 98, Line 9, by inserting the following after all of said line:

“Section C. As provided in section 1.140, the provisions of every section in this act are severable. If any provision of any section in this act is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of the act are valid unless the court finds the valid provisions of the act are so essentially and inseparably connected with, and so dependent upon, the void provision that it cannot be presumed the legislature would have enacted the valid provisions without the void one; or unless the court finds that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

## BENEDICTION

The Benediction was given by Msgr. Robert A. Kurwicky.

Almighty and ever loving God, we humbly stand before You tonight as this session of the Missouri House of Representatives has come to its peaceful conclusion for the year. We express as a chamber our gratitude to You for Your graces, favors, and mercies granted unto us, our staffs, our families and our state.

We acknowledge also our thanks for all the lessons learned, both on and off the floor, of how government works and serves. For the friendships formed, we ask Your blessings; for the relationships broken, we beg for healing.

Finally, fill us with a sense of satisfaction, comfort for the tasks accomplished, and blessings and safety as we travel home. And the House says, "Amen!"

NINETY-SIXTH GENERAL ASSEMBLY  
of the  
STATE OF MISSOURI  
FIRST EXTRAORDINARY SESSION

---

FIRST DAY, Tuesday, September 6, 2011

Representative Flanigan in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*There is one God and Father of all, who is above all, and through all and in all. (Ephesians 4:6)*

Almighty God, our Heavenly Creator, we pause in the midst of pressing duties and commanding needs to open our hearts in prayer unto You - Who is the source of goodness and love and truth - that the light of Your spirit may shine upon our pathway and illumine the way to righteousness, to justice and to peace.

Keep our hearts clean, our spirits courageous, and our minds clear as we face the tasks of this day. Lead us and all people to that realm where goodwill shall reign and truth shall rule and freedom shall regulate the actions of humanity.

Before this altar of prayer we dedicate ourselves anew to You and we pledge our loyalty to our state and to the well-being of our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

## MESSAGE FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Jeremiah W. (Jay) Nixon.

### PROCLAMATION

WHEREAS, prudently designed economic development programs accelerate Missouri's economic growth through the creation of a vibrant business climate that attracts new employers to Missouri and encourages existing businesses to expand; and

WHEREAS, the Missouri Science and Innovation Reinvestment Act, Compete Missouri Initiative, data storage centers, recruitment of significant amateur sporting events and the creation of an international export hub to facilitate the expansion of Missouri exports are critical programs that capture Missouri's bold vision and competitive spirit and will spur economic expansion in all corners of this state; and

## 2 *Journal of the House*

WHEREAS, economic development programs must include transparency, accountability and return on investment and be implemented in a fiscally prudent manner; and

WHEREAS, economic incentives and tax credit programs must be regularly reviewed to ensure those programs are effective in addressing their purpose and provide appropriate return on investment; and

WHEREAS, implementation of tax credit reform will inject accountability, transparency and result in taxpayer funds being spent in a fiscally effective manner; and

WHEREAS, legislation to modernize Department of Revenue collection measures and a period of tax amnesty will benefit citizens of the State of Missouri and have a positive impact on general revenue; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282, passed during the First Regular Session of the Ninety-Sixth General Assembly, would have moved Missouri's Presidential Primary to March, 2012; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 was vetoed due to the inclusion of objectionable provisions unrelated to the moving of the date for the Presidential Primary; and

WHEREAS, a March, 2012 Presidential Primary will allow Missouri to remain a crucial state during the presidential nomination process; and

WHEREAS, the First Regular Session of the Ninety-Sixth General Assembly considered but failed to pass legislation that would have transferred supervision and control over the St. Louis Metropolitan Police Department to the City of St. Louis; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need for economic development legislation, tax credit reform, tax amnesty legislation, enhancement of Department of Revenue collection measures, moving the date of the 2012 Presidential Primary and transitioning the St. Louis Metropolitan Police Department to local control are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasions that exist in the state of Missouri:

I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, on September 6, 2011; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

- To enact legislation implementing comprehensive reforms to existing tax credit programs that produces substantial savings to the state treasury through the elimination of programs, imposition or lowering of caps, establishment of program sunsets and other reforms that create efficiencies and safeguard the taxpayers' money. This matter is restricted and nothing in this Proclamation should be construed to authorize the enactment of legislation amending the five year limitation on interest costs eligible for issuance of tax credits under section 99.1205.3, RSMo.

- To enact legislation that incentivizes the development of an international air cargo hub at Lambert-St. Louis International Airport through creation of an air export tax credit for freight forwarders not to exceed a total of sixty million dollars over eight years and a real estate development tax credit not to exceed a total of three hundred million dollars over sixteen years for eligible facilities located in "gateway zones," the qualification for which will be confirmed and verified by the Department of Economic Development, and additional accountability, oversight and participation protections.
- To enact the Missouri Science and Innovation Reinvestment Act authorizing the Missouri Technology Corporation to provide grants, loans and investments in science and innovation businesses through use of funding generated by capturing a portion of any new growth in income tax revenue generated by employees working at such new and existing science and innovation businesses in Missouri.
- To enact the Compete Missouri Initiative which streamlines and updates Missouri's training programs to reflect business and workforce needs; consolidates Missouri's business development incentives into a single program with consistent definitions and processes; provides performance-based benefits with broader accessibility for small businesses and businesses in rural areas; provides additional benefits for targeted industries identified by business leaders in Missouri's Strategic Initiative for Economic Growth; provides business retention incentives for companies retaining more than 125 jobs annually; and authorizes establishment of a closing fund for competitive recruitment and retention projects.
- To enact legislation creating incentives for the construction and development of high-tech data centers that allows a high-tech data center making a minimum capital investment of thirty-seven million dollars and creating at least thirty new jobs to be exempt from certain state and local sales taxes on utilities, machinery and equipment used in the operation of the data center and on personal property and materials used in the construction of the data center, with the overall amount of the exemption limited to the positive fiscal impact to taxpayers resulting from the project.
- To enact legislation authorizing tax credits available for sports commissions, convention and visitors bureaus, certain nonprofit organizations, counties, and municipalities to offset expenses incurred in attracting amateur sporting events to the state in an amount not to exceed three million dollars annually; and to authorize a revenue-neutral contribution tax credit for donations to local sports organizations for the purposes of attracting amateur sporting events to the state in an amount not to exceed ten million dollars annually.
- To enact legislation creating administrative efficiencies and improving the Department of Revenue's ability to collect moneys owed to the State by authorizing the Department of Revenue to: 1) collect, upon referral, debts owed to other state agencies; 2) reduce its expenses associated with providing required notices; 3) recover its collection and administrative costs by retaining one percent of the amount of any local sales or use tax collected by the Department; 4) enter into a reciprocal collection and offset of indebtedness agreement with the federal government; 5) issue orders directly to debtors' employers or other sources of income to facilitate the execution of administrative judgments; and 6) issue statements indicating that no taxes or fees, for which the Department is responsible for collecting, are due, as a prerequisite for payment of certain claims or judgments from the state legal expense fund.
- To enact legislation authorizing the Department of Revenue to grant amnesty to taxpayers from the assessment or payment of penalties, additions to tax, and interest with respect to unpaid income tax and sales tax due and owing that the taxpayer voluntarily reports and pays in full between August 1, 2012 and September 30, 2012.
- To enact legislation authorizing an orderly transition in the governance of the St. Louis Metropolitan Police Department from a board of police commissioners to the City of St. Louis through a process that provides for equitable employment treatment for commissioned and civilian personnel.
- To enact legislation moving Missouri's Presidential Primary to the first Tuesday after the first Monday in March of each presidential election year.

4      *Journal of the House*

- To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require advice and consent of the Senate.

Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 22nd day of August, 2011.

# JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

SECOND DAY, WEDNESDAY, SEPTEMBER 7, 2011

The House met pursuant to adjournment.

Representative Jones (117) in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*God is our refuge and strength, a very present help in trouble, therefore we will not fear. (Psalm 46:1)*

Eternal God, our Father, Who is the refuge and strength of Your people in every age and Whose creative spirit is ever calling us to new frontiers of thought and action, we pause in Your presence as we greet the coming of another day. In Your strength we would be made strong, with Your wisdom we would be made wise, and by Your grace we would be made good.

We are grateful for this day of opportunity and challenge. By clarity of thought, by a sincerity of spirit, by a genuineness of motive, and by a goodness of life, may we show ourselves ready for the responsibilities we face this hour.

Kindle in our hearts and in the hearts of all Your children a real love for peace, and may the rule of Your spirit increase in the minds of people until justice and goodwill shall be established upon this planet.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

## MESSAGE FROM THE GOVERNOR

September 6, 2011

TO THE SENATE AND HOUSE OF REPRESENTATIVES  
OF THE NINETY-SIXTH GENERAL ASSEMBLY OF  
THE STATE OF MISSOURI:

I am enclosing a Special Message to all members of the General Assembly. Please read the enclosed message during the Special Session.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon

SPECIAL MESSAGE

WHEREAS, by my Proclamation dated August 22, 2011, I convened the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

WHEREAS, Senate Committee Substitute for Senate Bill No. 54, relating to protecting children from sexual offenders, was passed during the First Regular Session of the Ninety-Sixth General Assembly; and

WHEREAS, significant confusion and concern has been raised regarding provisions contained in Senate Committee Substitute for Senate Bill No. 54 that limit electronic communications between teachers and students; and

WHEREAS, it is important that teachers and school district staff have the ability to appropriately communicate with their students without fear and uncertainty as to the application of the legal restrictions contained in Senate Committee Substitute for Senate Bill No. 54; and

WHEREAS, the State of Missouri has been affected by numerous natural disasters during 2011; and

WHEREAS, these natural disasters have destroyed numerous businesses in Joplin and elsewhere across this state; and

WHEREAS, counties are currently authorized to provide property tax relief for residential property destroyed by a natural disaster; and

WHEREAS, counties are not authorized under current law to provide similar property tax relief to commercial property destroyed by a natural disaster, thereby imposing a significant financial hardship to businesses attempting to rebuild and recover in the aftermath of a disaster; and

WHEREAS, affording counties the authority to extend property tax relief to commercial property destroyed by a natural disaster will provide much needed assistance to those business owners affected by disasters; and

WHEREAS, the need to repeal certain provisions contained in Senate Committee Substitute for Senate Bill No. 54 passed during the First Regular Session of the Ninety-Sixth General Assembly relating to electronic communications between teachers and students and to enact property tax relief for commercial property destroyed by a natural disaster are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do hereby amend the matters specifically designated and limited for consideration by the General Assembly in my August 22, 2011 Proclamation to add to those matters the following additional specifically designated and limited matters. The additional specifically designated and limited matters on which the action of the General Assembly is deemed necessary are as follows:

- To enact legislation repealing subsections 162.069.1 through 162.069.4, RSMo. This matter is limited to the repeal of subsections 162.069.1 through 162.069.4, RSMo, and should not be construed to allow or permit amendments to those subsections or to otherwise enact revised or new language in place thereof.
- To enact legislation establishing a mechanism for commercial property to be removed on a pro rata basis from the tax book if such commercial property is destroyed by a natural disaster and is unusable for commercial activity due to such destruction.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 6<sup>th</sup> day of September, 2011.

/s/ Jeremiah W. (Jay) Nixon  
Governor

ATTEST:

# JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

THIRD DAY, THURSDAY, SEPTEMBER 8, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

*Let us love one another: for love is of God; and everyone that loveth is born of God, and knoweth God.  
(1 John 4:7)*

O God, Who has guided our ancestors to build on these shores a nation of the people, by the people, and for the people and Who did give them faith to believe that they may become one in spirit with liberty and justice for all, move You within our hearts that we may live according to Your holy will and that we may be open to the leading of Your gracious spirit.

Remove from our minds all bitterness and all contempt for one another, that departing from all that divides us we may, by Your grace, arrive at a new unity of spirit that being one with You we may be one with our fellow Missourians.

May our spirit be the spirit of goodwill, may our security be the security of goodwill, and may our strength be the strength of goodwill where each may live for all and all may care for each.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

# JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

FOURTH DAY, FRIDAY, SEPTEMBER 9, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*I will say of the Lord, He is my refuge and my fortress: my God, in Him will I trust. (Psalm 91:2)*

Eternal God, Who is the Creator of the world and the everlasting sustainer of our spirits, without Whom no one is wise, no one is good - we pause in Your presence to invoke Your blessing upon us and to offer unto You the devotion of our hearts on this 9/11 memorial weekend.

Bless us as we debate this day, and may we be given wisdom to make sound decisions, strength to walk in the way of justice and freedom for all, and goodwill to motivate all we say and do.

Bless our state and make us now and always people mindful of Your favor, eager to do Your will, willing to obey Your commandments, and ready to live in Your spirit of love.

Bless our Missouri House of Representatives. Strengthen their families and all their loved ones - separated from one another as they are; and, as some journey through the valley of uncertainties, let them feel Your strengthening presence and Your comforting spirit.

May we as the representatives of this state match this devotion by a deep dedication of our own spirits to the welfare of our beloved Missouri and our nation as we remember the innocent victims of 9/11.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

"99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "**Disaster area**", a **blighted area located within a municipality for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Section 5121, et seq., for an emergency proclaimed by the governor under section 44.100 due to a natural disaster of major proportions and the blighted area has sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;**

(5) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding

personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

[(5)] (6) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

[(6)] (7) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

[(7)] (8) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

[(8)] (9) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] (10) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] (11) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] (12) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] (13) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] (14) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] (15) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(15)] (16) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;

(d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;

(e) Initial costs for an economic development area;

(f) Costs of construction of public works or improvements;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(j) Payments in lieu of taxes;

[(16)] (17) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(17)] (18) "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(18)] (19) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

[(19)] (20) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is:

(a) A blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met; **or**

(b) **Predominantly within a disaster area;**

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible; **provided that, in the case of a disaster area, such information regarding financial feasibility may be provided by the municipality;**

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.835. 1. Obligations secured by the special allocation fund set forth in sections 99.845 and 99.850 for the redevelopment area or redevelopment project may be issued by the municipality pursuant to section 99.820 or by the tax increment financing commission to provide for redevelopment costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance or resolution authorizing the issuance of such obligations by the receipts of payments in lieu of taxes as specified in section 99.855 and, subject to annual appropriation, other tax revenue as specified in section 99.845. A municipality may, in the ordinance or resolution, pledge all or any part of the funds in and to be deposited in the special allocation fund created pursuant to sections 99.845 and 99.850 to the payment of the redevelopment costs and obligations. Any pledge of funds in the special allocation fund may provide for distribution to the taxing districts of moneys not required for payment of redevelopment costs or obligations and such excess funds shall be deemed to be surplus funds, except that any moneys allocated to the special allocation fund as provided in subsection 4 **or** 13 of section 99.845, and which are not required for payment of redevelopment costs and obligations, shall not be distributed to the taxing districts but shall be returned to the department of economic development for credit to the general revenue fund. In the event a municipality only pledges a portion of the funds in the special allocation fund for the payment of redevelopment costs or obligations, any such funds remaining in the special allocation fund after complying with the requirements of the pledge, including the retention of funds for the payment of future redevelopment costs, if so required, shall also be deemed surplus funds. All surplus funds shall be distributed annually to the taxing districts in the redevelopment area by being paid by the municipal treasurer to the county collector who shall immediately thereafter make distribution as provided in subdivision (12) of section 99.820.

2. Without limiting the provisions of subsection 1 of this section, the municipality may, in addition to obligations secured by the special allocation fund, pledge any part or any combination of net new revenues of any redevelopment project, or a mortgage on part or all of the redevelopment project to secure its obligations or other redevelopment costs.

3. Obligations issued pursuant to sections 99.800 to 99.865 may be issued in one or more series bearing interest at such rate or rates as the issuing body of the municipality shall determine by ordinance or resolution. Such obligations shall bear such date or dates, mature at such time or times not exceeding twenty-three years from their respective dates, when secured by the special allocation fund, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance or resolution shall provide. Obligations issued pursuant to sections 99.800 to 99.865 may be sold at public or private sale at such price as shall be determined by the issuing body and shall state that obligations issued pursuant to sections 99.800 to 99.865 are special obligations payable solely from the special allocation fund or other funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to sections 99.800 to 99.865.

4. The ordinance authorizing the issuance of obligations may provide that the obligations shall contain a recital that they are issued pursuant to sections 99.800 to 99.865, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

5. Neither the municipality, its duly authorized commission, the commissioners or the officers of a municipality nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued pursuant to sections 99.800 to 99.865 shall not be a general obligation of the municipality, county, state of Missouri, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security therefor. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory or charter debt limitation or restriction.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated

account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. 13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

**15. Beginning January 1, 2012, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2, and 3 of this section, up to fifty percent of the state disaster recovery revenues, as defined in subsection 19 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 21 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 21 of this section to the department of economic development supplemental disaster recovery fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.**

16. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established under section 99.805.

17. No transfer from the general revenue fund to the Missouri supplemental disaster recovery fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after January 1, 2011, appropriations from the state disaster recovery revenues shall not be distributed from the Missouri supplemental disaster recovery fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

18. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 15 of this section, the municipality shall comply with the requirements of subsection 21 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

(m) An estimate as to the equalized assessed valuation after the redevelopment project area is developed in accordance with a redevelopment plan;

(n) The general land uses to apply in the redevelopment area;

(o) The total number of individuals employed in the redevelopment area, broken down by full-time, part-time, and temporary positions;

(p) The total number of full-time equivalent positions in the redevelopment area;

(v) A market study for the redevelopment area;

(w) A certification by the chief officer of the applicant as to the accuracy of the redevelopment plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues and the state income tax withheld by employers on behalf of employees filling jobs within the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval, which shall provide for a maximum amount of state disaster recovery revenues available to the municipality for the duration of the redevelopment plans and projects as determined

in accordance with subdivision (4) of this subsection. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be both a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area and a portion of the estimate of the state income tax withheld by the employer on behalf of employees filling jobs within the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee;

22. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Disaster Recovery Fund", to be administered by the department of economic development. The department of economic development shall create a separate subaccount of the Missouri supplemental disaster recovery fund for each redevelopment project approved under subsections 15 to 21 of this section, into which the state disaster recovery revenues attributable to each such redevelopment project shall be deposited at least annually. The department shall annually distribute to each municipality from the corresponding subaccount of the Missouri supplemental disaster recovery fund the amount of the state disaster recovery revenues as appropriated to each municipality as provided in the provisions of subsections 15 and 16 of this section if and only if such municipality has met the conditions of subsection 21 of this section. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Any moneys remaining in the Missouri supplemental disaster recovery fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided for in section 33.080, but shall remain in the Missouri supplemental disaster recovery fund.

23. Notwithstanding anything to the contrary in subsections 15 to 22 of this section, the department of economic development may request an appropriation for any given fiscal year from the general fund to a particular subaccount of the Missouri supplemental disaster recovery fund in excess of the amount of state disaster recovery revenues estimated to be generated within the applicable redevelopment project in the calendar year immediately preceding such fiscal year, so long as the total amount of appropriations to such subaccount of the Missouri supplemental disaster recovery fund does not exceed the maximum amount provided for in the certificate of approval issued pursuant to subsection 19 of this section.

24. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental disaster recovery fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from state disaster recovery revenues deposited into the Missouri supplemental disaster recovery fund created under this section.

99.865. 1. (12) The number of parcels acquired by or through initiation of eminent domain proceedings; and

(13) Any additional information the municipality deems necessary.

2. Data contained in the report mandated pursuant to the provisions of subsection 1 of this section and any information regarding amounts disbursed to municipalities pursuant to the provisions of section 99.845 shall be deemed a public record, as defined in section 610.010. An annual statement showing the payments made in lieu of taxes received and expended in that year, the status of the redevelopment plan and projects therein, amount of outstanding bonded indebtedness and any additional information the municipality deems necessary shall be published in a newspaper of general circulation in the municipality.

3. Five years after the establishment of a redevelopment plan and every five years thereafter the governing body shall hold a public hearing regarding those redevelopment plans and projects created pursuant to sections 99.800 to 99.865. The purpose of the hearing shall be to determine if the redevelopment project is making satisfactory progress under the proposed time schedule contained within the approved plans for completion of such projects.

All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The department of economic development shall provide information and technical assistance, as requested by any municipality, on the requirements of sections 99.800 to 99.865. Such information and technical assistance shall be provided in the form of a manual, written in an easy-to-follow manner, and through consultations with departmental staff.

7. Any municipality which fails to comply with the reporting requirements provided in this section shall be prohibited from implementing any new tax increment finance project for a period of no less than five years from such municipality's failure to comply.

8. Based upon the information provided in the reports required under the provisions of this section, the state auditor shall make available for public inspection on the auditor's website, a searchable electronic database of such municipal tax increment finance reports. House Amendment No. 2

AMEND House Bill No. 2, Page 11, Section 32.460, Line 7, by inserting after all of said line the following:

“99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) **"Disaster area", a blighted area located within a municipality for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Section 5121, et seq., for an emergency proclaimed by the governor under section 44.100 due to a natural disaster of major proportions and the blighted area has sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;**

(5) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

[(5)] (6) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

[(6)] (7) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

[(7)] (8) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with

agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

[(8)] (9) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] (10) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] (11) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] (12) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] (13) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] (14) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] (15) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(15)] (16) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;
- (b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;
- (c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;
- (d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;
- (e) Initial costs for an economic development area;
- (f) Costs of construction of public works or improvements;
- (g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;
- (h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;
- (i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;
- (j) Payments in lieu of taxes;

[(16)] (17) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(17)] (18) "Taxing districts", any political subdivision of this state having the power to levy taxes;  
 [(18)] (19) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and  
 [(19)] (20) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is:  
 (a) A blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met; **or**

(b) **Predominantly within a disaster area;**

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible; **provided that, in the case of a disaster area, such information regarding financial feasibility may be provided by the municipality;**

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.835. 1. Obligations secured by the special allocation fund set forth in sections 99.845 and 99.850 for the redevelopment area or redevelopment project may be issued by the municipality pursuant to section 99.820 or by the tax increment financing commission to provide for redevelopment costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance or resolution authorizing the issuance of such obligations by the receipts of payments in lieu of taxes as specified in section 99.855 and, subject to annual appropriation, other tax revenue as specified in section 99.845. A municipality may, in the ordinance or resolution, pledge all or any part of the funds in and to be deposited in the special allocation fund created pursuant to sections 99.845 and 99.850 to the payment of the redevelopment costs and obligations. Any pledge of funds in the special allocation fund may provide for distribution to the taxing districts of moneys not required for payment of redevelopment costs or obligations and such excess funds

shall be deemed to be surplus funds, except that any moneys allocated to the special allocation fund as provided in subsection 4 **or** 13 of section 99.845, and which are not required for payment of redevelopment costs and obligations, shall not be distributed to the taxing districts but shall be returned to the department of economic development for credit to the general revenue fund. In the event a municipality only pledges a portion of the funds in the special allocation fund for the payment of redevelopment costs or obligations, any such funds remaining in the special allocation fund after complying with the requirements of the pledge, including the retention of funds for the payment of future redevelopment costs, if so required, shall also be deemed surplus funds. All surplus funds shall be distributed annually to the taxing districts in the redevelopment area by being paid by the municipal treasurer to the county collector who shall immediately thereafter make distribution as provided in subdivision (12) of section 99.820.

2. Without limiting the provisions of subsection 1 of this section, the municipality may, in addition to obligations secured by the special allocation fund, pledge any part or any combination of net new revenues of any redevelopment project, or a mortgage on part or all of the redevelopment project to secure its obligations or other redevelopment costs.

3. Obligations issued pursuant to sections 99.800 to 99.865 may be issued in one or more series bearing interest at such rate or rates as the issuing body of the municipality shall determine by ordinance or resolution. Such obligations shall bear such date or dates, mature at such time or times not exceeding twenty-three years from their respective dates, when secured by the special allocation fund, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance or resolution shall provide. Obligations issued pursuant to sections 99.800 to 99.865 may be sold at public or private sale at such price as shall be determined by the issuing body and shall state that obligations issued pursuant to sections 99.800 to 99.865 are special obligations payable solely from the special allocation fund or other funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to sections 99.800 to 99.865.

4. The ordinance authorizing the issuance of obligations may provide that the obligations shall contain a recital that they are issued pursuant to sections 99.800 to 99.865, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

5. Neither the municipality, its duly authorized commission, the commissioners or the officers of a municipality nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued pursuant to sections 99.800 to 99.865 shall not be a general obligation of the municipality, county, state of Missouri, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security therefor. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory or charter debt limitation or restriction.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest

where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. 3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

**15. Beginning January 1, 2012, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2, and 3 of this section, up to fifty percent of the state disaster recovery revenues, as defined in subsection 19 of this section, estimated for the**

For all redevelopment plans or projects adopted or approved after January 1, 2011, appropriations from the state disaster recovery revenues shall not be distributed from the Missouri supplemental disaster recovery fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

22. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Disaster Recovery Fund", to be administered by the department of economic development. The department of economic development shall create a separate subaccount of the Missouri supplemental disaster recovery fund for each redevelopment project approved under subsections 15 to 21 of this section, into which the state disaster recovery revenues attributable to each such redevelopment project shall be deposited at least annually. 23. 24. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental disaster recovery fund for the ongoing administrative functions associated with such redevelopment project. AMEND House Bill No. 2, Page 5, Section 32.087, Line 125, by inserting immediately after all of said line the following:

**“32.088. 1. Beginning January 1, 2012, the possession of a statement from the department of revenue stating no tax is due under chapters 142, 143, 144, 147, and 149, and that no fees are due under sections 260.262 or 260.273, shall be a prerequisite to the issuance or renewal of any city or county occupational license or any state license required for conducting any business. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.**

**2. Beginning January 1, 2012, in lieu of subsection 1 of this section, the director may enter into an agreement with any state agency responsible for issuing any state license for conducting any business, requiring the agency to provide the director of revenue with the name and Missouri tax identification number of each**

applicant for licensure within one month of the date the application is filed or at least one month prior to the anticipated renewal of a licensee's license. If such licensee is delinquent on any taxes under chapters 142, 143, 144, 147, and 149, or fees under sections 260.262 or 260.273, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.”; and

Further amend said bill, Page 15, Section 140.910, Line 94, by inserting after immediately after all of said line the following:

“144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [ sections 144.010 to 144.510 or sections 143.191 to 143.261 ] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

# JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

FIFTH DAY, TUESDAY, SEPTEMBER 13, 2011

The House met pursuant to adjournment.

Representative Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Trust in the Lord and do good. (Psalm 37:3)*

O God, our eternal source of wisdom, power, and love, Who is above us and within us, Who keeps the planets in their courses and yet is mindful of the faint whispers of our human hearts, before You we pause in reverence and awe, contemplating the grandeur of Your being, the greatness of Your power, and the glory of Your love.

Keep us restless until we find our rest in You, keep us dissatisfied until we find our satisfaction in You, keep us in weakness until we find our strength in You.

Into our lives come appeals for causes, some of which are good and some of which are not good. We pray that by Your spirit we may be led to make wise choices that our reactions may be good and for the good of all. Help us to keep our minds and hearts responsive to You, that Your grace may find an outlet in our lives and that we may be channels for Your spirit to establish justice between people, goodwill within homes, and peace in our state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

# JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

SIXTH DAY, WEDNESDAY, SEPTEMBER 14, 2011

The House met pursuant to adjournment.

Representative Cierpiot in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*My grace is sufficient for thee: for my strength is made perfect in weakness. (II Corinthians 12:9)*

Eternal and Almighty God, the light of all that is true, the strength of all that is good, and the glory of all that is beautiful, at the beginning of another day we would lift our minds and hearts unto You in prayer, seeking strength and wisdom and love sufficient for our needs.

Help us to walk in the light, to share our strength, and to build upon love that we may be ready for all our responsibilities and equal to every experience. May we always think clearly, speak confidently, and act courageously, and may the world of today be a better world than the world of yesterday because of our devotion and our work.

We pray that Your spirit may enter the hearts of all our people, that they and we may be delivered from all malice and all hatred, and may be led to do justly, to love mercy, and to walk humbly with You.

*Unto Thee O Lord, do I lift up my soul. (Psalm 25:1)*

O Spirit of the Living God, Whose still, small voice still summons us to turn aside from the feverish ways of foolish people, drop Your still dews of quietness, until our strivings cease; take from our souls the strain and stress, and let our ordered lives confess the beauty of Your peace.

In this mood we come this day and bow our hearts at this altar of prayer. May we be led into green pastures, beside still waters, and find restoration of spirit and renewal of our faith in You. TENTH DAY, WEDNESDAY, SEPTEMBER 21, 2011

The House met pursuant to adjournment.

Representative Zerr in the Chair.

Prayer by Representative Billy Pat Wright.

In a letter of instruction to his young ministerial disciple, Paul tells Timothy "tough times are the way;" times in which men will be lovers of self, filled with sin and will be opposed to the truth (*II Timothy 3:1-9*). He says that "evil men and imposters" will deceive others while being deceived (*3:13*). But Paul reminds Timothy to recall how he, Paul, served and taught others and exhorts him to "continue in the things you have learned." And become convinced of the sacred writings which are able to give you wisdom.

*II Timothy 3:16* reads - All scripture is inspired by God and is profitable for teaching, for reproof, for correction, for training in righteousness. Let us all in the House be reminded of our commitment to our constituents and pray for God's wisdom during this Special Session.

In Christ's name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

THIRTEENTH DAY, THURSDAY, SEPTEMBER 29, 2011

The House met pursuant to adjournment.

Representative Flanigan in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Open Thou mine eyes, that I may behold wondrous things out of Thy law. (Psalm 119:18)*

Eternal God, Who led our ancestors through the wilderness into the promised land, we thank You for Your providential care from that day to this. You guided them with a pillow of cloud by day and a pillar of fire by night, and caused them to dwell in the secret place of the Most High. As You did bestow upon them the blessing of Your law, as You did pour out upon them the gifts of Your spirit, as You did lead them in the way of Your commandments - so teach us to follow in their footsteps that we, like them, may seek after truth, strive to deal justly, to love mercy and to walk humbly and reverently with You.

Grant, O Lord, that we may love Your law and live Your life that the benediction of Your peace and the blessing of Your presence may rest upon us and upon our state now and always. And we pause for a moment of silent prayer for the repose of the soul of our former member, Representative Ed Robb of Boone County, whose funeral is today.

## COMMITTEE REPORT

**Committee on Fiscal Review**, Chairman Stream reporting:

Mr. Speaker: Your Committee on Fiscal Review, to which was referred **HCS SS SCS SB 8** (Fiscal Note), begs leave to report it has examined the same and recommends that it **Do Pass**.

## SIGNING OF SENATE BILLS

All other business of the House was suspended while **SCS SB 1** was read at length and, there being no objection, was signed by the Speaker to the end that the same may become law.

Representative Bahr offered an objection to **SS SCS SB 7**, which was appended to the bill.

## LETTER OF OBJECTION

September 23, 2011

Mr. Speaker:

My honor and duty to my sworn oath to support and defend the Missouri state Constitution compels me to raise a constitutional objection to Senate Substitute for Senate Committee Substitute for Senate Bill Seven. It is my opinion that the bill is unconstitutional for the following reasons:

1. SS/SCS for Senate Bill No. 7 violates Article I, Section 2 of the Missouri Constitution by denying equal protection under the laws of Missouri through its treatment of Missouri businesses and other taxpayers differently based on the geographic region and industries they serve.

2. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing a competitive advantage to some citizens through state supplied subsidies for the development of new enterprises at the expense of citizens who have already made investments in competing projects. The result is state sponsored diminution of their property and the state's failure to "give security" to the "gains of their own industry".

3. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing preferential and unequal treatment to some citizens, who would receive state supplied subsidies for the development of new enterprises, over other citizens who might otherwise seek development of new enterprises in competition with them in an open and free marketplace.

4. SS/SCS for Senate Bill No. 7 violates Article III, Section 36 of the Missouri Constitution, because it has the effect of "divert[ing]" money from the treasury independent of the appropriation process.

5. SS/SCS for Senate Bill No. 7 violates Article III, Section 38(a) of the Missouri Constitution, which states that "The general assembly shall have no power to grant public money or property, or lend or authorize the lending of public credit, to any private person, association or corporation..."

The potential for public benefit does not remediate the fatal flaws in this bill, for as the Missouri Supreme Court pointed out in 1987, "Accordingly, in our application of Article III, Section 38(a) of the Missouri Constitution, we have held grants with a primarily private effect to be unconstitutional, despite the possible beneficial impact upon the economy of the locality and of the state." *Curchin v. Missouri Indus. Development Bd.*, 722 SW 2d 930 (Mo: Supreme Court 1987)

6. SS/SCS for Senate Bill No. 7 violates Missouri Constitution's Article III, Section 40 prohibition of "special laws" in several ways, notably those in Section 40(30) which forbids the General Assembly from passing a local or special law where a general law can be made.

Article I, Section 2 of the Missouri Constitution provides guidance for all that the state would task itself with – it defines the role of Missouri government, what it calls its "principal office". That section was brought forward from our 1875 constitution and it was explained eloquently when introduced to the body of delegates during the 1875 Constitutional Convention:

"It [in the Bill of Rights] is then declared that the main office of government is the security of life, liberty and property - the protection of those things - not protection in the sense in which capital is employed in thousands of industries in order to render bloated one or two in some favored locality - not protection in that sense, but equal protection to all, so that every man may sit secure under the shadow of his own vine and fig tree, and have none to make him afraid." Debates of the Missouri Constitutional Convention, 1875 – Volume I, P. 430 at 24 (emph. added)

As a duly elected Representative of the great state of Missouri, I have taken an oath to support and defend the Constitution from which these principles emanate. While I have a responsibility to consider guidance from the Courts, I also have a personal responsibility to understand our Constitution and apply my understanding in the execution of my

duties. In the present instance, both the preponderance of guidance from the courts and my understanding are in agreement.

Accordingly, I conclude that Senate Substitute for Senate Committee Substitute for Senate Bill Seven is unconstitutional for the above-stated reasons and should not be agreed to or passed by this body and in the event it is finally passed by both houses of the legislature, should not be signed by the governor.

Respectfully,

/s/ Rep. Kurt M. Bahr  
District 19

- (4) "Natural disaster", any disaster due to natural causes such as tornado, fire, flood, or earthquake;**
- (5) "County", any county or city not within a county.**

**2. If a property owner makes an application under this section, any commercial real property improvement destroyed by a natural disaster shall be removed on a pro rata basis from the tax book for the current year if such property improvement is unusable due to such destruction. If such application is made before the first day of July, the county assessor shall carry out the duties of subsections 2 and 3 of this section. If such application is made on or after July first, the county board of equalization shall carry out the duties of subsections 2 and 3 of this section. In counties that are not of the first classification, if the destruction occurs after the adjournment of the county board of equalization, the county commission shall perform such duties.**

**3. Upon issuance of a certificate of occupancy for the improvement to a property removed from the tax book under subsection 2 of this section by the county, the property shall be assessed and taxed on such assessed valuation as of the first day of the month for the proportionate part of the remaining year at the tax rates established for that year in all taxing jurisdictions located in the county adopting this section. If the property is located within a county that does not issue a certificate of occupancy, upon the determination of the assessor that the improvement is suitable for use or occupancy for commercial purposes, the property shall be assessed and taxed on such assessed valuation as of the first day of the month for the proportionate part of the remaining year at the tax rates established for that year in all taxing jurisdictions located in the county adopting this section.**

**4. Any person claiming destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall make available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall be assessed double the value of any property fraudulently listed, in addition to any other penalties provided by law. The list shall be filed by the assessor, after the assessor has provided a copy of the list to the county collector and the board of equalization or county commission, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep it.**

**5. Any political subdivision may recover all loss of revenue resulting from the provisions of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section.**

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval. Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the taxpayer contained in such application shall notify the department of such change.**

5. In the event that the department of economic development grants approval for tax credits equal to the **applicable** total amount available under subsection 2, **5, or 8** of section 253.550, or sufficient that when totaled with all other approvals, the **applicable** amount available under subsection 2, **5, or 8** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of

economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the **applicable** total amount of tax credits, provided under subsection 2, **5, or 8** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development [which,]. **Such application for final approval and issuance of tax credits shall include a cost and expense certification, prepared by a licensed certified public accountant that is not an affiliate of the applicant, certifying the total costs and expenses of rehabilitation and the total amount of tax credits for which such taxpayer is eligible under sections 253.550 to 253.559. Cost and expense certifications required under this section shall separately state any accrued developer fees. No later than forty-five calendar days following receipt of a taxpayer's application for final approval and issuance of tax credits, the department of economic development shall determine, in consultation with the department of natural resources, [shall determine the final amount of eligible rehabilitation costs and expenses and] whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. If the completed rehabilitation meets such standards, the department of economic development shall, within forty-five calendar days following the receipt of the taxpayer's application for final approval and tax credit issuance, inform such taxpayer of its initial determination by letter and issue such taxpayer an initial tax credit issuance. A taxpayer receiving an initial tax credit issuance shall receive tax credit certificates in an amount equal the lesser of seventy-five percent of the total amount of tax credits for which the taxpayer is eligible under sections 253.550 to 253.559, as certified in the cost and expense certification, or the amount of tax credits approved for such project under subsection 3 of this section. Within one hundred and fifty calendar days following receipt of a taxpayer's application for final approval and tax credit issuance, the department shall determine the final amount of eligible rehabilitation costs and expenses. For a taxpayer receiving an initial tax credit issuance, no later than one hundred and fifty calendar days following receipt of such taxpayer's application for final approval and tax credit issuance, the department shall notify such taxpayer of its final determination by letter and issue such taxpayer tax credit certificates in an amount equal to the lesser of the remaining amount of tax credits for which such taxpayer is eligible to receive under sections 253.550 to 253.559, as determined by the department, or the remaining amount of tax credits for which such taxpayer was approved under subsection 3 of this section, but not issued under the initial tax credit issuance. If the department of economic development determines that the amount of tax credits issued to a taxpayer in the initial tax credit issuance is in excess of the total amount of tax credits such taxpayer is eligible to receive under sections 253.550 to 253.559, the department shall notify such taxpayer and such taxpayer shall repay the state an amount equal to such excess. For financial institutions credits authorized pursuant to sections 253.550 to [253.561] **253.559** shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. [The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates.] The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed. **Taxpayers which receive tax credit certificates under sections 253.550 to 253.559, attributable to accrued developer fees shall, within six years of completion of rehabilitation, submit an additional cost and expense certification verifying the total amount of developer fees actually accrued and paid. To the extent the amount of developer fees contained in a taxpayer's cost and expense certification included with such taxpayers application for final approval and tax credit issuance exceeds the amount of developer fees actually accrued and paid, as evidenced by the additional cost and expense certification, such taxpayer shall repay to the state an amount equal to twenty-five percent of such excess.****

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount

provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

9. The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

**10. (1) Taxpayers or duly authorized representatives may appeal any official decision, including all preliminary or final approvals and denials of approvals, made by the department or the department of natural resources with regard to an application submitted under sections 253.550 to 253.559 to an independent third-party appeals officer designated by the department. Such appeals under this section shall constitute an administrative review of the decision appealed from and shall not be conducted as an adjudicative proceeding.**

**(2) Appeals shall be submitted to the designated appeals officer in writing within thirty days of receipt by the taxpayer or the taxpayer's duly authorized representative of the decision that is the subject of the appeal, and shall include all information the appellant wishes the appeals officer to consider in deciding the appeal.**

**(3) Upon receipt of an appeal, the appeals officer shall notify the department or the department of natural resources that an appeal is pending, identify the decision being appealed, and forward a copy of the information submitted by the appellant. The department or the department of natural resources may submit a written response to the appeal.**

**(4) The appellant shall be entitled to one meeting with the appeals officer to discuss the appeal, but the appeals officer may schedule additional meetings at the officer's discretion. The department or the department of natural resources may appear at all meetings.**

**(5) The appeals officer shall consider the record of the decision in question, any further written submissions by the appellant and the department or the department of natural resources, and other available information, and shall deliver a written decision to all parties as promptly as circumstances permit.**

**11. By no later than January 1, 2012, the department shall propose rules to implement the provisions of sections 253.550 to 253.559. Prior to proposing such rules, the department shall conduct a stakeholder process designed to solicit input from interested parties. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated herein shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act, shall be invalid and void.”; and**

TWENTIETH DAY, WEDNESDAY, OCTOBER 19, 2011

The House met pursuant to adjournment.

Representative Cierpiot in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*David encouraged himself in the Lord his God. (1 Samuel 30:6)*

Almighty God, Whose spirit is within all of Your creation, Whose love never fails, and Whose presence is with us all our days, make us more aware of You, more responsive to Your call, more obedient to Your will, and more ready to help our fellow men and women.

Grant unto us a greater honesty of purpose, a more generous attitude toward others, and a most genuine faith in You - which will help us live unashamed before You and those who love us. When we are tempted, give us strength to overcome our temptations; when we begin to give way to discouragement, help us to find our encouragement in You; when we fail and would give up, grant us courage to try again.

May the light of truth illumine our way, may the love of life illumine our hearts, and may the life of love illumine our relationships with one another.

And the House says, "Amen!"

TWENTY-FIRST DAY, THURSDAY, OCTOBER 20, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Thou wilt keep him in perfect peace, whose mind is stayed on Thee: because he trusteth in Thee. (Isaiah 26:3)*

O God, our Father, Who is the creator of the world, the sustainer of life everywhere, and the companion of our way - touch our lives with spirit-hand as we come to You in this our morning prayer. Facing the tasks of this new day we pray for wisdom to make wise choices, for strength to stand firm for what is good and just for all, and for courage to walk confidently in the way of Your commandments.

We do not just pray for release from burdens, but for renewed strength to carry them; not for an escape from problems, but for an increased power to meet them and to solve them; not for less work, but for greater faith to do our work without worry.

We pray for all who are working in the cause of justice and peace in our state and in our nation. May the peace of Your presence abide in all our hearts.

## COMMITTEE REPORTS

**Committee on Rules**, Chairman Diehl reporting:

Mr. Speaker: Your Committee on Rules, to which was referred **HR 4672**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE RESOLUTION NO. 4672

WHEREAS, Missouri has an extensive history of supporting our military and strengthening our nation; and

WHEREAS, our military personnel and their families receive peace of mind that they have the F/A-18E/F Super Hornet, which is the most capable, next-generation, multi-role strike fighter in combat today, ensuring their safety, protecting our nation, and securing peace around the world; and

WHEREAS, the F/A-18E/F Super Hornet is the most capable, multi-role strike fighter in production today and will continue to provide air superiority to the United States and its allies for the next generation; and

WHEREAS, over 24,000 retirees and over 15,000 hardworking employees in Missouri contribute to the success of programs like F/A-18E/F; and

WHEREAS, in 2010, \$764 million of materials were purchased from 969 Missouri suppliers for programs such as the F/A-18E/F, further contributing to the sustainability of Missouri jobs and substantial economic impact in Missouri; and

WHEREAS, the United States invested into a multi-year procurement of F/A-18E/F Super Hornet aircraft in 2010, which will continue through 2014 and will save the taxpayers over \$818 million; and

WHEREAS, every F/A-18E/F aircraft has been delivered to our military on time and at cost, providing the only capable and affordable multi-strike fighter today; and

WHEREAS, limiting the production of the F/A-18E/F program would increase costs of the only affordable multi-strike fighter flying in combat today, effectuating adverse economic impact to Missouri:

NOW, THEREFORE BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-sixth General Assembly, hereby urge the United States Congress to recognize the importance of the F/A-18E/F Super Hornet program to the State of Missouri, our military, and our national security, and to support the continued production and full funding of the F/A-18E/F program; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Mr. Speaker: Your Committee on Rules, to which was referred **HJR 1**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.

# JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

---

TWENTY-SECOND DAY, THURSDAY, OCTOBER 27, 2011

The House met pursuant to adjournment.

Representative Grisamore in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest. (Joshua 1:9)*

O God of all goodness and grace, bless us as we lift our spirits unto You in prayer. Make us increasingly aware of Your presence as in this moment we close our eyes and open our hearts unto You. Help us to meet our experiences this day with a singing faith, a strong courage, and a steadfast love.

When disappointments come, when discouragements would shut us in and threaten to shut us out, when the clouds of distress hover over us, give us strength to launch out into the duties of each day - not understanding all that is happening - but in the midst of it all remaining steady and serene, masters of ourselves and servants of Yours.

Give us such a confidence in Your sustaining grace that no weakness of our own may cause us to lose faith and no shortcoming may make us give way to undue anxiety. In all things, by all ways, through all experiences keep us faithful that our consciences may be clear, our hearts clean, and our spirits confident.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Kennedy, Sydney and Kellen Merrell, children of Kristen Merrell, Missouri's 2011 Teacher of the Year, Lee's Summit R-7, Lee's Summit, Missouri.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kennedy Merrell, Sydney Merrell and Kellen Merrell.

## VETO SESSION

First Regular Session, 96th GENERAL ASSEMBLY

---

WEDNESDAY, SEPTEMBER 14, 2011

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Give ear to my prayer, O God; and hide not Thyself from my supplication. (Psalm 55:1)*

Our Ancient God, Whose love is from everlasting to everlasting and Whose truth endures forever, we pause in Your presence with bowed heads, lifting our spirits to You - unto Whom all hearts are open, all desires known, and from Whom no secrets are hid. Cleanse the thoughts of our hearts by the inspiration of Your Holy Spirit that we may love You more perfectly, do Your will more confidently, and serve You and our state more faithfully.

We come disturbed by the troubles of our time, burdened by the weight of worry, and distressed by our inability to see clearly what we ought to do. We pray for our nation, for our state and for ourselves that we may increase the spirit of goodwill and thus be a part of the solution and not a part of the problem that confronts us. Give us the courage to carry on knowing that in You we find strength for each task.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Louisa Cassity Curchin.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 184**, entitled:

"AN ACT"

To repeal sections 233.280, 537.620, and 537.635, RSMo, and to enact in lieu thereof three new sections relating to political subdivisions.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 184**. My reasons for disapproval are as follows:

**Senate Substitute for Senate Committee Substitute for House Bill No. 184** allows public entity risk associations, significantly reliant on taxpayer dollars, to "close meetings, records and votes as authorized in chapter 610 to the extent that such meetings, records and votes pertain to actuarial analysis, loss history, claims, data, reports and similar information relating to the determination of member rates and contributions." Chapter 610 does not provide for closure of meetings, records and votes for the purposes stated. **Senate Substitute for Senate Committee Substitute for House Bill No. 184**, therefore, creates a new exception to chapter 610, diminishing government transparency, contrary to the public policy of this state. The closure of these meetings, records and votes effectively places a significant portion of the operations of these public entity risk associations beyond public scrutiny. Further, the closure of this information may limit the members of these entities from obtaining information needed to make informed decisions about their membership.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 184** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon  
Governor

TO THE CHIEF CLERK OF THE  
HOUSE OF REPRESENTATIVES  
96<sup>TH</sup> GENERAL ASSEMBLY  
FIRST REGULAR SESSION  
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 209** entitled:

"AN ACT"

To repeal sections 67.402, 226.720, and 537.296, RSMo, and to enact in lieu thereof three new sections relating to nuisance actions, with penalty provisions.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**. My reasons for disapproval are as follows:

**Senate Substitute for Senate Committee Substitute for House Bill No. 209** is flawed because certain of its provisions apply to nuisances not related to crop or animal production, and because it prohibits recovery of punitive damages in nuisance actions emanating from property used for crop or animal production.

**Senate Substitute for Senate Committee Substitute for House Bill No. 209** is overbroad because it goes beyond its purported intent of addressing only agricultural nuisances. Section 537.296.3 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** converts a second temporary nuisance claim to a claim for permanent nuisance, but importantly, does not contain language limiting its application to nuisances emanating from crop or animal production. By contrast, the exclusive damages provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** and the “good faith” abatement provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** are expressly limited to “crop or animal production.” By its own terms, therefore, the two lawsuit limitation in Section 537.296.3 applies to all types of nuisances and not just those relating to crop or animal production. Application of this provision beyond the purported intent of the bill, and the unintended consequences of this application, necessitates my disapproval.

Similarly, Section 537.296.5 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** makes substantive changes to standing requirements, but again does not contain language limiting it to nuisances emanating from crop or animal production. The omission of language limiting this provision to crop or animal production has the presumably unintended effect of making all manner of nuisances – those involving blasting, vehicle exhaust, noise, dust, or leaking gas tanks or oil lines, to name just a few – subject to the standing provision of this bill and making changes to nuisance law not contemplated by either the proponents or opponents of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**.

Finally, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** unacceptably prohibits punitive damages in a nuisance action arising out of crop or animal production. Under Missouri law, punitive damages are recoverable in a temporary nuisance action, i.e., where the nuisance is capable of abatement, and in a permanent nuisance action, i.e., where the nuisance cannot be abated. These damages are currently recoverable for agricultural and non-agricultural nuisances. Section 537.296.2 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** changes Missouri law to provide that the “exclusive damages” awardable in temporary and permanent nuisance actions emanating from crop or animal production are the reduction in fair rental value or fair market value, plus compensatory damages arising from a medical condition caused by the nuisance. This exclusivity provision does not contain an exception for punitive damages. On its face, therefore, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** turns back decades of Missouri common law by prohibiting the recovery of punitive damages in an agricultural nuisance action. The recovery of punitive damages is an important tool to incent the abatement of noxious activity, and must continue to be available to persons aggrieved by a nuisance arising out of crop or animal production.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 209** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon  
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 256**, entitled:

"AN ACT"

To repeal section 477.650, RSMo, and to enact in lieu thereof one new section relating to the basic civil legal services fund.

I disapprove of **Senate Committee Substitute for House Bill No. 256**. My reasons for disapproval are as follows:

**Senate Committee Substitute for House Bill No. 256** is identical to Senate Bill No. 165 which I approved on July 8, 2011. As a result, the extension of the sunset provision contained in **Senate Committee Substitute for House Bill No. 256** will become law without the necessity of approving this duplicative legislation.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 256** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon  
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 430**, entitled:

"AN ACT"

To repeal sections 21.795, 70.441, 226.540, 227.107, 301.010, 301.147, 301.225, 301.559, 301.560, 301.562, 301.3084, 302.302, 302.309, 302.341, 302.700, 304.120, 304.180, 304.200, 387.040, 387.050, 387.080, 387.110, 387.207, 390.051, 390.061, 390.116, 390.280, and 577.023, RSMo, and to enact in lieu thereof forty-two new sections relating to transportation, with penalty provisions, a contingent effective date for certain sections, and an effective date for a certain section.

I disapprove of **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 430**. My reasons for disapproval are as follows:

This bill would severely restrict the authority of local communities to regulate billboards. By invalidating any local billboard regulation that is contrary to "customary usage" or one that prohibits billboards in certain areas, this bill would limit local government efforts to preserve community character and promote community values. Local control of billboards ensures that billboards are placed in areas that complement local economic development and local community values. It is unfortunately all too common for a poorly located billboard to define an area in a manner anathema to the morals and values of the local community. Local elected officials can make the best decisions about the location and placement of billboards within their communities in ways that preserve local character and promote business.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 430** without my approval.

Respectfully submitted,

Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Bill No. 465** entitled:

"AN ACT"

To repeal sections 370.100, 370.157, 370.310, 370.320, 370.353, and 370.359, RSMo, and to enact in lieu thereof thirteen new sections relating to credit unions.

I disapprove of **House Committee Substitute for House Bill No. 465**. My reasons for disapproval are as follows:

**House Committee Substitute for House Bill No. 465**, relating to credit unions, amends the same provisions of Chapter 370, RSMo, as Senate Substitute for Senate Bill No. 306. However, although the two bills are substantively similar, their language is not identical. Approval of both bills would create an ambiguity as to the process for appointing the director of the division of credit unions. In order to avoid the unnecessary confusion occasioned by the approval of nearly duplicative legislation, I am disapproving **House Committee Substitute for House Bill No. 465**. My approval of Senate Substitute for Senate Bill No. 306 on July 5, 2011, will result in the enactment of all of the substantive components of **House Committee Substitute for House Bill No. 465**.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 465** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon  
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 484**, entitled:

"AN ACT"

To amend chapter 226, RSMo, by adding thereto one new section relating to the Missouri state transit assistance program.

I disapprove of **House Bill No. 484**. My reasons for disapproval are as follows:

**House Bill No. 484** is entirely contained in Conference Committee Substitute for House Committee Substitute for Senate Bill No. 173 which I approved on July 7, 2011. As a result, the provision contained in **House Bill No. 484** will become law without the necessity of approving this duplicative legislation.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 484** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon  
Governor

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1008**, entitled:

"AN ACT"

To amend chapter 226, RSMo, by adding thereto one new section relating to highway infrastructure improvement agreements.

I disapprove of **Senate Committee Substitute for House Bill No. 1008**. My reasons for disapproval are as follows:

**Senate Committee Substitute for House Bill No. 1008** authorizes the State Highways and Transportation Commission to enter into agreements with third parties to finance state road and bridge construction projects. While not the stated purpose of this provision, this could allow a private entity to finance all or a part of such project, and in the agreement set forth that it be constituted as a toll road with tolls to be used to repay such private entity. At this juncture, without a full and fair public debate on this issue, the statutory authorization of toll roads would be inappropriate.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1008** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon  
Governor
